SRI MANAGEMENT LLC 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

(1) **Description of Plan:**

The following description of the SRI Management LLC 401(k) Profit Sharing Plan and Trust (the "Plan"), as amended, provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) **General**—The Plan is a defined contribution plan covering all eligible regular employees of SRI Management LLC and SRM Management Group LLC (the "Plan Sponsor"). These entities are related by common control and the plan is considered a single plan under DOL rules. All employees except leased employees are eligible to participate in the Plan by electing salary reduction contributions. Employees who have attained age 21 and completed one year of service are eligible to receive employer matching contributions. The Plan was established January 1, 2010 by SRI Management LLC, but did not become active until January 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) **Contributions**—Each year, participants may contribute up to 92% of pre-tax annual compensation, as defined by the Plan, to a maximum amount allowed by law. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan Sponsor contributes 50% of the first 6% of eligible compensation. The Plan Sponsor may also make a discretionary profit-sharing contribution. For the year ended December 31, 2018, the employer made matching contributions to the Plan of $43,576. There were no discretionary profit sharing contributions for the year ended December 31, 2018. Participants direct their voluntary contributions and any employer contributions into various investment options offered by the Plan.

(c) **Participant accounts**—Each participant's account is credited with an allocation of (a) the Plan Sponsor's contribution, (b) plan earnings, and (c) charged with an allocation of investment advisory and management fees. Contribution allocations are based on the participant compensation levels, while earnings allocations are based on participant account balances. The Plan Sponsor currently offers 24 mutual funds and one money market fund as investment options for participants. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) **Vesting**—Participants are vested immediately in their contributions plus actual earnings thereon. A participant is vested in the employer matching contributions and discretionary profit sharing based on years of continuous service. Participants become immediately 100% vested in the Plan Sponsor's contribution portion of their accounts upon death or disability. Participants vest on the following schedule:

Years of Service	Percentage
Less than 2 year	0%
After 2 years	25%
After 3 years	50%
After 4 years	75%
After 5 years	100%

(1) **Description of Plan:** (Continued)

(e) **Notes receivable from participants**—Participants may borrow from their account balance a secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.00%, minimum of $1,000 up to the lesser of 50% of their vested account balance under the Plan or $50,000. The notes have terms ranging from one to five years. Principal and interest is paid ratably through bi-weekly payroll deductions.

(f) **Payment of benefits**—Upon termination of service, retirement, disability, or death, participants may receive a distribution equal to their vested account balance. Distributions may be paid in the form of a single lump-sum payment in cash or if the value of the participants account is greater than $5,000 in certain monthly, quarterly, semiannual or annual installments.

(g) **Administrative expenses**—The Plan permits payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. However, certain operating expenses of the Plan, such as audit fees, are paid by the Plan Sponsor. Plan administration and investment management fees reduce the participants' account balances. Expenses relating to specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

(h) **Forfeitures**—At December 31, 2018, forfeited non-vested accounts totaled $1,976. These accounts will be used to reduce future employer contributions. In 2018, administrative expenses were reduced by $952 from forfeited non-vested accounts.

(2) **Summary of Significant Accounting Policies:**

(a) **Basis of accounting**—The financial statements of the Plan are prepared under the accrual method of accounting.

(b) **Investment valuation and income recognition**—The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Interest income and dividends are recorded when paid. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) **Notes receivable from participants**—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

(d) **Payment of benefits**—Benefits are recorded when paid.

(e) **Use of estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(2) **Summary of Significant Accounting Policies:** (Continued)

(f) **Subsequent events**—The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 14, 2019, the date the financial statements were available to be issued. Effective January 1, 2019, the Bipartisan Budget Act of 2018 made changes to requirements related to certain types of distributions. The Plan has not been amended for this Act, however, the Plan will evaluate the effect of implementation of the Budget Act on Plan operations and any new Plan documents. No other subsequent events have been recognized or disclosed.

