Independent Auditors' Report

The 401(k) Investment Committee
Lendmark 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Lendmark 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Prudential Bank and Trust, F.S.B., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year). We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these 2018 financial statements referred to in the first paragraph.

Other Matters

The Supplemental Schedules, Supplemental Schedule H, Line 4(a) - Scheduled of Delinquent Participant Contributions as of December 31, 2018 and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2018, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules referred to above.

2017 Financial Statements

The financial statements of the Plan as of December 31, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Prudential Bank and Trust, F.S.B., the trustee of the Plan. Their report dated October 15, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Lendmark 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

(1) Description of the Plan

The following description of Lendmark 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established by Lendmark Financial Services, LLC and subsidiaries (the Company or Plan Sponsor) under the provisions of Section 401(a) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan was established effective October 19, 2013 subsequent to the sale of the Company by BB&T Corporation and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Managers (Board) is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings, and monitoring of investment performance. In accordance with the Plan Document and Investment Committee charter, certain of the Board's responsibilities have been delegated to the 401(k) Investment Committee.

(b) Plan Administration

The 401(k) Investment Committee consists of certain employees of the Company and administrators of the Plan. As of December 31, 2018 and 2017, Prudential Bank and Trust, F.S.B. serves as the trustee of the Plan. Prudential Retirement Services is the Record keeper of the Plan.

(c) Eligibility

Employees are eligible to make salary reduction contributions immediately after employment with the Company and are eligible to receive matching contributions and safe harbor matching contributions after attaining the age of 21 with one year of continuous employment in which they have worked at least 1,000 hours.

The Plan has an Automatic Contribution Arrangement (ACA) and automatically defers 2% from the participant's compensation each payroll period unless the participant makes a contrary election. The Plan also has an automatic increase provision and increases the automatic deferral percentage by 1% per year up to a maximum of 4% of compensation.

(d) Contributions

Each participant may contribute up to 90% of his or her eligible compensation on a pretax basis subject to limitations under the IRC. Participants may also contribute Roth elective deferrals on an after-tax basis. Participants aged 50 and over are eligible to make catch-up contributions. Participants may make changes in their contribution percentage at any time. Allocations among fund options offered by the Plan may be changed on a daily basis. Participants may also contribute funds from other tax-qualified plans as rollover contributions.

Lendmark 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Safe harbor matching contributions began January 1, 2014. For the purposes of these contributions, the Employer will make a safe harbor matching contribution equal to 100% of participant elective deferrals that do not exceed 4% of compensation. Participants will be 100% vested in safe harbor matching contributions.

An additional matching contribution may be contributed at the option of the Company's Board. During 2018 and 2017, there were no additional discretionary contributions.

(e) Participant Accounts

Participants' accounts are valued on a daily basis. Each participant's account is credited with the participant's and employer's contributions and an allocation of net investment earnings (losses) on a daily valuation basis, and administrative expenses. Allocations of employer's contributions are based on both participant's contributions and participant's compensation, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(f) Vesting

Participants are vested immediately in their contributions, rollover contributions, employer safe harbor contributions, and actual earnings allocated to their account. Although not elected for Plan years 2018 and 2017, the Plan permits additional discretionary matching contributions which are vested 0% for less than three years of service and 100% for three or more years of service.

(g) Forfeitures

Forfeitures are used to reduce future Company matching contributions or to pay administrative expenses of the Plan. No forfeitures were used in 2018 and 2017 to reduce Company safe harbor matching contributions. At December 31, 2018 unallocated forfeitures were \$2,997. At December 31, 2017 unallocated forfeitures were \$1,992.

(h) Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's interest in his or her account, or annual installments over any fixed period not exceeding the remaining life expectancy of the participant or beneficiary.

The Plan allows for automatic distribution of a terminated participant's account balance, totaling less than \$5,000. A terminated participant with an account balance of between \$1,000 and \$5,000 may receive a distribution of his or her account balance paid into an individual retirement account.

(i) Excess Contributions

Excess contributions represent amounts withheld from participants in excess of the IRC limitations that were refunded to participants subsequent to year end. Excess contributions represent salary deferrals made in excess of Internal Revenue Service (IRS) limits. There were no excess contributions for the year ended December 31, 2018. There were excess contributions totaling \$2,022 for the year ended December 31, 2017.

