Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Bank of America, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1. Plan Description

The following description of the F. Schumacher & Co. 401(k) Plan for Salaried Employees (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all salaried employees (except union member employees and leased employees) of F. Schumacher & Co. (the Company) who have completed three months of service. The Plan is administered by the Executive Retirement Committee of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective June 1, 2019, the service requirement was amended to one hour of service.

At December 31, 2018 and 2017, the Plan's assets are in the custody of Bank of America, N.A. (Trustee).

Contributions: Each year, participants may contribute pretax annual compensation, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified benefit plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and common collective trust funds as investment options for participants. Effective January 1, 2009, the Company amended the Plan to eliminate its matching contribution requirement.

A participant's maximum annual pre-tax contribution was limited to the Internal Revenue Service (IRS) cap of $18,500 in 2018 and $18,000 in 2017, for participants under the age of 50, and $24,500 in 2018 and $24,000 in 2017, for participants age 50 and over.

Participant accounts: Each participant's account is credited with the participant's contribution, Plan earnings, and certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their own contributions plus actual earnings thereon. A participant is 100% vested in any employer contributions after three years of credited service.

Notes receivable from participants: Participants may borrow from their participant account up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 9.00%. Principal and interest are paid through monthly payroll deductions. Loans must be repaid within five years, unless the loan is taken for the purchase of a primary residence.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants continuing employment subsequent to obtaining the age of 70½ may elect to receive installment payments over their remaining life expectancy.

Forfeitures: For the years ended December 31, 2018 and 2017, the forfeited nonvested account totaled $49,778 and $88,478, respectively. During the year ended December 31, 2018, $43,000 was used from this account to reduce plan administrative expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation in the fair value of investments are recognized in the financial statements in the periods in which such changes occur and includes gains and losses on investments bought and sold during the year as well as held during the year.

Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with these investments, it is reasonable that changes in the values of investment securities could occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable, if any, are recorded as a distribution based upon the terms of the Plan agreement.

Other income: The Trustee may receive revenue sharing payments from the mutual funds in which the Plan's assets are invested. The administrative services agreement between the Plan and the Trustee provides that to the extent that revenues sharing payments received by the Trustee exceeded administrative fees charged to the Plan by the Trustee, the excess will be credited to the Plan's forfeiture account and included in other income statement of changes in net assets available for benefits.

Benefit payments: Benefits are recorded when paid.

Administrative costs: Administrative costs of the Plan are paid by the Plan or the Company.

Recently adopted accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*, which changes the fair value measurement disclosure requirements of Accounting Standards Codification (ASC) 820. The key provisions include new, eliminated and modified disclosure requirements. The new guidance is effective for fiscal years beginning after December 15, 2019, including interim periods therein. Early application is permitted. The Plan elected to early adopt this new ASU for the year ended December 31, 2018, and the impact is reflected in Note 4 of the financial statements.

Subsequent events: The Plan's management has evaluated subsequent events for potential recognition and/or disclosure through October 15, 2019, the date the financial statements were available to be issued.

Note 3. Investment Information Certified by Bank of America, N.A. (Trustee)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified as being complete and accurate, the investments held by them and notes receivable from participants on the statements of net assets available for benefits, the investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits, and the investment information included in the supplemental schedule of the financial statements as of and for the years ended December 31, 2018 and 2017.

Investments as certified by the Trustee as of December 31, 2018 and 2017, are summarized below:

	2018	2017
Cash	$ 6,952	$ -
Investments, at fair value:		
Mutual funds	$ 11,285,222	$ 12,771,263
Common collective trust funds	2,989,457	3,678,019
	14,274,679	16,449,282
Notes receivable from participants	$ 84,683	$ 91,805

The Trustee has also certified to the completeness and accuracy of $912,977 of net depreciation in fair value of investments, $318,766 of interest and dividends, $14,415 of other income and $2,489 of interest income on notes receivable from participants for the year ended December 31, 2018.

Note 4. Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan based upon unadjusted quoted market prices.

Common collective trust funds: Valued at NAV based upon units held by the Plan. The NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
Description	Total	Level 1	Level 2	Level 3
Cash	$ 6,952	$ 6,952	$ -	$ -
Mutual funds	11,285,222	11,285,222	-	-
Total	11,292,174	$ 11,292,174	$ -	$ -
Common collective trust funds measured at NAV (a)	2,989,457			
Total	$ 14,281,631			

	Assets at Fair Value as of December 31, 2017			
Description	Total	Level 1	Level 2	Level 3
Mutual funds	$ 12,771,263	$ 12,771,263	$ -	$ -
Total	12,771,263	$ 12,771,263	$ -	$ -
Common collective trust funds measured at NAV (a)	3,678,019			
Total	$ 16,449,282			

(a) Investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of plan assets presented above.

Note 4. Fair Value Measurements (Continued)

The following table sets forth disclosure of the Plan's investments whose fair value is estimated using NAV per share as of December 31, 2018 and 2017:

Investment	Fair Value December 31 2018	Fair Value December 31 2017	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Wells Fargo Stable Return Fund (a)	$ -	$ 3,675,948	None	Daily	None
Morley Stable Value Fund 25 (b)	2,989,457	2,071	None	Daily	None

(a) The investment in the Wells Fargo Stable Return Fund, a common collective trust, seeks safety of principal and consistency of returns while attempting to maintain minimal volatility. The Fund is primarily comprised of investment contracts including Guaranteed Investment Contracts (GICs), Separate Account GICs, and Security Backed Investment Contracts. GICs are backed by the general account of the insurance company while Separate Account GICs are backed by a segregated pool of assets. Security Backed Investment Contracts are comprised of investment contracts and the underlying portfolios of fixed income securities whose market prices fluctuate.

(b) The investment in the Morley Stable Value Fund, a common collective trust, seeks to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The investment seeks to achieve this objective by investing primarily in a variety of high quality stable value investment contracts, as well as cash and cash equivalents. It is intended that the Fund's stable value investment contracts will maintain a minimum weighted average credit quality rating of A or better. The underlying fixed income securities must be rated investment grade and meet issuer diversification guidelines. The duration of the Fund's investments will not exceed four years.

Note 5. Exempt Party-in-Interest Transactions

Certain Plan investments in mutual funds and common collective trust funds may be managed by the Plan's Trustee. If applicable, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services, audit and consulting services amounted to $76,296 for the year ended December 31, 2018.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7. Tax Status

The IRS has determined and informed the Company by an opinion letter dated March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable IRC. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