(g) **Recent accounting pronouncements**—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*. ASU 2018-09 provides amendments to Subtopic 962-325, *Plan Accounting for Defined Contribution Pension Plan Investments*, and clarifies the treatment of certain investments valued at net asset value (NAV). ASU 2018-09 is effective for plan years beginning after December 15, 2019, with early application permitted. The Plan is currently evaluating the effect that implementation of the new standard will have on its financial position, results of operations, and cash flows.

(3) **Information Certified by the Trustee:**

All investment and notes receivable information disclosed in the accompanying financial statements and supplemental schedule of assets held at year end, including investments held at December 31, 2018, and the net appreciation (depreciation) in fair value of investments for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mid Atlantic Trust Company, the custodian of the Plan.

(4) **Investments and Fair Value Measurements:**

The fair value measurement accounting literature provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted market prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) **Investments and Fair Value Measurements:** (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the year ended December 31, 2018.

Mutual funds—Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds—Valued at the NAV of shares held by the plan at year end. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the assets and liabilities of the Plan for which fair values are determined by level within the hierarchy:

Description	Quoted Prices (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
December 31, 2018:				
Mutual funds	$ 490,344	$ -	$ -	$ 490,344
Money market fund	-	23,563	-	23,563
Total assets at fair value	$ 490,344	$ 23,563	$ -	$ 513,907

Investment earnings for amounts held in individual mutual fund accounts reflect a combination of interest income, dividend income, realized gains and losses and unrealized gains and losses depending on the composition of the underlying investments. Contributions made by the Plan Sponsor shall be applied or invested in accordance with participant directed allocations.

(5) **Income Tax Status:**

The Plan obtained its latest determination letter on April 10, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's income tax returns for the past three years are subject to examination by tax authorities, and may change upon examination.

(6) **Plan Termination:**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to permanently discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(7) **Risks and Uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) **Party-in-Interest Transactions:**

Mid Atlantic Trust Company is the custodian as defined by the Plan and Paychex, Inc. provides administrative services to the Plan, and, therefore, transactions with these parties qualify as party-in-interest transactions of the Plan. The Plan Sponsor pays directly any other fees related to the Plan's operations.

SRI MANAGEMENT LLC 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

(1) **Description of Plan:**

The following description of the SRI Management LLC 401(k) Profit Sharing Plan and Trust (the "Plan"), as amended, provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) **General**—The Plan is a defined contribution plan covering all eligible regular employees of SRI Management LLC and SRM Management Group LLC (the "Plan Sponsor"). These entities are related by common control and the plan is considered a single plan under DOL rules. All employees except leased employees are eligible to participate in the Plan by electing salary reduction contributions. Employees who have attained age 21 and completed one year of service are eligible to receive employer matching contributions. The Plan was established January 1, 2010 by SRI Management LLC, but did not become active until January 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) **Contributions**—Each year, participants may contribute up to 92% of pre-tax annual compensation, as defined by the Plan, to a maximum amount allowed by law. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan Sponsor contributes 50% of the first 6% of eligible compensation. The Plan Sponsor may also make a discretionary profit-sharing contribution. For the year ended December 31, 2018, the employer made matching contributions to the Plan of $43,576. There were no discretionary profit sharing contributions for the year ended December 31, 2018. Participants direct their voluntary contributions and any employer contributions into various investment options offered by the Plan.

(c) **Participant accounts**—Each participant's account is credited with an allocation of (a) the Plan Sponsor's contribution, (b) plan earnings, and (c) charged with an allocation of investment advisory and management fees. Contribution allocations are based on the participant compensation levels, while earnings allocations are based on participant account balances. The Plan Sponsor currently offers 24 mutual funds and one money market fund as investment options for participants. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) **Vesting**—Participants are vested immediately in their contributions plus actual earnings thereon. A participant is vested in the employer matching contributions and discretionary profit sharing based on years of continuous service. Participants become immediately 100% vested in the Plan Sponsor's contribution portion of their accounts upon death or disability. Participants vest on the following schedule:

Years of Service	Percentage
Less than 2 year	0%
After 2 years	25%
After 3 years	50%
After 4 years	75%
After 5 years	100%

(1) **Description of Plan:** (Continued)

(e) **Notes receivable from participants**—Participants may borrow from their account balance a secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.00%, minimum of $1,000 up to the lesser of 50% of their vested account balance under the Plan or $50,000. The notes have terms ranging from one to five years. Principal and interest is paid ratably through bi-weekly payroll deductions.

