1. DESCRIPTION OF PLAN

CPI Packaging, Inc. ("the Company") 401(k) Plan ("the Plan") covers eligible employees of CPI Packaging, Inc. The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering substantially all employees of the Company who have attained age 21 and have completed three months of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make a pre-tax contribution of their eligible annual compensation for each Plan year subject to Internal Revenue Code limitations. Participants direct the investment of their contributions and the Company's contribution into various investment options. Effective January 1, 2008, the Plan was amended to a safe harbor plan whereby the Plan Sponsor matches contributions of 100% for the first 4% of employee compensation for all participating employees, not to exceed the employees' deferred contribution. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Company safe harbor contributions for the years ended December 31, 2018 totaled \$35,125. Profit sharing contributions may be made at the discretion of the Company's management. The profit sharing contribution is allocated to all participants who are employed at the last day of the year, based on the percentage of their individual salary compared to the salary of all participants. No profit sharing contributions were made for 2018.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, and (b) Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings and losses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee elective deferral contributions and the employer safe harbor matching contributions are fully (100%) vested and non-forfeitable at all times. Vesting on the profit sharing contributions is based on years of continuous service. The participant is 100% vested after six years of credited service.

Forfeitures

In the event a Plan participant's employment with the Company is terminated, the non-vested portion of the participant's account shall be placed in a separate account and will become a forfeiture upon the date of termination. At December 31, 2018 and 2017 there were \$0 and \$0, respectively, forfeiture nonvested accounts available to reduce employer matching contributions. Forfeitures can be used to reduce future employer matching or profit sharing contributions.

Investment Options

The Plan's asset are invested in John Hancock Retirement Plan Services. John Hancock offers participants over 50 investment options of varying risk including target date funds and a stable value option.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump sum equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump sum or roll it over into a qualified plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines valuation policies utilizing information provided by the investment advisors, custodians, and other professionals. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All Plan expenses, including without limitation, expenses and fees, shall be paid from the Plan, if, and to the extent, the Company does not pay such expenses, fees and charges.

Subsequent Events Evaluation Date

In accordance with FASB ASC 855-10-50, "Subsequent Events," the Plan has evaluated subsequent events and transactions through October 15, 2019.

3. CERTIFIED INVESTMENTS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.
- Net depreciation in fair value of investments reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Investments reflected on the schedule of assets (held at end of year).

During the year ended December 31, 2018, the Plan's investments (including investments bought, sold, as well as held during the years) depreciated in fair value by \$104,441.

**CPI Packaging, Inc. 401(k) Plan
Notes to the Financial Statements**

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 (ASC 820), "Fair Value Measurements and Disclosures," establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1

Level 1 assets and liabilities are those that input to the valuation methodology unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Level 2 asset and liability fair values are based on observable inputs that include: quoted market prices for similar assets or liabilities; quoted market prices that are not in an active market; or other inputs that are observable in the market and can be corroborated by observable market data for substantially the full term of the assets and liabilities.

Level 3

Level 3 assets and liabilities are financial instruments whose value is calculated by the use of pricing models and/or discounted cash methodologies, as well as financial instruments for which the determination of fair value requires significant management judgment or estimation. These methodologies may result in a significant portion of the fair value being derived from unobservable data.

Pooled Separate Accounts

Valued at the net asset value ("NAV") as determined by the asset custodian based on the value of the underlying investments.

Stable Value Fund

The Plan has an investment in the John Hancock Stable Value Fund. The Fund is one investment option that the participants may choose. The Fund is invested primarily in diversified fixed income funds and separately managed bond accounts run by sub-managers selected by John Hancock. The account is designed to provide a stable asset value. Withdrawals from the Fund may be subject to certain restrictions and may be subject to certain restrictions and may be subject to a market value adjustment. The Plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is not probable. At December 31, 2018 and 2017, there was no significant difference between the contract value of the Fund and fair market value.

The Stable Value Fund is included in the statements of net assets available for benefits at fair value as determined using the market approach based on market prices of the underlying investments.

The approximate return on the Stable Value Fund was 1.4% and 1.2% for the years ended December 31, 2018 and 2017, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed periodically for resetting.

4. FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

⁽¹⁾ In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

⁽²⁾ In accordance with Subtopic 820-10, this investment recorded at contract value has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2018 and 2017:

Transfers Between Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2018 and 2017, there were no significant transfers in or out of levels 1, 2, or 3.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments at December 31, 2018 and 2017 shares of mutual funds held by John Hancock Life Insurance Company, the custodian as defined by the Plan. Therefore, these transactions are considered to be party-in-interest transactions. No related party transactions or party-in-interest transactions have occurred that are prohibited by ERISA regulations. Northeast Professional Planning Group, also a party-in-interest, provides third-party administrative services.

During 2018, the Plan sponsor failed to remit certain participant contributions into the Plan, in the amount of \$3,903, within the period prescribed by the U.S. Department of Labor regulations. Management will make the full correction, including lost earnings, in October 2019.

During 2017, the Plan sponsor failed to remit certain participant contributions into the Plan, in the amount of \$10,818, within the period prescribed by the U.S. Department of Labor regulations. Management will make the full correction, including lost earnings, in October 2019.

During 2016, the Plan sponsor failed to remit certain participant contributions into the Plan, in the amount of \$22,118, within the period prescribed by the U.S. Department of Labor regulations. Management will make the full correction, including lost earnings, in October 2019.

6. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions. In August 2019, as described in Note 9, the Plan ceased operations and merged into the Sealed Air Corporation 401(k) and Profit Sharing Plan, the Plan of the Company's parent.

Notes to the Financial Statements

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. TAX STATUS

The volume submitter plan sponsor has obtained an opinion letter dated September 30, 2014, in which the Internal Revenue Service stated that the Volume Submitter Profit Sharing Plan with CODA (Cash or Deferred Arrangement) plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently being operated in accordance with the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the Plan is no longer subject to income tax examinations for years prior to 2015.

9. SUBSEQUENT EVENTS - PLAN MERGER

On August 16, 2019 the plan was merged into the Sealed Air Corporation 401(k) and Profit Sharing Plan, the Plan of sponsors parent company, and all assets and participant balances were transferred at that time. December 31, 2018 shall be the Entry Date for all Eligible Employees who were employees of CPI Packaging, Inc. prior to the merger and who have met the age and service requirements of the merged-in plan.
