NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Illinois Dermatology Institute, LLC (Company) 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full-time employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

An employee of the Company who has attained the age of twenty-one (21) and has completed one year of employment is eligible to participate in the Plan. Initial enrollment is available on January 1 or June 1 after reaching eligibility. To participate in the employer matching and profit sharing portion of the Plan an employee must complete one year of service.

Contributions

Participant's voluntary salary reductions

Participants may elect to contribute up to 100% of compensation, subject to limitations, as determined by the Administrator, which will not cause the Plan to violate certain non-discrimination tests required by the Internal Revenue Service (IRS). Elective deferrals can be made in whole percentages of compensation or specific dollar amounts. Each participant's contribution may not exceed the federal maximum amount pursuant to Section 402(g)(5) of the Internal Revenue Code (IRC). Additional catch-up contributions can be made beginning in the Plan year in which the participant will be at least age fifty (50) by the end of the Plan year.

Non-elective contributions

Safe Harbor non-elective contributions. The Safe Harbor contribution is a nonelective contribution equal to 3% of eligible compensation for all eligible participants. For purposes of the Safe Harbor non-elective contributions, "eligible participant" means all non-highly compensated employees who are eligible participants. In 2018, total Safe Harbor non-elective contributions totaled $152,864.

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Contributions, Continued

Non-elective contributions, continued

Non-elective profit sharing contributions. The Company, at its discretion, can make a non-elective profit sharing contribution. The discretionary contribution will be allocated as a uniform percentage of eligible compensation based on certain allocation groups. The Company may make a different discretionary contribution for each allocation group. In determining the allocation for a particular allocation group, only eligible participants in such allocation group are taken into account. An employee must be credited with at least 1,000 hours of service during the Plan year to become eligible to receive a contribution. Contributions are subject to the vesting schedule. Each participant is in their own allocation group. In 2018, total non-elective profit sharing contributions totaled $645,512.

Employer matching contributions. The Company, at its discretion, can make a matching contribution. The discretionary contribution will be based on employee salary deferrals. An employee must be credited with at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to become eligible to receive a matching contribution. Contributions are subject to the vesting schedule. There were no employer matching contributions in 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions, as well as allocations of the Company's non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Safe Harbor non-elective contributions plus actual earnings thereon. Vesting in the Company's non-elective profit sharing contributions and employer matching contributions portion of their account is based on years of continuous service. A participant is 100% vested after six years of credited service, at a rate of 20% per year after 2 years of service.

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive either a lump sum amount or installments equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled $19,110 and $6,920, respectively. These accounts will be used to reduce future employer contributions. In 2018, no forfeited nonvested accounts were used to reduce employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Investment Valuation and Income Recognition, Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant does not make loan repayments and the Plan Administrator considers the Participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Going Concern Evaluation

In accordance with accounting principles generally accepted in the United States of America, management performed an evaluation to determine if adverse conditions or events, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for the one-year period from the date the financial statements are available to be issued. Management's assessment did not identify any conditions or events raising substantial doubt about the Plan's ability to continue as a going concern for the period from October 15, 2019 to October 15, 2020.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2019, the date that the financial statements were available for issue.

NOTE 3 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Ascensus Trust Company, the custodian of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 — Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS, CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Cash equivalents: Based on value of cash in the Plan at year end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Primarily consists of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Mutual funds	$ 10,815,536	-	-	10,815,536
Total assets at fair value	$ 10,815,536	-	-	10,815,536

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Cash equivalents	$ 41,190	-	-	41,190
Mutual funds	9,923,703	-	-	9,923,703
Self-directed brokerage accounts	707,744	-	-	707,744
Total assets at fair value	$ 10,672,637	-	-	10,672,637

NOTE 4 - FAIR VALUE MEASUREMENTS, CONTINUED

For the years ended December 31, 2018 and 2017, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 5 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Ascensus Trust Company (ATC) is the custodian of the Plan and, therefore, transactions with ATC qualify as party-in-interest transactions. Fees paid by the Plan to ATC for recordkeeping and transactions services amounted to $2,025 for the year ended December 31, 2018.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the employer contributions allocated to their account.

NOTE 7 - TAX STATUS OF PLAN

The Plan adopted a standardized form of a volume submitter profit sharing plan. The volume submitter plan has received an opinion letter from the IRS as to the volume submitter plan's qualified status. The volume submitter opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator has no reason to believe Form 5500 is subject to examinations for years prior to 2015.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - PROHIBTED TRANSACTIONS

As reported on Form 5500, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company during the 2018 Plan year. Late remittances amounted to $13,274 for the year ended December 31, 2018. Management intends to take the appropriate actions in order for the Company to restore all lost earnings to Plan participants.