(f) **Payment of benefits**—Upon termination of service, retirement, disability, or death, participants may receive a distribution equal to their vested account balance. Distributions may be paid in the form of a single lump-sum payment in cash or if the value of the participants account is greater than $5,000 in certain monthly, quarterly, semiannual or annual installments.

(g) **Administrative expenses**—The Plan permits payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. However, certain operating expenses of the Plan, such as audit fees, are paid by the Plan Sponsor. Plan administration and investment management fees reduce the participants' account balances. Expenses relating to specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

(h) **Forfeitures**—At December 31, 2018, forfeited non-vested accounts totaled $1,976. These accounts will be used to reduce future employer contributions. In 2018, administrative expenses were reduced by $952 from forfeited non-vested accounts.

(2) **Summary of Significant Accounting Policies:**

(a) **Basis of accounting**—The financial statements of the Plan are prepared under the accrual method of accounting.

(b) **Investment valuation and income recognition**—The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Interest income and dividends are recorded when paid. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) **Notes receivable from participants**—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

(d) **Payment of benefits**—Benefits are recorded when paid.

(e) **Use of estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(2) **Summary of Significant Accounting Policies:** (Continued)

(f) **Subsequent events**—The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 14, 2019, the date the financial statements were available to be issued. Effective January 1, 2019, the Bipartisan Budget Act of 2018 made changes to requirements related to certain types of distributions. The Plan has not been amended for this Act, however, the Plan will evaluate the effect of implementation of the Budget Act on Plan operations and any new Plan documents. No other subsequent events have been recognized or disclosed.

(g) **Recent accounting pronouncements**—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*. ASU 2018-09 provides amendments to Subtopic 962-325, *Plan Accounting for Defined Contribution Pension Plan Investments*, and clarifies the treatment of certain investments valued at net asset value (NAV). ASU 2018-09 is effective for plan years beginning after December 15, 2019, with early application permitted. The Plan is currently evaluating the effect that implementation of the new standard will have on its financial position, results of operations, and cash flows.

(3) **Information Certified by the Trustee:**

All investment and notes receivable information disclosed in the accompanying financial statements and supplemental schedule of assets held at year end, including investments held at December 31, 2018, and the net appreciation (depreciation) in fair value of investments for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mid Atlantic Trust Company, the custodian of the Plan.

(4) **Investments and Fair Value Measurements:**

The fair value measurement accounting literature provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted market prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) **Investments and Fair Value Measurements:** (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the year ended December 31, 2018.

Mutual funds—Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds—Valued at the NAV of shares held by the plan at year end. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the assets and liabilities of the Plan for which fair values are determined by level within the hierarchy:

Description	Quoted Prices (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
December 31, 2018:

Money market fund	-	23,563	-	23,563
Total assets at fair value	$ 490,344	$ 23,563	$ -	$ 513,907

Investment earnings for amounts held in individual mutual fund accounts reflect a combination of interest income, dividend income, realized gains and losses and unrealized gains and losses depending on the composition of the underlying investments. Contributions made by the Plan Sponsor shall be applied or invested in accordance with participant directed allocations.

(5) **Income Tax Status:**

The Plan obtained its latest determination letter on April 10, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's income tax returns for the past three years are subject to examination by tax authorities, and may change upon examination.

(6) **Plan Termination:**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to permanently discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(7) **Risks and Uncertainties:**

The Plan Sponsor pays directly any other fees related to the Plan's operations.
