AMERICAN CEMENT COMPANY, LLC 401(k) & PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

The following description of the American Cement Company, LLC (the Company) 401(k) & Profit-Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, originally effective January 1, 2008 and restated as of April 1, 2015 is a defined contribution plan covering all employees other than leased employees of the Company over the age of 18. There is no minimum service requirement to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger

During 2018, American Cement Company, LLC was acquired by CRH, Inc. and merged with another Florida cement company to create Suwanee American Cement Company. As a result, the Plan merged with the CRH Americas 401(k) Plan and the accounts of participants with net assets totaling \$4,334,208, including participant loans of \$125,028, were transferred to the CRH Americas 401(k) Plan on December 31, 2018. Unless otherwise specified, all descriptions of the Plan included herein are the provisions in effect prior to the merger.

Contributions

Employees participating in the Plan may elect to contribute pre-tax and after-tax Roth deferrals from 1% to 90% of eligible compensation, as defined, up to the maximum of \$18,500 allowed under the Internal Revenue Service limitation for calendar year 2018. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$6,000 to the Plan in 2018. Participants may also contribute amounts representing distributions from other qualified retirement plans or individual retirement accounts.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the plan at a deferral rate of 6% of eligible compensation, as defined, unless they make a contrary election. Contributions are invested in a designated balanced fund until changed by the participant.

The Plan allows for the Company to make a discretionary matching contribution based on a fixed percentage of the participant's elective deferrals. The Plan also allows for the Company to make a discretionary non-elective profit sharing contribution in an amount determined solely by the Company. A participant must be employed as of the last day of the Plan year in order to be eligible to share in the Company's discretionary matching and profit sharing contributions. During the Plan year ended December 31, 2018, the Company matched 67% of the participant's elective deferral up to the maximum match of 6% of a participant's eligible compensation, totaling \$217,708. The Company also made a discretionary non-elective profit sharing contribution for the year ended December 31, 2018 equal to 6% of a participant's eligible compensation, totaling \$413,118 net of forfeitures applied.

AMERICAN CEMENT COMPANY, LLC 401(k) & PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Participant's accounts are completely self-directed. Each participant's account is credited with the participant's contributions, the Company's matching and profit sharing contributions and allocations of the Plan's earnings and charged with benefit payments and an allocation of the Plan's losses and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their accounts into various options offered by the Plan. Participants may change their investments periodically, as permitted by the Plan sponsor.

Vesting

Participants are vested immediately in their contributions plus actual earning thereon. A participant's vested balance in the Company's non-elective profit sharing and matching contributions accrue at a rate of 20% per year beginning with the participant's first year of service with full vesting accruing after five years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500, up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The \$50,000 maximum loan amount is reduced by the excess of the participants highest loan balance during the past 12 months minus the loan balance on the date a new loan is made. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the current prime as published in The Wall Street Journal on the 14th of each month plus 2%. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of employment, retirement, disability, or death, if the participant's vested account balance does not exceed \$5,000, the participant may elect to receive the vested account balance in a single lump-sum payment. If the vested account balance is more than \$1,000 and the participant does not make an election, the Plan automatically will roll over the distribution to an IRA. If the vested balance exceeds \$5,000, the participant may elect to receive a distribution in a single lump-sum payment or in a series of installments over time. Hardship withdrawals may be requested from employee deferrals and Company non-elective profit sharing and matching contributions, and are paid in one lump-sum upon approval. In-service distributions from a participant's vested account balance may be made provided the participant has reached the age of 59½. Participants that reach the age of 70½ are required to take a minimum distribution from their account.

Forfeited Accounts

Any non-vested amounts of Company non-elective profit sharing and matching contributions that remain after the distribution of a terminated participant's vested account balance, or on the date that a participant incurs a 5-year period of severance or break-in-service are forfeited. Forfeitures may be used to reduce the Company's non-elective and matching contributions, or to pay administrative expenses of the Plan. The balance of the forfeiture account was \$22,051, at December 31, 2017. During 2018, forfeitures of \$30,501 were used to reduce the Company's matching contributions. The forfeiture balance that was transferred to CRH Americas 401(k) Plan on December 31, 2018 was \$60,264.

