1 – DESCRIPTION OF PLAN

General

The Texas Emergency Care 401(k) Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 2009 and restated, effective December 1, 2017, covering substantially all employees of CFM Interests, Ltd. and its wholly-owned subsidiaries (collectively, the "Company" or "Plan Administrator"). Massachusetts Mutual Life Insurance Company ("Mass Mutual"), in conjunction with Hartford Life Insurance Company ("Hartford") (collectively, the "Custodian") serve as the Custodian and record-keeper of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective August 14, 2018, the Plan changed platforms within Mass Mutual's custodial administration. Subsequently, Hartford no longer acted in a capacity of a Custodian or record-kepeer to the Plan.

Eligibility and Participant Accounts

The Plan covers all employees of the Company, except union employees, nonresident aliens, and leased employees. Employees become eligible for participation on the first day of the Plan year quarter coinciding with or next following completing of three consecutive months of employment. Participants may modify investment elections on the first day of each Plan year quarter, and may transfer existing account balances, or obtain information regarding the investments on a daily basis. Subject to certain limitations on annual additions, each participant's account is credited with employee deferrals, Company contributions, an allocation of Plan earnings, and charged with certain administrative expenses.

Contributions

The Plan is funded through rollovers, employee elective deferrals, and Company contributions. A participant may elect to contribute up to 90% of his or her eligible compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,500 for 2018). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2018). Rollover contributions, representing distributions from other qualified defined benefit or defined contribution plans, are permitted and may be contributed prior to meeting the eligibility requirements for participation in the Plan.

The Plan allows for Company safe harbor matching contributions and Company discretionary matching and profit sharing contributions. The Company makes safe harbor matching contributions in the amount of 100% of participant elective deferrals up to 3% of a participant's eligible compensation, and 50% of contributions that exceed 3% of eligible compensation up to 5% of a participant's eligible compensation each pay period. Company safe harbor matching contributions made by the Company totaled $116,894 for the year ended December 31, 2018. No discretionary matching or profit sharing contributions were made during the year ended December 31, 2018.

Benefits Paid to Participants

Upon normal retirement age of 65, death, disability, or termination, a participant's benefits are payable in a lump-sum equal to 100% of the participant's vested account balance. Account balances of $5,000 or less at the time of distribution will be "cashed" out as either an involuntary lump sum payment or by direct rollover into an individual retirement plan, based on certain criteria, as defined in the Plan document.

1 – DESCRIPTION OF PLAN, CONTINUED

Investment Options

The Plan provides for contributions to be invested by the participants among a variety of pooled separate accounts, mutual funds of registered investment companies, and a guaranteed investment contract, in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

Vesting

Participants are immediately vested in rollover contributions, employee contributions, and Company safe harbor matching contributions, plus any earnings thereon. Participants vest in Company discretionary matching and profit sharing contributions at a rate of 20% per year, beginning after two years of service, and are 100% vested after completing six years of qualified service. A participant will become fully vested in the event of retirement at age 65, total and permanent disability, or death.

Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to pay Plan expenses or reduce future Company contributions. These amounts are shown as a component of net assets available for benefits. At December 31, 2018 and 2017, forfeited non-vested accounts available for future use totaled $8,643 and $4,967, respectively. For the year ended December 31, 2018, $16,457 of forfeitures were used to reduce Company contributions.

Notes Receivable from Participants

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). Note terms range from one to five years, unless for the purchase of a primary residence, in which case the Plan Administrator may permit a longer repayment term. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at a rate of two percent above the prime interest rate, as published by the Wall Street Journal. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2018, have interest rates ranging from 4.75% to 6.25%, and maturities ranging from January 2019 through July 2023. Notes receivable from participants as of December 31, 2017, have interest rates ranging from 4.25% to 5.25%, and maturities ranging from July 2018 to October 2022.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

1 – DESCRIPTION OF PLAN, CONTINUED

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable, 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in accordance with United States generally accepted accounting principles ("U.S. GAAP").

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts ("FBRIC"), which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see "Note 3 – Fair Value Measurements"). Contract value is the relevant measure attributable to FBRICs because contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan (see "Note 5 – Guaranteed Investment Contract"). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income and losses earned on participant accounts are allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or loan policy of the Plan.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

3 – FAIR VALUE MEASUREMENTS

Investment Valuation and Leveling

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, "*Fair Value Measurements and Disclosures*", provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

Investment Valuation and Leveling, Continued

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

Pooled separate accounts: Valued at the NAV of shares held by the Plan at year end, as determined by the Custodian. The NAV is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the Custodian reserves the right to temporarily delay withdrawal from the Plan in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments on these accounts at December 31, 2018 and 2017.

The methods previously described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 2,093,688	$ -	$ 2,093,688
Total investments, at fair value	$ -	$ 2,093,688	$ -	$ 2,093,688

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 2,123,576	$ -	$ -	$ 2,123,576
Total investments, at fair value	$ 2,123,576	$ -	$ -	$ 2,123,576

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedules. This information consists of the following:

5 – GUARANTEED INVESTMENT CONTRACT

The MassMutual Fixed Account is a fully benefit-responsive group annuity contract issued by Massachusetts Mutual Life Insurance Company. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. There is a surrender charge that may be charged based on cumulative transfer percentages and advance notice of intent to terminate if a Plan terminates its interest in the contract unless a 12 month irrevocable advance notice is given. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market data (ex: swap curve rate).

5 – GUARANTEED INVESTMENT CONTRACT, CONTINUED

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
- Premature termination of the contract
- Plan terminations or mergers
- Changes to the Plan's prohibition or competing investment options
- Bankruptcy of the Plan sponsor or other Plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contact
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer
- The Plan is terminated
- The Plan is no longer deemed to be a "qualified Plan" under Section 401 of the IRC or other section of the IRC allowing similar tax treatment

6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in the Mass Mutual fixed account and pooled separate accounts, which are managed by the Custodian. Therefore, these transactions qualify as party-in-interest investments. Fees paid by the Plan for various administrative expenses, including investment management services, amounted to $12,457 for the year ended December 31, 2018.

7 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market risks, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8 – TAX STATUS OF THE PLAN

The Plan is based on a volume submitter profit sharing plan developed by Nova Associates, Inc., which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the volume submitter profit sharing plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2015.

10 – DELINQUENT CONTRIBUTIONS

During the years ended December 2018 and 2017, employee withholdings totaling $4,365 and $8,997, respectively, were inadvertently not remitted to the Plan on a timely basis due to unintentional delays. The Company remitted, or is in the process of remitting, lost earnings and interest calculated following the DOL guidelines for late deposits identified during 2018.

11 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "Subsequent Events", the Company has evaluated events or transactions occurring after December 31, 2018, the Statement of Net Assets Available for Benefits date, through October 15, 2019, the date the financial statements were ready to be issued, and determined that no such events or transactions other than those noted below would impact our financial statements for the year ended December 31, 2018.
