INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants
Complemar Partners Inc. 401(k) Profit Sharing Plan & Trust

Report on the Financial Statements

We have audited the accompanying financial statements of Complemar Partners Inc. 401(k) Profit Sharing Plan & Trust, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis or our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Complemar Partners Inc. 401(k) Profit Sharing Plan & Trust as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the years ended December 31, 2018 and 2017, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year – December 31, 2018 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE A: DESCRIPTION OF THE PLAN

The following description of the Complemar Partners Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan established on October 1, 2004 to provide retirement benefits for employees of Complemar Partners Inc. who meet certain age requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant requirements

Each employee shall be entitled to make his or her own contributions (elective deferrals) to the Plan immediately upon attaining 21 years of age, with no length of service requirements. In addition, each employee shall be entitled to share in employer matching contributions if the employee is an eligible participant and made elective deferrals during the Plan year. Each employee shall be entitled to share in employer profit-sharing contributions if the employee is an eligible participant and is an employee on the last day of the Plan year.

Contributions

Each year, eligible employees may contribute up to 92% of their eligible compensation, as defined in the Plan, subject to Internal Revenue Code ("IRC") limitations. Upon meeting the Plan participation requirements, the employee will be deemed to have entered into the Plan authorizing the Employer to withhold 4% of the employee's compensation as an elective deferral, unless the employee executes an agreement with the Employer indicating no deferrals or a different percentage. During the year ended December 31, 2016, upon meeting the Plan participation requirements, the employee was deemed to have entered into the Plan authorizing the Employer to withhold 2% of the employee's compensation as an elective deferral, unless the employee executed an agreement with the Employer indicating no deferrals or a different percentage.

Effective in 2017, the Employer will make a matching contribution equal to 50% of elective deferrals for each payroll period on up to 4% of participant elective deferrals. The matching contributions approximated $109,000 and $101,000 during 2018 and 2017, respectively. The Company may also make discretionary profit-sharing contributions. There were no profit-sharing contributions for years ended December 31, 2018 and 2017.

The maximum contribution each participant may make each year is subject to federal limits.

Participant accounts

Participants may direct the investment of their accounts among the investment options offered by the Plan. Each participant's account is credited with the participant's contributions and an allocation of the employer contributions and Plan earnings or losses. Allocations are based on participant compensation and account balances.

NOTE A: DESCRIPTION OF THE PLAN, Cont'd

Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Participants are 100% vested in employer matching contributions after three years of service. Participants are vested in employer profit sharing contributions by 20% per year after two years of service, and fully vested after six years.

Payment of benefits

Distributions will be made from vested account balances upon retirement, death or disability. The participant's entire vested account balance will be distributed in the form of a lump-sum distribution. In addition, lump-sum distributions may be made from vested account balances, with participant consent, under the following conditions: separation from service for accounts with vested balances in excess of $5,000; upon participant's attainment of age 59 ½; and upon the hardship of a participant as provided for in the Plan and in government regulations, but only from elective deferrals, vested matching contributions, and vested non-elective contributions. Vested account balances that are less than $5,000 upon separation of service will be directly rolled over to an IRA if no distribution election is made in accordance with the provisions of the Plan. Vested account balances under $1,000 will be paid in one lump-sum distribution in accordance with the provisions of the Plan.

Participant notes receivable

Participant notes receivable are measured and valued at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to borrow up to 50% of the vested balance in their plan accounts to a maximum of $50,000. The notes are payable over terms up to four and a half years (longer if for the purchase of a principal residence) and bear interest at a fixed rate. The fixed interest rate is derived from the prime rate of interest plus 1% at origination. Principal and interest payments on the notes are redeposited into the participants' accounts based on their current investment allocation elections.

The Plan classifies all notes receivable from participants as in default if any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter in which a payment is first missed. Defaulted loans are deemed distributed and recorded as distributions of participant notes receivable in the statement of changes in net assets available for benefits.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Investment valuation and income recognition

Investments held by the Plan are reported at fair value. Fair value is defined as the price that would be received to sell and asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefit payments

Benefits are recorded when paid.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Corrective distributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants during June 2019.

Accounts forfeited

Forfeited balances of terminated participants' non-vested accounts are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts may be used to reduce future employer contributions. Forfeitures available to offset future contributions amounted to $10,684 and $4,072 at December 31, 2018 and 2017, respectively. Forfeitures of $3,250 and $875 were utilized during 2018 and 2017, respectively, to reduce plan expenses.

Administrative expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation or depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through October 15, 2019, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTE C: TAX STATUS

The Internal Revenue Service determined and stated by a letter dated April 10, 2014, that the prototype plan under which the Plan was adopted, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2015.

NOTE D: TRANSACTIONS WITH PARTIES-IN-INTEREST

As described in Note B, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions as well as participant loans are party in interest transactions under ERISA.

NOTE E: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants have a fully vested interest in their accounts and their accounts will be paid to them as provided by the plan document.

NOTE F: RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE G: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 Measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are actively traded open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to report their daily net asset value and to transact at that price.

Collective Investment Trust: Valued at the net asset value reported by the fund as a practical expedient. There are no unfunded commitments and investments can be redeemed on a daily basis without restriction and are not subject to redemption notification provisions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE G: FAIR VALUE MEASUREMENTS, Cont'd

Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statement of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Level 1	Level 2	Level 3	Total
December 31, 2018				
Mutual funds	$ 1,526,878	$ -	$ -	$ 1,526,878
Collective investment trust, measured at net asset value	-	-	-	89,364