AMERICAN CEMENT COMPANY, LLC 401(k) & PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Third Party Administrator and Trustee

The employer has appointed ADP as third party administrator for the Plan (the TPA) and Reliance Trust Company as the trustee for the Plan (the trustee). Under the agreement, the TPA keeps all financial records for the Plan and the Trustee holds all amounts contributed to the Plan and upon direction, makes benefit payments and distributions to participants and beneficiaries.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest with no allowance for credit losses, as repayments of principal and interest are received primarily through payroll deduction and the notes are collateralized by the participant's account balances. Delinquent notes receivable from participants are recorded as distributions based on terms of the Plan document.

Excess Contributions Payable

The Plan is required to pass annual compliance tests. For those plans that do not pass the tests, options for corrections are available. For Actual Deferral Percentage (ADP) and Actual Contribution Percentage (ACP) purposes, the Plan has two options for correction of testing failures: return excess contributions to highly compensated employees, or make a qualified non-elective contribution to the non-highly compensated employees. At December 31, 2017, the Plan did not pass the ADP test and chose to return excess contributions to the highly compensated employees as the correction method.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Company has elected to pay certain administrative expenses of the Plan. Expenses paid by the Company are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

AMERICAN CEMENT COMPANY, LLC 401(k) & PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued. No material events have occurred since December 31, 2018, that require recognition or disclosure in the financial statements.

Note 3 - Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the auditor not to perform any auditing procedures with respect to the information certified Reliance Trust Company, the trustee, except for comparing such information to the related information included in the financial statements. Certain information related to investments disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2018 and 2017, interest and dividend income and net depreciation in fair value of investments for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

Note 4 - Fair Value Measurements

The Plan measures and reports its financial assets and liabilities using a three-tier hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

AMERICAN CEMENT COMPANY, LLC 401(k) & PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2018 and 2017.

Mutual Funds: Valued as determined by quoted market price, which represents the net asset value of shares held by the Plan at year-end. The mutual funds held by the Plan were deemed to be actively traded.

Common Collective Trust Funds: Valued at the Net Asset Value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	<u>Fair Value Measurements at Reporting Date Using</u>			
<u>December 31, 2017</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual Funds	\$ 3,567,952	\$ 3,567,952	\$ -	\$ -
Total Investments				
Measured at Fair Value	3,567,952	3,567,952	-	-
Common Collective				
Trust Funds	720,979*			
Total Investments	<u>\$ 4,288,931</u>			

** Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been included in the fair value hierarchy. The net asset values presented in this table are intended to reconcile the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.*

AMERICAN CEMENT COMPANY, LLC 401(k) & PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

The following table for December 31, 2017, sets forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

<u>December 31, 2017</u>	<u>Common Collective Trust</u>			
	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
State Street S&P 500 Index - Class IX	\$ 523,269	\$ -	Daily	12 Months
State Street Cash Series U.S. Govt. - Class L	<u>197,710</u>	-	Daily	12 Months
	<u>\$ 720,979</u>			

Note 5 - Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants become 100% vested in their account balances.

As further described in Note 1, the Plan merged into the CRH Americas 401(k) Plan and all of the Plan's assets transferred to the CRH Americas 401(k) Plan effective December 31, 2018.

Note 6 - Exempt Transactions with Party-In-Interest

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Plan investments also include notes receivable from participants, which qualify as exempt party-in-interest transactions.

Note 7 - Tax Status

The prototype Plan sponsor has obtained an opinion letter dated July 8, 2014, in which the IRS stated that the prototype Plan document was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

AMERICAN CEMENT COMPANY, LLC 401(k) & PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Note 8 - Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near-term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9 - Reconciliation of Financial Statements to Form 5500
