Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Newport Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from Newport Trust Company as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the custodian is complete and accurate.

1. Description of the Plan

The following description of the SENTEL Corporation 401(k) Plan (the Plan) is provided for general information. Participants should refer to the Plan document and the amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the SENTEL Corporation (the Company). On January 23, 2018, SENTEL Corporation was acquired by Vectrus, Inc. Effective May 15, 2018, SENTEL Corporation was renamed Vectrus Mission Solutions Corporation. Effective December 31, 2018, the SENTEL Corporation 401(k) Plan merged with the Vectrus, Inc. 401(k) Plan. All participant account balances of SENTEL were transferred to the Vectrus retirement plan of Vectrus on December 31, 2018.

Eligible employees can become participants in the Plan on the first day of the month coinciding with or next following the date of hire. The Plan also includes employees of the Company who are covered under a collective bargaining agreement between the Company and The International Brotherhood of Electrical Workers, Local Union 570 (the CBA). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Eligible participants may contribute up to the maximum allowed by the Internal Revenue Code (the IRC). In addition, the Plan allows for catch up contributions by employees 50 years of age and older before the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions. For the year ended December 31, 2018, employee rollover contributions totaled $48,100.

The Company makes a fixed matching contribution for all Plan participants equal to 50% of participants' deferrals up to 6% of eligible gross compensation, excepting those employees covered by the CBA as defined above and Service Contract Act (SCA) contracts. For participants under the CBA who work on contracts covered by the SCA and participants covered by SCA contracts, they are eligible for prevailing wage contributions equal to the balance of the fringe benefit payment for health and welfare for each participant (after deducting the cost of cash differential payments for the participant) based on the hourly contribution rate, excluding overtime, multiplied by a rate stipulated by the SCA. For the participants under the CBA only, the Company is required to make a matching contribution equal to 1% of the participants base hourly wage rate up to a maximum of forty hours per week. Total contributions made in 2018 to covered participants, including prevailing wage contributions and required contributions under the CBA, totaled $2,146,040.

Participants direct the investment of their contributions, employer matching contributions, and discretionary profit sharing contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective trust as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contributions, including amounts rolled over from other qualified plans, and allocations of the Company's matching, discretionary and profit sharing contribution, if any, and Plan earnings and losses, less any charges, if applicable. Allocations

are based on participant earnings, account balances or participant requested transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions and any special contributions made to the Plan, as well as employer contributions.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to (i) the lesser of $50,000 or (ii) 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.25%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through semi-monthly payroll deductions.

Payment of benefits

Upon termination of service due to death, disability, retirement or any other reason, a participant or beneficiary may elect, from one of several optional forms of distribution, to receive an amount equal to the value of participant's vested interest. Unless directed by the participant, payments cannot be deferred beyond the latest of the following:

1) Normal retirement date under the Plan or age 65, if earlier;
2) April 1 following the calendar year in which participant terminates employment; or
3) April 1 following the calendar year in which participant attains 70 ½ years

Participants may elect to withdraw from their accounts in the event of proven financial hardships.

2. Summary of Significant Accounting Policies

Basis of accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment valuation and income recognition

Investments are reported at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment

advisers and the custodians. See Note 5 for additional information related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

3. Concentrations of Significant Investments

There were no concentrations of significant investments as of December 31, 2018 as all assets were transferred out of the Plan. The Plan's investment in the following funds accounted over 10% of the Plan's total investments as of December 31, 2017:

December 31,	2017
Vanguard 500 Index	13%
American Funds AMCAP	12%
Vanguard Windsor II Admiral	11%

4. Information Certified by Newport Trust Company

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport Trust Company has certified that the following data included in the accompanying financial statements is complete and accurate.

December 31,	2018	2017
Mutual funds	$ -	$ 39,931,047
Collective trust	-	3,309,151

Year ended December 31, 2018	
Investment income:	
Interest and dividends	$ 2,667,685
Net depreciation in fair value of investments	(4,542,996)
Interest income on notes receivable from participants	$ 25,982

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurements*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust: The fair value of participation units held in the Reliance Trust Stable Value Fund (MetLife Series 25053), a bank collective trust, is based on net asset value, as reported by the manager of the collective trust fund, Reliance Trust Company, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The collective trust invests in the MetLife Group Annuity Contract No. 25053, which consists of separately managed investment portfolios in fixed income securities, and also enters into wrapper contracts, which are issued by third-parties and are designed to allow the fund to maintain a constant net asset value. The collective trust provides for daily redemptions by the Plan at reported net asset value, with no advance notice requirements.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Assets at Fair Value as of December 31, 2017			
		Fair Value Hierarchy Level		
	Total	Level 1	Level 2	Level 3
Investments by fair value level:				
Mutual funds	$ 39,931,047	$ 39,931,047	$ -	$ -
Total assets at fair value level	39,931,047	$ 39,931,047	$ -	$ -
Total investments measured at net asset value (NAV)*	3,309,151			
Total investments	$ 43,240,198			

*Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Use Net Asset Value (NAV)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2017:

Description	2017 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trust	$ 3,309,151	-	Daily	None

6. Investment in Collective Trust

The Plan holds an investment in a collective trust, specifically the Reliance Trust Company Stable Value Fund Collective Investment Trust, Series MetLife Group Annuity Contract No. 25053 (the "RTC"). The RTC invests in investment contracts issued by insurance companies and other financial institutions, fixed income securities, money market funds and may include derivative instruments such as futures contracts and swap agreements to provide daily liquidity. The investment contract issuers seek to preserve the principal investment and earnings, but cannot guarantee that they will be able to do so. The RTC is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There are no reserves against contract values for credit risk of the contract issuers or otherwise. There are no unfunded commitments and the redemption frequency is daily.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to suspend or discontinue contributions at any time and to terminate the Plan in whole or in part, subject to the provisions of ERISA.

8. Income Tax Status

The Internal Revenue Service (the IRS) has determined and informed the Company by a letter dated June 17, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

9. Related Parties

The Plan investments are managed by Newport Trust Company. Newport Trust Company is the custodian as defined by the Plan and, therefore, transactions with Newport Trust Company qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 15, 2019, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
