Independent Auditors' Report

Board of Trustees and Plan Administrator
Radiology Ltd., P.L.C. 401(k) Profit Sharing Plan
Tucson, Arizona

Report on the Financial Statements

We have audited the accompanying financial statements of Radiology Ltd., P.L.C. 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Radiology Ltd., P.L.C. 401(k) Profit Sharing Plan as of December 31, 2018 and 2017, and the changes in its net assets available for benefits for the year ended December 31, 2018 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes at end of year, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

RADIOLOGY LTD., P.L.C. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2018

1. Description of plan:

The following description of the Radiology, Ltd., P.L.C. (Sponsor) 401(k) Profit Sharing Plan (Plan), formerly the Radiology, Ltd., P.L.C. Money Purchase Pension Plan (MPPP), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Sponsor established a money purchase plan on January 1, 1983, which was amended and frozen in 2011. The Sponsor then entered into a new adoption agreement that converted the money purchase plan to a profit sharing and 401k plan with safe harbor provisions effective March 16, 2011.

General:

The Plan is a defined contribution retirement plan covering all employees of the Sponsor (except leased employees or certain excluded nonassociate physicians) who meet the eligibility conditions, which include completing one year of service and being at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant contributions:

Under the 401(k) provisions of the Plan, all eligible employees of the Sponsor who have entered the Plan may elect to defer a portion of their pretax compensation up to current statutory limits determined annually and prescribed by the Internal Revenue Service. Eligible employees are also able to designate their salary deferrals as Roth deferrals.

Employer contributions:

Under the 401(k) provisions of the plan, the Sponsor is required to contribute and allocate to each participant's account a matching contribution equal to 100% of the participant's elective deferral up to 3% of the participant's compensation. The Sponsor also makes a safe harbor contribution equal to 3% of the participant's compensation. In addition, the Sponsor is permitted to make discretionary contributions. Discretionary contributions, when made, are allocated to every eligible employee who was actively participating in the Plan at any time during the plan year. Total discretionary contributions for 2018 were \$1,104,522.

Participants' accounts:

Each participant's account is credited with their salary deferral, employer contributions and Plan earnings, and charged with an allocation of investment related expenses. Allocations are based on participant earnings or account balances, as defined. The participant is entitled to the vested portion of their account.

RADIOLOGY LTD., P.L.C. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2018

1. Description of plan (continued):

Vesting:

Participants are immediately vested in their elective deferral contributions, employer safe harbor contributions and any rollover contributions made to the Plan, plus earnings thereon. Vesting of other employer contributions and earnings thereon is at 20% intervals per year beginning with the completion of the participant's second year of service. Participants are fully vested after six years of service or upon attaining the Plan's normal retirement age of 62. The Plan defines a year of service for vesting purposes to be a calendar year with at least 1,000 hours of service. Upon the death or disability of a participant, their account balance shall become fully vested.

Payment of benefits:

Effective January 1, 2018, the Plan was amended to modify the plan provisions related to benefit payments. A participant whose vested account balance is less than \$50,000 may elect to receive one of the following: (a) 90% of their vested balance anytime prior to the completion of the valuation of the Plan's accounts for the year of their termination, with the remaining vested balance distributed when the valuation is complete or (b) 100% of their vested balance if the valuation is complete. A participant whose vested account balance exceeds \$50,000 may elect to receive one of the following: (a) 80% of their vested balance in the first January following the date they become eligible for a distribution, with the remaining vested balance distributed when the valuation is complete or (b) 70% of their vested balance anytime following the date they become eligible for a distribution, with an additional 10% distributed in the first January following and the remaining balance distributed when the valuation is complete.

Previously, the Plan required that upon separation of service due to death, disability, retirement or other reasons, a participant whose vested account balance was less than \$50,000 could take a lump sum distribution as soon as administratively practicable of their vested balance as valued on the last day of the immediately preceding Plan year if known, and if not known, on the last day of the second preceding Plan year. A participant whose vested account balance exceeded \$50,000 could elect to receive one of the following: 80% of their vested balance on or near the first January following the date they became eligible for a distribution, or 70% of their vested balance anytime following the date they became eligible for a distribution. This partial distribution was based on the participant's vested account balance as valued on the last day of the immediately preceding Plan year if known, and if not known, on the last day of the second preceding Plan year. The remaining vested balance of the participant's account was distributed as soon as administratively practicable following a valuation of the Plan's accounts under either method.