Lendmark 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

(j) Notes Receivable from Participants

Participants may borrow from their account balances an amount not to exceed the lesser of \$50,000 (less adjustments as required by the IRS) or 50% of their account balance. The minimum loan amount allowed by the Plan is \$1,000. The maximum loan term allowed by the Plan is 5 years. Under the Lendmark 401(k) plan only one loan can be taken during the plan year and a participant may have only one loan outstanding at any time.

The interest rate charged on amounts borrowed is equal to the prevailing Prime Rate plus 1% at the loan origination date. Principal and interest are paid ratably through payroll deductions.

In 2016, employees acquired from OneMain Holdings Inc. and certain of its subsidiaries (OMH), were allowed to rollover existing loans with the prior employers plan. The prior employers plan allowed for two loans outstanding. Loan balances acquired as a result of the transaction were re-amortized and payment frequencies were set to bi-weekly payment frequencies. The remaining terms and conditions that were set by the predecessor plan were honored.

Notes receivable from participants as of December 31, 2018 bear interest rates between 3.25% and 8.68% and loan maturity dates range from January 2, 2019 through March 6, 2029.

Notes receivable from participants as of December 31, 2017 bear interest rates between 3.25% and 8.68% and loan maturity dates range from January 15, 2018 to March 29, 2029.

(k) Administrative and Plan Expenses

The Plan Sponsor may elect to charge the participants any Plan related expenses, in one or more of the following methods:

- Pro rata based on account balance
- Per capita (equally) to all participants

In 2018 and 2017, Plan administrative expenses were allocated to participants based on the pro rata method. The Plan Sponsor may elect, but is not required, to pay recordkeeping and other administrative expenses incurred by the Plan.

Participants who take a loan from the Plan incur a one-time fee for establishing the loan. Participants who take a distribution upon termination, distribution based on hardship, or in-service distribution incur a one-time fee for the withdrawal. These fees are charged directly to the individual participant's accounts.

The Plan Sponsor has elected to pay all other administrative expenses including auditing and recordkeeping expenses.

(l) Investment Elections

Each participant may direct their contributions, employer contributions, and any related earnings into one or more of the investment options offered by the Plan including registered investment funds, pooled separate accounts, and a stable value fund.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (U.S. GAAP).

(b) Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The stable value fund is presented at fair value on the statements of net assets available for benefits, which is based upon its reported net asset value. The fair value of the underlying guaranteed investment contracts is determined by discounting the expected cash flows based on current market interest rates of similar instruments with comparable durations. The fair value of the underlying synthetic guaranteed investment contracts is determined by the fair value of the underlying assets.

In 2018 and 2017, the Plan invested in the Prudential Retirement Insurance and Annuity Company Stable Value Fund (the Prudential Fund), a guaranteed income fund that invests primarily in investment contracts issued by insurance companies, banks and other financial institutions, and other authorized instruments.

The interest crediting rate is determined quarterly and is calculated based upon many factors, including current economic and market conditions, the general interest rate environment, and purchases and redemptions by unitholders.

The average market yield of the Prudential Fund for the years ended December 31, 2018 and 2017 was 1.60% and 1.45%, respectively. The crediting rate to participants for the years ended December 31, 2018 and 2017 was 1.60% and 1.45%, respectively.

(c) Income Recognition

Net appreciation (depreciation) in fair value of investments includes realized gains and (losses) on investments bought and sold and the change in appreciation (depreciation) from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits at the date of the financial statements and the reported amounts of additions to and deductions from those net assets during the reporting period. Actual results could differ from these estimates.

Lendmark 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

(f) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year).

(g) Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. The Form 5500 presents notes receivable from participants as an investment.

(h) New Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-09, *Codification Improvements*, which includes amendments to Subtopic 962-325, *Plan Accounting-Defined Contribution Pension Plans-Investments-Other*. The amendment removes the stable value common collective trust fund from the illustrative example to avoid the interpretation that such an investment would never have a readily determinable fair value and, therefore, would always use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether the investments qualify for the net asset value per share practical expedient in accordance with Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*. The amendments in this ASU are effective for annual periods beginning after December 15, 2018. The Plan has elected early adoption of this standard, and no impact was noted on these financial statements. The financial statements present the stable value fund at the net asset value in the Plan's statements of net assets available for benefits as of December 31, 2018 and 2017.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure framework-Changes to the Disclosure Requirements for Fair Value Measurement*, which amends ASC 820 to remove, modify, and add certain required disclosures for public entities on fair value measurements. This ASU is effective for annual periods beginning after December 15, 2019. The Plan is currently evaluating this ASU to determine its impact to the Plan's financial statements, and it is not expected to have a material impact to the Plan's net assets available for benefits.

