Independent Auditor's Report

To the Plan Administrator of
Nexidia Inc. 401K Retirement Plan
Atlanta, Georgia

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Nexidia Inc. 401K Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, custodian of the Principal pooled separate accounts, Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, the custodian or trustee of the mutual funds and collective trusts held by the Plan, and Principal Life Insurance Company, on behalf of Principal Global Investors and Trust Company, trustee of the Principal Stable Value Fund, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians and the trustee hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians and the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodians and the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year) and of delinquent participant contributions, as of or for the year ended December 31, 2018, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians and trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NEXIDIA INC. 401K RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Nexidia Inc. (the “Company”) 401K Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

- A. *General.* The Plan is a defined contribution retirement plan under Section 401(k) of the Internal Revenue code. The Plan is administered by the Retirement Committee of Nexidia Inc. 401K Retirement Plan. Employees who have reached the age of 21 are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. *Contributions.* Participating employees may contribute any amount of their compensation up to the statutory limits. Participants are auto enrolled at the beginning of their service at 6% of compensation if an election is not made. The Company may make discretionary matching contributions at the discretion of the Company’s Board of Directors. For 2018, the Company elected not to make a discretionary contribution.
- C. *Participant Accounts.* Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions, plan earnings and administrative expenses, and forfeitures of terminated participants’ non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
- D. *Payment of Benefits.* Participants may elect several forms of distribution, subject to approval by the plan administrator: lump sum, periodic installments, or combinations thereof. The full value of participant accounts are payable upon normal or postponed retirement, permanent disability, or to beneficiaries upon death of the participant.
- E. *Vesting.* Reduced amounts related to company discretionary contributions are payable when service of a participant is terminated in less than three years. Such reduced amounts range from zero, for less than one year of service, to full benefits for three years or more of service. After a five-year break in service, any non-vested amounts included in a terminated participant’s account are forfeited.
- F. *Notes Receivable from Participants.* Participants may borrow from their accounts in any amount greater than \$1,000 but less than 50% of their vested account balance, not to exceed \$50,000. Loans are secured by the balance in the participant’s account and bear interest at a fixed rate comparable to the rates currently charged by commercial loans under similar circumstances. At December 31, 2018, the interest rates on outstanding loans were from 4.50% to 6.25%. Principal and interest is paid ratably through semi-monthly payroll deductions.
- G. *Forfeitures.* Forfeited balances of terminated participants’ non-vested accounts maybe used to reduce plan administrative expenses and to reduce future company contributions. As of December 31, 2018 and 2017, forfeited nonvested accounts were nil. Also, during 2018, no forfeitures were available to reduce plan administrative expenses or to reduce future company contributions.

2. Summary of Significant Accounting Policies

- A. *Basis of Presentation.* The accompanying financial statements have been prepared on the accrual basis of accounting.
- B. *Investment Valuation and Income Recognition.* The Plan's investments are stated at fair value. The mutual funds' fair values are the prices that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in pooled separate accounts and collective investment trust represent a unit of account whose per unit value is the result of the accumulated values of the underlying investments. The underlying investments are public investment vehicles valued using the net asset value ("NAV") per share, as determined by the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

- C. *Notes Receivable from Participants.* Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.
- D. *Employer's Other Contributions.* Other employer's contributions are corrective contributions and include lost earnings.
- E. *Use of Accounting Estimates.* The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- F. *Payments of Benefits.* Benefits are recorded when paid.
- G. *Expenses.* Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.
- H. *Subsequent Events.* Plan management has evaluated the need for disclosures or adjustments resulting from subsequent events through October 15, 2019, the date the financial statements were available for issuance, and no material events requiring disclosure were identified.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Principal Life Insurance Company, custodian of the Principal pooled separate accounts, Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, the custodian or trustee of the mutual funds and collective trusts held by the Plan, and Principal Life Insurance Company, on behalf of Principal Global Investors and Trust

Company, trustee of the Principal Stable Value Fund, have certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for plan benefits as of December 31, 2018 and 2017, the related investment activity reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2018, and the investments on the schedule of assets (held at end of year).

4. Fair Value Measurements

ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement:

- | | |
|---------|--|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. |

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following discussion describes the valuation methodologies used for assets measured at fair value on a recurring basis. The techniques utilized in estimating the fair values of financial instruments are reliant on the assumptions used. Care should be exercised in deriving conclusions based on the fair value information of financial instruments presented below.

Fair value estimates are made as of a specific point in time, based on available market information and judgments about the financial instrument. Such estimates do not consider the tax impact of the realization of unrealized gains or losses. In addition, the disclosed fair values may not be realized in the immediate settlement of the financial instrument.

Pooled Separate Accounts - Net asset value (NAV) of each of the pooled separate accounts is calculated in a manner consistent with U. S. GAAP for investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction. Several of the pooled separate accounts are invested in publicly quoted mutual funds or actively managed stocks. The fair value of the underlying mutual funds or stock is used to determine the NAV of the pooled separate account, which is not publicly quoted. Some of the pooled separate accounts also invest in fixed income securities. The fair value of the underlying securities is based on quoted prices of similar assets and is used to determine the NAV of the pooled separate account.

One pooled separate account invests primarily in commercial real estate and includes mortgage loans, which are backed by the associated properties. The fair value of the underlying real estate is estimated using discounted cash flow valuation models that utilize public real estate market data inputs such as transaction prices, market rents, vacancy levels, leasing absorption, market cap rates, and discount rates. In addition, each property is appraised annually by an independent appraiser.

Mutual Funds - The mutual funds are held as individual plan assets. The mutual funds have publicly available prices that are quoted daily in active markets.

Collective Investment Trust. The Plan uses NAV per unit to value the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

One of the collective investment trust invests in a variety of high quality stable value investment contracts, as well as cash and cash equivalents. The fair value of the underlying securities is based on quoted prices of similar assets and is used to determine the NAV of the collective investment trust.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present, by level within the fair value hierarchy, investment assets at fair value as of December 31, 2018 and 2017. As required by ASC 820, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Description	Assets at Fair Value as of December 31, 2018

* In accordance with ASC 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

** For participant-directed transfers to competing investment options must be held in a non-competing investment option for a minimum of 90 days before a transfer to a competing option may occur 30-days for benefit payments; 12-months for all other withdrawals. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

5. Related Party Transactions and Party-in-Interest Transactions

Plan investments are managed by Principal Life Insurance Company, the Plan's custodian, and its affiliates. Fees incurred by the Plan for the investment management services are included in the net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than direct payment. Administrative expenses of \$11,016 were paid during 2018 to the Plan's custodian for record keeping services. These transactions are party-in-interest transactions per ERISA. Certain other administrative expenses of the Plan are absorbed by the plan sponsor and are not reflected in these statements.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

7. Tax Status

The Plan obtained its latest IRS opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan, as designed and as currently operated, is in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an

uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Delinquent Remittances

During 2017, the plan sponsor failed to timely deposit \$6,600 of employee contributions to the Plan. These employee contributions were remitted to the Plan in 2017 and the related lost earnings were remitted in 2018.

During 2018, the plan sponsor failed to timely deposit \$1,709 of employee contributions to the Plan. These employee contributions amounts were remitted to the Plan with lost earnings in 2018.

During 2016, the plan sponsor failed to timely deposit \$214 of employee contributions to the Plan and, during 2018, the plan sponsor failed to timely deposit \$20,362 to the Plan, which consists of \$20,240 of employee contributions and of \$122 in participant loan repayments. Management is calculating the lost earnings due to the participants.
