INDEPENDENT AUDITORS' REPORT

Plan Administrator
Nevada Gold 401(k) Plan
Las Vegas, NV

Report on the Financial Statements. We were engaged to audit the accompanying financial statements of the Nevada Gold 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the notes to the financial statements.

Management's Responsibility for the Financial Statements. Management (the Plan Administrator) is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility. Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion. The Plan Administrator has informed us that the Plan Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Plan Custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the Plan Custodian is complete and accurate. The Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to such information except for comparing it with the summarized information included in Note 3, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Disclaimer of Opinion. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of a Matter, Ability to Continue as a Going Concern. As discussed in Note 5, the Plan Sponsor was acquired and merged into Maverick Gaming, LLC (Maverick) in June 2019. The Plan Sponsor also announced its intention to merge the Plan with Maverick's existing employee benefit plan; however, there has not been a formal resolution as to when the merger of plans will occur. Accordingly, liquidation of the Plan was not deemed imminent at December 31, 2018, and the accompanying financial statements were not prepared using the liquidation basis of accounting. However, these matters raise substantial doubt about the Plan's ability to continue as a going concern.

Other Matter. The supplemental schedules, as listed on the table of contents, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules, which are the responsibility of the Plan Administrator.

Report on Form and Content in Compliance With DOL Rules and Regulations. We have audited in accordance with auditing standards generally accepted in the United States of America the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Plan Custodian. In our opinion, the presentation of such information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NEVADA GOLD 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2018 AND 2017
AND FOR THE YEAR ENDED DECEMBER 31, 2018

1. Description of Plan

The following description of the Nevada Gold 401(k) Plan (the Plan) provides only summarized information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all eligible employees of Nevada Gold & Casinos, Inc. (the Employer or Plan Sponsor). Eligible employees are those who have a minimum of six months of service and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may elect to defer up to 100% of pre-tax annual compensation, as defined in the Plan document, subject to limits established by the Internal Revenue Service (IRS). Participants who have attained the age of 50 before the close of the Plan year may make "catch-up" contributions, also subject to the limits established by the IRS. Participant contributions may also include, without limitation, transfers from other qualified defined benefit or defined contribution plans. At the discretion of the Employer's Board of Directors, the Employer may contribute matching and/or other contributions. During 2018, no such discretionary Employer contributions were made.

Participant accounts. Each participant account is credited with the participant's contribution and allocations of the Employer's discretionary contribution, if any, investment income and changes in investment value, and is charged with benefits paid to the participant and an allocation of any administrative expense absorbed by the Plan. Allocations are based on participants' earnings or account balances, as provided in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and payment of benefits. Participants are immediately vested in their contributions, adjusted for investment earnings and changes in investment values allocated thereto. Vesting in the portion of the participants' account attributable to the Employers' contributions, also adjusted for investment earnings and changes in investment values allocated thereto, is based on years of service.

A participant is fully vested after three years of credited service, or upon normal retirement age, as defined in the Plan document. If a participant's employment terminates as a result of death or disability, as defined in the Plan document, their account immediately becomes fully vested. In the event of Plan termination (Note 5), participants will become fully vested in their accounts. On termination of employment, participants with vested benefits of \$5,000 or less will receive a single lump-sum cash payment of benefits and those with vested benefits exceeding \$5,000 have the option of receiving a single lump-sum or partial cash payment of benefits or deferral of this distribution until normal retirement age. Under certain specified circumstances, participants may receive an "in-service" payment or hardship distribution prior to termination of employment for part or all of their vested accounts. Upon termination of employment for any reason other than as a result of death or disability, participants forfeit their non-vested balances.

Investment options. Upon enrollment in the Plan, participants may direct the investment of their accounts, in whole percentage increments, to any of the Plan's investment options selected by the Plan Trustees. Participants may change their investment options at any time.

NEVADA GOLD 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
AS OF DECEMBER 31, 2018 AND 2017
AND FOR THE YEAR ENDED DECEMBER 31, 2018

Participant notes receivable. Participants may borrow from their accounts up to the lesser of \$50,000 or 50% of their vested account balance. Each participant is allowed only one outstanding loan at a time. Notes are secured by the participants' accounts and bear interest at rates determined by the Plan Administrator, fixed for the life of the loan on the date the loan is originated. Principal and interest are amortized over a period not to exceed five years, or a reasonable time if the loan is for a primary residence, and are payable ratably through payroll deductions or directly by the participant.

Administrative expense. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. During 2018, the Employer absorbed certain expenses totaling \$17,865 on behalf of the Plan, which are reported as both employer contributions and administrative expense in the accompanying financial statements.

Forfeited accounts. Forfeited non-vested amounts, if any, are used to reduce future Employers' contributions. As of December 31, 2018, there were no cumulative, unallocated, forfeited non-vested amounts, and none were available to reduce Employers' contributions in 2018 and 2017.

2. Summary of Significant Accounting Policies

Basis of accounting. The Plan's financial statements are prepared on an accrual basis, pursuant to applicable accounting principles generally accepted in the United States (GAAP).

Use of estimates, risks and uncertainties. Timely preparation of financial statements in conformity with GAAP requires the use of management estimates that affect the disclosures or reported amounts of assets, liabilities and changes therein, which estimates may require revision in future periods. The Plan invests in various investment securities that are inherently exposed to varying degrees of credit and interest rate risk. Due to the risks typically associated with certain investment securities, it is reasonably possible for material adverse changes in estimated investment values to occur within the next year.

In addition, investments in marketable securities are inherently subject to significant volatility in the stock market. The probable effect of this volatility on the value of the Plan's investments cannot be predicted at this time, but may be substantial.

Investment valuation and income recognition. The Plan's investments (Note 3) are stated at estimated fair value, except for fully benefit-responsive investment contracts, which are stated at contract value.

