Note 1 - Plan Description

The following description of Multiple Employer 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan covering substantially all employees of Community Ambulance Service, Inc.; Loyola Medicine Transport LLC; Edward Ambulance Services; CEMS of Ohio, Inc. d/b/a Medicare; and DMCare Express, Inc. (collectively, the "Companies") excluding leased employees and nonresident aliens. Participants are immediately eligible to participate in the Plan upon commencement of employment. Community Ambulance Service, Inc. is the plan sponsor of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Certain participant contributions in 2018 were paid after the time frame required by the Department of Labor. The Companies remitted the late contributions to the Plan in 2018 and intend to remit the related lost earnings to the Plan in 2019.

The Plan provides for discretionary contributions for all eligible participants equal to a percentage of a net base compensation, as defined by the Plan. The percentage approved for the year ended December 31, 2018 was 2 percent of eligible compensation, as defined by the Plan, for the calendar year. To receive the employer discretionary contribution, the participant must be at least 18 years of age and be employed on December 31 of the plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Companies' contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Companies' contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Companies 100 percent after three years of service.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts, as prescribed in the Plan and in the Internal Revenue Code. Notes receivable bear interest at a market rate.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

December 31, 2018

Note 1 - Plan Description (Continued)

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

Termination

While it has not expressed any intent to do so, Community Ambulance Service, Inc., as the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Additionally, each participating Company has the right to cease participation in the Plan. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Contributions Receivable and Contributions from Employers

Contributions receivable are recorded as earned in accordance with the plan document.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value based on quoted market prices. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Administrative Expenses

Various administrative costs are paid by the Companies.

Administrative expenses of \$7,000 for the period ended December 31, 2018 were paid by the Companies.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

December 31, 2018

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 9, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of period are based solely on information certified by the Custodian.

Note 4 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

December 31, 2018**Note 5 - Fair Value Measurements (Continued)****Level 3**

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018:

Assets Measured at Fair Value on a Recurring Basis at December 31, 2018			
Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	\$ 54,144	\$ -	\$ -

Note 6 - Subsequent Events

Effective May 19, 2019, all employees of DMCare Express, Inc., a participating employer in the Plan, had their employment terminated. Contributions for employees of DMCare Express, Inc. are no longer being made into the Plan for compensation earned subsequent to May 19, 2019. Any participants that had not yet reached three years of vesting service as of May 19, 2019 had their employer matching contributions forfeited in accordance with the vesting provisions of the Plan described in Note 1.

Note 1 - Plan Description

The following description of Multiple Employer 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan covering substantially all employees of Community Ambulance Service, Inc.; Loyola Medicine Transport LLC; Edward Ambulance Services; CEMS of Ohio, Inc. d/b/a Medicare; and DMCare Express, Inc. (collectively, the "Companies") excluding leased employees and nonresident aliens. Participants are immediately eligible to participate in the Plan upon commencement of employment. Community Ambulance Service, Inc. is the plan sponsor of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Certain participant contributions in 2018 were paid after the time frame required by the Department of Labor. The Companies remitted the late contributions to the Plan in 2018 and intend to remit the related lost earnings to the Plan in 2019.

The Plan provides for discretionary contributions for all eligible participants equal to a percentage of a net base compensation, as defined by the Plan. The percentage approved for the year ended December 31, 2018 was 2 percent of eligible compensation, as defined by the Plan, for the calendar year. To receive the employer discretionary contribution, the participant must be at least 18 years of age and be employed on December 31 of the plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Companies' contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Companies' contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Companies 100 percent after three years of service.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts, as prescribed in the Plan and in the Internal Revenue Code. Notes receivable bear interest at a market rate.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

December 31, 2018

Note 1 - Plan Description (Continued)

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

Termination

While it has not expressed any intent to do so, Community Ambulance Service, Inc., as the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Additionally, each participating Company has the right to cease participation in the Plan. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Contributions Receivable and Contributions from Employers

Contributions receivable are recorded as earned in accordance with the plan document.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value based on quoted market prices. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Administrative Expenses

Various administrative costs are paid by the Companies.

Administrative expenses of \$7,000 for the period ended December 31, 2018 were paid by the Companies.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

December 31, 2018

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 9, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of period are based solely on information certified by the Custodian.

Note 4 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

December 31, 2018**Note 5 - Fair Value Measurements (Continued)****Level 3**

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018:

Assets Measured at Fair Value on a Recurring Basis at December 31, 2018			
Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	\$ 54,144	\$ -	\$ -

Note 6 - Subsequent Events

Effective May 19, 2019, all employees of DMCare Express, Inc., a participating employer in the Plan, had their employment terminated. Contributions for employees of DMCare Express, Inc. are no longer being made into the Plan for compensation earned subsequent to May 19, 2019. Any participants that had not yet reached three years of vesting service as of May 19, 2019 had their employer matching contributions forfeited in accordance with the vesting provisions of the Plan described in Note 1.

Note 1 - Plan Description

The following description of Multiple Employer 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan covering substantially all employees of Community Ambulance Service, Inc.; Loyola Medicine Transport LLC; Edward Ambulance Services; CEMS of Ohio, Inc. d/b/a Medicare; and DMCare Express, Inc. (collectively, the "Companies") excluding leased employees and nonresident aliens. Participants are immediately eligible to participate in the Plan upon commencement of employment. Community Ambulance Service, Inc. is the plan sponsor of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Certain participant contributions in 2018 were paid after the time frame required by the Department of Labor. The Companies remitted the late contributions to the Plan in 2018 and intend to remit the related lost earnings to the Plan in 2019.

The Plan provides for discretionary contributions for all eligible participants equal to a percentage of a net base compensation, as defined by the Plan. The percentage approved for the year ended December 31, 2018 was 2 percent of eligible compensation, as defined by the Plan, for the calendar year. To receive the employer discretionary contribution, the participant must be at least 18 years of age and be employed on December 31 of the plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Companies' contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Companies' contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Companies 100 percent after three years of service.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts, as prescribed in the Plan and in the Internal Revenue Code. Notes receivable bear interest at a market rate.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

December 31, 2018

Note 1 - Plan Description (Continued)

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

Termination

While it has not expressed any intent to do so, Community Ambulance Service, Inc., as the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Additionally, each participating Company has the right to cease participation in the Plan. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Various administrative costs are paid by the Companies.

Administrative expenses of \$7,000 for the period ended December 31, 2018 were paid by the Companies.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.
