INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Skyline Products, Inc. 401(k) Profit Sharing Plan and Trust

We were engaged to audit the accompanying financial statements of Skyline Products, Inc. 401(k) Profit Sharing Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Reliance Trust Company, a custodian who holds certain investments of the Plan for the period January 1, 2017 to March 2, 2018, Mid Atlantic Trust Company, the trustee of the Plan and custodian for certain investments for the period December 18, 2017 to December 31, 2018 and The Standard Insurance Company, a custodian who holds certain other investments of the Plan for the period January 1, 2017 to December 31, 2018, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodians and the trustee hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians and the trustee as of and for the years ended December 31, 2018 and 2017 that the information provided to the plan administrator by the custodians and the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplemental Information

The supplemental schedule of Assets Held at End of Year as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians and the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of the Skyline Products, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General — The Plan is a defined contribution plan covering eligible employees of Skyline Products, Inc. (the Company) who are not non-resident aliens or collective bargaining employees. Beginning December 18, 2017, employees are eligible to participate in the Plan and receive employer contributions after they have completed three months of service and reached the age of 18 years. Prior to December 18, 2017 employees were eligible to participate in the Plan after three months of service and were eligible to receive employer contributions after they had completed three months of service and reached the age of 18 years. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions — The Plan permits eligible employees, through a salary deferral election, to make annual pre-tax or Roth contributions of up to 92% of eligible compensation. Employee rollover contributions are also permitted. The Plan provides for an automatic enrollment to have elective deferral contributions on the first day of the month after three months of service. The automatic elective deferral contribution is 3% of the employee's compensation. The participant may affirmatively elect a different percentage or elect not to make deferral contributions. The amounts contributed may not exceed the limit established in the Code.

Beginning December 18, 2017 the Company makes matching contributions equal to 50% of each participants' first 6% of elective deferrals up to $2,000 per participant. The Company may also make discretionary profit sharing contributions to the Plan. A participant must be employed on the last day of the Plan year to be eligible for profit sharing contributions. Prior to December 18, 2017 the Company made discretionary matching contributions up to $2,000 per participant.

Participant Accounts — Each participant's account is credited with an allocation of the Company's contributions, the participant's contributions and the Plan's earnings (losses) and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting — Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after five years of continuous service. The non-vested balance is forfeited upon termination of service.

Forfeitures — Forfeitures can be used to pay administrative expenses or to reduce Company contributions. As of December 31, 2018 and 2017, there were no forfeited, non-vested

accounts. During 2018 and 2017, $0 and $6,032, respectively, from forfeited non-vested accounts was used to pay administrative expenses. During 2018 and 2017 employer contributions were reduced by $0 and $15,977, respectively, from forfeited non-vested accounts.

Payment of Benefits — Upon termination of service, an employee's vested account balance of $5,000 or less will be distributed in a lump-sum amount. Upon termination of service, an employee with a vested account balance greater than $5,000 may elect to receive a lump-sum payment equal to his or her account balance, roll over the vested account balance to an account of his or her choice, or maintain the vested balance in the Plan and continue to share in investment gains and losses. A participant may also elect to receive an account distribution if the participant has attained the age of 59½. Effective April 1, 2017 the Plan was amended to allow participants to receive a distribution if they incurred a hardship in accordance with the Plan provisions.

Plan Termination — Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. See note 6 regarding the partial plan termination which occurred in January 2017.

Administrative Expenses — Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates — Preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition — Investments are reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The plan administrator determines the Plan's valuation policies using information provided by the asset custodians and trustee. See Note 3 for information on the fair value measurements.

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The

Plan's investment in the Stable Asset A Fund at December 31, 2017 represents a fully benefit-responsive investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Tax Status — The Plan is a prototype plan of Paychex, Inc. effective December 18, 2017. Prior to that date the Plan was a prototype plan of Standard Retirement Services, Inc. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has concluded that as of December 31, 2018, the Plan has no material uncertain tax positions.

Benefit Payments — Benefits are recorded when paid.

Reclassifications — Certain reclassifications have been made to prior year amounts to conform to the current year presentation.

Subsequent Events — The Company has evaluated subsequent events for recognition or disclosure through the date of the Independent Auditors' Report, which is the date the financial statements were available for issuance.

3. INVESTMENTS

Stable Asset A Fund — As discussed in Note 2, because the Stable Asset A Fund is fully benefit-responsive, contract value is the relevant measurement attribute for this investment contract. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves for credit risk of the contract issuer or otherwise. Crediting rates are established quarterly based on interest rate forecasts and required margins. The Fund's net asset value increases with the daily equivalent of the crediting rate.

Certain events may limit the ability of the plan to transact at contract value with the custodian. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The custodian may terminate the contract with 30 days advance notice for reasonable cause, including the Plan's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least $25,000, plan disqualification, and failure to adopt the plan in a reasonable period of time.

Fair Value Measurements — Generally accepted accounting principles require the Plan to use a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2: Valuations determined using significant other observable inputs. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Valuations determined using significant unobservable inputs.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the price of shares held by the Plan at year-end. The share prices are quoted in active markets.

Common Collective Trusts and Collective Investment Trusts: Valued at the net asset value of shares held by the Plan at year-end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the reported net asset value. There are no significant restrictions on the ability of participants to redeem the common collective trusts and collective investment trusts balances. The Plan has no unfunded commitments related to these investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments for which fair value is measured using the net asset value per share practical expedient are not categorized within the fair value hierarchy. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value
2018:				
Mutual funds	$ 833,204			$ 833,204
Total investments in the fair value hierarchy	$ 833,204	$ —	$ —	833,204
Collective investment trusts measured at net asset value				2,906,848
Total investments at fair value				$ 3,740,052
2017:				
Mutual funds	$ 984,810			$ 984,810
Total investments in the fair value hierarchy	$ 984,810	$ —	$ —	984,810
Common collective trusts measured at net asset value				3,086,791
Total investments at fair value				$ 4,071,601

4. PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds of Standard Insurance Company, a Plan custodian, and therefore, these transactions qualify as party-in-interest transactions.

5. INFORMATION CERTIFIED BY THE CUSTODIANS AND THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by Reliance Trust Company, a custodian who holds certain investments of the Plan for the period from January 1, 2017 to March 2, 2018, Mid Atlantic Trust Company, the trustee of the Plan and custodian for certain investments for the period December 18, 2017 to December 31, 2018, and The Standard Insurance Company, a custodian who holds certain other investments of the Plan for the period January 1, 2017 to December 31, 2018, and furnished to the plan administrator. In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has obtained certifications from the custodians and the trustee that such information is complete and accurate.

- Investment income (loss)
  - Net appreciation (depreciation) in fair value of investments
  - Interest income

- Supplemental schedule of assets held at end of year

6. PARTIAL PLAN TERMINATION

As a result of a reduction of the Company's workforce in January 2017, the Plan experienced a partial plan termination as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Company. If a partial plan termination occurs, full vesting is required for the terminated participants, but the remaining participants' vesting continues to be determined according to the Plan provisions.

All terminated employees who were participants in the Plan were fully vested in their account balances on the date of the partial plan termination.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