The estimated fair value of a financial instrument is the price that would likely be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure estimated fair value. Estimated fair value measurement within levels 1-3 of the fair value hierarchy set forth in GAAP is based on the lowest level of input that is significant to the estimate. GAAP requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The estimated fair value of the pooled separate accounts is based on quoted market prices for similar investments (level 2 inputs).

The contract value of fully benefit-responsive investment contracts represents accumulated contributions, adjusted for investment income, changes in investment value, benefits paid to the participant and administrative expense. The contract value is the relevant measurement attribute for the portion of net assets available for benefits in a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of The Plan.

NEVADA GOLD 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
AS OF DECEMBER 31, 2018 AND 2017
AND FOR THE YEAR ENDED DECEMBER 31, 2018

There were no changes in valuation techniques and related inputs used as of the dates, or during, the period presented.

The net depreciation in the estimated fair value of investments includes gains and losses on investments sold during the year, the net change in the estimated fair value of investments held at year end, and is reported net of investment-related expenses. Interest income is recorded on the accrual basis, when earned, and dividends are recorded on the ex-dividend date.

Participant notes receivable. Notes receivable from participants are measured at their unpaid principal balance plus any unpaid accrued interest. Loan origination and related fees are recorded as an administrative expense and are expensed as incurred. If a participant were to cease making payments, and the Plan Administrator deems the participant note to be in default, the participant note receivable balance would be reduced and a benefit payment recorded. Accordingly, no allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of benefits. Benefit payments are recorded as deductions when paid. At December 31, 2018, there were no benefits requested that had not been paid.

Income taxes. The Plan is exempt from federal income tax. However, GAAP requires the Plan Administrator to evaluate any tax positions taken by the Plan. In the unlikely event any income tax, related penalty and/or interest, including relative to uncertain tax positions (as defined in GAAP) taken by the Plan, are deemed probable of assessment, the Plan will record them as administrative expense.

3. Investments

The Plan's investments as of December 31, 2018 and 2017, were certified by the Plan Custodian as complete and accurate. In addition, the net change in estimated fair value of the Plan's investments for the year ended December 31, 2018, including realized and unrealized gains and losses, interest and dividends, was also certified as complete and accurate by the Plan Custodian.

The following table sets forth the Plan's investments reported at estimated fair value, by type and input level within the fair value hierarchy, as of December 31, 2018 and 2017:

	<u>2018</u>	<u>2017</u>

Pooled separate accounts	\$ <u>1,553,657</u>	\$ <u>1,708,109</u>

	<u>2018</u>	<u>2017</u>

NEVADA GOLD 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
AS OF DECEMBER 31, 2018 AND 2017
AND FOR THE YEAR ENDED DECEMBER 31, 2018

Fully benefit-responsive investment contract measured at contract value. The contract described in the following paragraph meets the fully benefit-responsive investment contract criteria and is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, by the Plan Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan is a party to a traditional, fully benefit-responsive guaranteed account contract (the Contract) with the Plan Custodian in relation to its investment in the guaranteed account. Pursuant to the Contract, the Plan Custodian maintains the respective participant-directed contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no allowances necessary against contract value for credit risk of the contract issuer or otherwise. The credit rate is based on a formula agreed upon with the issuer. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the contract issuer's ability to meet its financial obligations. The contract issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include 1) amendments to the Plan documents (including complete or partial termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, 4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or 5) premature termination of the contract.

In addition, certain events allow the contract issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include 1) an uncured violation of the Plan's investment guidelines, 2) a breach of material obligation under the contract, 3) a material misrepresentation, or 4) a material amendment to the agreement without the consent of the contract issuer.

The Plan Sponsor does not believe any such events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer or the Plan's participants.

4. Party-in-interest Transactions

All of the Plan's investments are managed by the Plan Custodian; and therefore, the related transactions qualify under ERISA as exempt party-in-interest transactions.

5. Plan Termination

In June 2019, the Plan Sponsor was acquired and merged into Maverick Gaming, LLC (Maverick). The Plan Sponsor also announced its intention to merge the Plan with Maverick's existing employee benefit plan; however, there has not been a formal resolution as to when the merger of plans will occur. Accordingly, liquidation of the Plan was not deemed imminent at December 31, 2018, and the accompanying financial statements were not prepared using the liquidation basis of accounting. However, these matters raise substantial doubt about the Plan's ability to continue as a going concern.

However, these matters raise substantial doubt about the Plan's ability to continue as a going concern

6. Tax Status

The Internal Revenue Service (IRS) has determined that the prototype plan initially adopted by the Plan Sponsor was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Sponsor subsequently amended certain provisions. A determination from the IRS has not been obtained nor sought on the subsequently amended prototype plan. However, the Plan Sponsor believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC; and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Tax years that remain open to examination include 2015 through the current period.

7. Delinquent Participant Contributions

During 2018, the Employer failed to transmit \$28,168 of participant contributions within the required time period. The Employer is correcting this matter and the lost earnings will be repaid to the Plan.

8. Reconciliation of the Financial Statements to IRS Form 5500

The following is a reconciliation of net assets available for benefits presented in the accompanying financial statements to those reported in the Plan's IRS Form 5500 at December 31, 2018 and 2017:

The following is a reconciliation of the net decrease in net assets available for benefits presented in the accompanying financial statements to that reported in the Plan's IRS Form 5500 for the year ended December 31, 2018:

Net decrease in net assets available for benefits per the financial statements	\$ (176,810)

9. Subsequent Events

The Plan Administrator has evaluated events subsequent to December 31, 2018, for possible recognition or disclosure in the accompanying financial statements through October 15, 2019, the date the financial statements were available for issuance. Except as disclosed in Note 5, no such events were identified.