Distributions are required to be initiated upon a separated participant's attainment of 62 years of age, or in the year of separation if 62 or older.

Participants who are at least 59½ may take an in-service distribution not exceeding 70% of their vested account balance during the Plan year. For all MPPP balances, the participant must be at least 62 to receive an in-service distribution.

RADIOLOGY LTD., P.L.C. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2018

1. Description of plan (continued):

Payment of benefits (continued):

All distributions of any amount require the participant's consent, unless the distribution is required under the Plan.

Participants who had an account balance under the MPPP may elect to receive that balance through a qualified annuity. The participant may waive this election and receive their distribution as prescribed in the preceding paragraphs.

Forfeitures:

Forfeitures of terminated participants' nonvested accounts are treated as a reduction to the employer's contribution. At December 31, 2018 and 2017, terminated employees' nonvested accounts totaled \$58,617 and \$102,871. Employer contributions were reduced by forfeited nonvested accounts in the amount of \$61,597 in 2018.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net depreciation in fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits paid to participants are recorded when paid or are payable.

RADIOLOGY LTD., P.L.C. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2018

2. Summary of significant accounting policies (continued):

Expenses:

Certain expenses of maintaining the plan are paid by the plan unless otherwise paid for by the Sponsor. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events:

The Plan's management has evaluated the events that have occurred subsequent to December 31, 2018 through October 14, 2019, the date that the financial statements were available to be issued. Management has no responsibility to update these financial statements for events and circumstances occurring after this date.

3. Federal income tax status:

The Sponsor has adopted a volume submitter plan as published by Charles W. Whetstine PC, who obtained its latest advisory letter on March 31, 2014, in which the Internal Revenue Services stated that the Plan, as then designed, was in compliance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory letter, the Plan administrator and the Sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;

RADIOLOGY LTD., P.L.C. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2018

4. Fair value measurements (continued):

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Transfers between levels are recorded at the beginning of the reporting period in which they occur. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2018, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Interest-bearing cash	\$ 2,940,027	\$ 2,940,027	\$ -	\$ -

4. Fair value measurements (continued):

The assets in the preceding tables were measured primarily using the market approach. Following is a description of the valuation methodologies used for assets measured at fair value.

Interest-bearing cash consists of highly liquid instruments that generate interest income. The carrying value of the interest-bearing cash is its fair value.

Corporate notes and bonds, mutual funds, exchange traded funds and U.S. government securities are all valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investments:

All of the Plan's assets are nonparticipant directed. The Plan has a fiduciary contract with one investment manager as defined under ERISA to manage its portfolios in accordance with the Plan's Investment Policy Statement. The Plan's trustees meet quarterly to review the performance of the Plan's investments.

6. Reconciliation of financial statements to Form 5500:

The following is a reconciliation of net depreciation in fair value of investments per the financial statements at December 31, 2008 to Form 5500:

Net depreciation in fair value of investments	\$ (5,445,349)
Rounding	<u>(1)</u>
Net investment loss per 5500	<u>\$ (5,445,350)</u>

7. Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Related party and party in interest transactions:

Plan investments are managed by the Trustees and Cove Street Capital and held by Merrill Lynch, the custodian for the plan. Gordian Advisors provides the trustees investment advice to facilitate this process. The Plan and the Sponsor paid certain expenses to Gordian Advisors, Cove Street Capital, Merrill Lynch and other service providers during 2018 related to plan administration and investment activity. These transactions qualify as exempt party-in-interest transactions under ERISA.

Expenses that are paid directly by the Sponsor are excluded from these financial statements. Employees of the Sponsor perform certain accounting and administrative functions for the Plan, however, no employee receives compensation from the Plan.

9. Risks and uncertainties:

The Plan invests in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rate. In addition, the Plan invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At times, certain investments held by the plan may constitute a concentration in accordance with accounting standards. At December 31, 2018, two investments represented 51% of total investments.