(3) Financial Information Prepared and Certified by the Plan's Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following information included in the financial statements and supplemental schedule was provided and certified by the trustee, Prudential Bank and Trust, F.S.B, as complete and accurate:

- Noninterest bearing cash
- Investments at fair value

Lendmark 401(k) Plan

Notes to Financial Statements

- Notes receivable from participants
- Interest
- Dividends
- Net appreciation (depreciation) in fair value of investments
- Interest on notes receivable from participants
- Fair values, included in Note 4 (excluding level designations)
- Investment information, included at Note 4
- Schedule of assets (held at end of year)

(4) Fair Value Measurements

The FASB ASC 820 framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered investment company funds: The fair values are based on the quoted market prices and are therefore classified as Level 1 in the fair value hierarchy.

Lendmark 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Stable value fund: The fair value of the Plan's investment is based on the net asset value (NAV) calculated by its issuer utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services and dealer quotes. The fair value of the underlying wrapper contracts held by the Fund are valued using a discounted cash flow model, which considers (i) recent fee bids as determined by recognized dealers, (ii) discount rate, and (iii) the duration of the underlying portfolio securities. The NAV of the funds are calculated daily, and net investment income and realized and unrealized gains on investments are not distributed but rather reinvested and reflected in the net asset value of the fund. There are no significant restrictions, redemption terms, or holding periods which would limit the ability of the Plan or the participants to transact at the NAV. Participant transactions may occur daily. Based on this criteria, the fund is determined to have a readily determinable fair value and is categorized in Level 2 of the fair value hierarchy.

Pooled separate accounts: These investments consist of various investment options (i.e. common stocks, mutual funds, short-term securities and real estate) and are valued at the NAV, which is based on the market value of its underlying investments. While the majority of the underlying asset values are quoted prices, the NAV of the pooled separate accounts is not publicly quoted and are determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

(5) Tax Status

The prototype plan sponsor has obtained an opinion letter dated April 29, 2014 in which the IRS stated that the restated prototype plan document was in compliance with applicable requirement of the IRC. The Plan administrator timely adopted the restated prototype plan. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination participants will become fully vested in their account balance.

(7) Fidelity Bond Coverage

ERISA Code Section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total funds in the Plan as of the preceding plan year, or \$500,000. The Plan has sufficient bond coverage as of December 31, 2018 and 2017.

Notes to Financial Statements

December 31, 2018 and 2017

(8) Related-Party Transactions

Certain Plan investments are shares of funds managed by Prudential Retirement Services. Prudential Bank and Trust, F.S.B. is the Plan's trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and other services totaled \$29,641 for the year ended December 31, 2018 and totaled \$24,164 for the year ended December 31, 2017.

(9) Nonexempt Transactions

There were delays by the Company in submitting employee contributions and employer matching contributions during the plan year ended December 31, 2017 in the amount of \$227 to the trustee. The Company calculated and reimbursed the Plan for the immaterial amount of lost interest, as well as the employee and employer matching contributions, during the plan year ending December 31, 2018.

There were delays by the Company in submitting employer safe harbor true up matching contributions for the Plan's years ending December 31, 2017 and 2016 in the amount of \$136,065. These amounts are recorded as an employer contribution receivable in the accompanying statements of net assets available for benefits at December 31, 2018.

(10) Subsequent Events

On May 31, 2019, the Company funded the employer safe harbor true up matching contributions for the Plan year ending December 31, 2018 in the amount of \$90,138, which are included as an employer contribution receivable in the accompanying statements of net assets available for benefits at December 31, 2018. The Company has evaluated subsequent events through October 15, 2019, the date the financial statements were available to be issued, and has determined, except for the matter noted above, that there were no other subsequent event matters that require recognition or disclosure in the financial statements.
