ZOGG BENEFITS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Zogg Benefits, Inc. 401(k) Plan (the Plan) provides only general information. The Plan is sponsored by Zogg Benefits, Inc. (the Plan Sponsor). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, originally established on August 1, 1998, as a single employer plan. During 2003, it converted to a multi-employer plan which was retroactively applied to January 1, 2003. In 2008, the Plan adopted a Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement (CODA). There is no minimum age or service requirements for participation and substantially all employees of the participating employers are eligible to participate, except union employees and nonresident aliens. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as well as all provisions of the federal income tax laws.

The Plan Administrator and Trustee of the Plan are responsible for oversight of the Plan. The Advisory Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Trustee.

Contributions

Each year, participants may make tax-deferred contributions to the Plan not to exceed the amount deductible for federal income tax purposes. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants may designate all or a portion of their elective deferral as Roth Elective Deferrals. In addition, certain employer profit sharing and other contributions may be paid to the Plan over several years pursuant to the terms of the 'Plan joinder agreement' with each employer.

As required by the Plan, pursuant to the terms of the 'Plan joinder agreement' with each employer that elects safe harbor matching contributions, the employers made safe harbor matching contributions equal to 100% of the participant's salary deferral up to 3% of total compensation, plus 50% of the next two percent of the participant's salary deferral.

Individual employers participating in the Plan have the option to make discretionary contributions from time to time as deemed advisable. For the year ended December 31, 2018, employer discretionary and safe harbor matching contributions totaled $658,699.

Individual employers have the option to make discretionary profit sharing contributions of an amount determined by the Board of Directors of each employer at the end of each Plan year. For the year ended December 31, 2018, the employer discretionary profit sharing contributions totaled $34,725. Contributions are subject to Internal Revenue Service (IRS) limitations.

ZOGG BENEFITS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Each participant's account is credited with the participant's tax-deferred and after-tax contributions, and employer contributions (if any). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferred salary contributions, employer discretionary contributions, employer safe harbor matching contributions, rollover contributions from other plans and actual earnings thereon. Vesting in discretionary profit sharing contributions (if any) of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested upon retirement, permanent disability, death or reaching age 65 while employed by a participating employer. If a participant separates from the employment of a participating employer for any other reason, a participant shall be vested based upon the following schedule:

Year(s) of Vesting Service	Percentage Vested
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more years	100%

Notes Receivable from Participants

Participants may borrow against their vested account balances a minimum of $1,000 up to a maximum amount equal to the lesser of (1) 50% of their vested account balance or the total amount in their account up to $10,000 or (2) $50,000 less the participant's largest outstanding loan balance under the Plan during the 12-month period ending the day before the loan is made. The loans, in the form of promissory notes (Note 2), are secured by the balances in the participant's account, and bear interest at the prime rate of interest plus 2%. One loan per participant may be outstanding at any given time. Principal and interest on notes receivable from participants are repaid through payroll deductions.

Payment of Benefits

Participants are eligible to request distributions of their vested account balance upon termination, death, disability, or reaching retirement age of 65. Distributions from the Plan will be made in a lump-sum payment equal to the value of the participant's vested interest in his or her account balance if the participant's vested account balance is $5,000 or less. If a participant's vested benefit in the Plan exceeds $5,000, the method of benefit payment is selected by the participant.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled $51,330 and $106,647, respectively. These accounts can be used to pay administrative expenses incurred by the Plan or to reduce amounts otherwise required to be contributed to the Plan by participating employers. During the year ended December 31, 2018, forfeitures of $82,666 were used to pay administrative expenses or reduce employer matching contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the Plan's only fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Advisory Plan Committee determines the Plan's valuation policies utilizing information provided by the investment adviser, custodian, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on the Plan's investments bought and sold as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants (Note 1) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowances for credit losses have been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed as a deduction for federal income tax purposes are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 and 2017 excess contributions to the applicable participants prior to October 14, 2019 and October 15, 2018, respectively.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan's participating employers. Expenses that are paid by the participating employers are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net depreciation of the fair value of investments.

During the year ended December 31, 2018, the Plan incurred administrative fees of approximately $62,000 with its third-party administrator, custodian and investment advisor (Note 5). These charges are reflected in the accompanying statement of changes in net assets available for benefits.

Recent Accounting Pronouncements

During the year ended December 31, 2018 and through October 15, 2019, there were several new accounting pronouncements issued by the Financial Accounting Standards Board (FASB). Each of these pronouncements, as applicable, has been or will be adopted by the Plan. Management does not believe the adoption of any of these accounting pronouncements has had or will have a material impact on the Plan's financial statements.

Subsequent Events

In preparing the financial statements, the Plan's management has reviewed, as determined necessary by the Plan's management, events that have occurred after December 31, 2018, up until the issuance of the financial statements, which occurred on October 15, 2019. On June 17, 2019, the Plan assets were transferred to a new custodian and recordkeeper, Slavic Integrated Administration, Inc.

3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled separate accounts: consists of a pooled group of mutual funds which are valued daily at their net asset values (NAV), totaling $30,434,029 and $30,988,091 at December 31, 2018 and 2017, respectively. The NAV is used as a practical expedient to estimate fair value. The Plan and participants hold "units of participation" in the separate account.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract with Transamerica Financial Life Insurance Company (Transamerica) totaling $3,683,987 and $5,275,116 at December 31, 2018 and 2017, respectively.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of a material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

5. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Nova 401(k) Associates, Inc. (Nova) and Leafhouse Financial Advisors LLC (Leafhouse) are the Plan's third-party administrator and investment advisor, respectively. Transamerica is the Plan's custodian and recordkeeper as defined by the Plan. Therefore, transactions with Nova, Leafhouse and Transamerica qualify as party-in-interest transactions.

Transamerica provides certain administrative services to the Plan pursuant to a contract between the Plan Sponsor and Transamerica. Transamerica receives revenue from mutual fund service providers for services it provides to the funds. This revenue is used to offset certain amounts owed to Transamerica for its administrative services to the Plan.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their account balances.

7. TAX STATUS

The Plan, as originally drafted, is a Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement. The IRS has determined and informed the sponsor of the prototype plan by a letter dated March 31, 2014, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). However, a determination letter from the IRS has not yet been requested by the Plan Sponsor to determine if the Plan as amended was designed in accordance with applicable sections of the IRC. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and ERISA and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

It is not possible at this time to reasonably estimate the possible loss or range of loss, if any. The Plan further cautions that it is not possible to list such factors, and one should not consider the identified factors as a complete list of all risks and uncertainties.

9. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

For the years ended December 31, 2018 and 2017, the Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors to not perform any auditing procedures with respect to the information certified by the custodian of the Plan in 2018 and 2017, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule.
