THE TIDES 401(k) PLAN
Notes to Financial Statements
December 31, 2018 and 2017

NOTE 1 – DESCRIPTION OF PLAN

The following description of The Tides 401(k) Plan (the Plan) provides only general information. The Plan's sponsor is Robert Bugatto Enterprises, Inc. (the Company). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established on January 1, 1999 to provide retirement benefits for the employees of the Company. The Plan is a single employer defined contribution retirement plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 "ERISA". The Plan was amended and restated effective January 1, 2009 to be a safe harbor 401(k) plan. The plan was amended and restated effective January 1, 2015 to the Plan Design Consultants' Defined Contribution Volume Submitter Plan and Trust. The Plan Sponsor's Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Sponsor's Board of Director's.

Eligibility – Employees of the Company become participants in the Plan on the first day of the month following twelve months of employment, providing they have attained age twenty-one and completed 1,000 hours of service.

Contributions – Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan. Participants are permitted to irrevocably designate a portion of all of the deferral contributions as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Deferral and Roth Contributions are subject to a maximum limitation as provided in the Internal Revenue Code. The maximum contribution of pretax compensation that a participant could defer in 2018 was $18,500, and the maximum catch-up additional deferral for participants who reached the age of fifty by the end of the 2018 plan year was $6,000.

The Plan is a safe harbor 401(k) plan and the Company contributes an enhanced employer safe harbor match contribution of 100% of each participant's deferred contributions on the first 4% of each participant's compensation which is deferred as a participant deferral contribution. The Company contributed $85,068 safe harbor matching contributions in the year ended December 31, 2018. Employer safe harbor contributions receivable totaled $85,068 and $85,066 at December 31, 2018 and 2017, respectively.

Investment Elections – The participant contributions and the company contributions are allocated to the various investment options offered by the Plan as directed by participants.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Participant Accounts - Each participant's account is credited with the participant's contributions and Company's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's accounts.

Vesting - A participant is always fully (100 percent) vested in his or her salary reduction account, employer safe harbor match contributions, and rollover contribution account, plus actual earnings thereon.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan terms generally range from one to five years, but can be up to 15 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account. A participant's account is charged monthly interest on the outstanding loan balance. In 2018 interest rates on loans ranged from 5.25% to 7.25% per annum. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits - On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the vested portion of his or her account. If a participant's vested balance is less than $5,000, the Company may cash-out the entire vested account balance.

Participants with certain immediate and heavy financial needs are allowed hardship distributions of their balance of deferral contributions.

Forfeited Accounts - Available forfeitures of the nonvested portion of terminated participants' accounts may be used to reduce employer contributions and pay administrative expenses of the Plan. There were no available forfeitures at December 31, 2018 and 2017.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for the annuity contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's plan administrator determines the Plan's valuation policies utilizing the information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements and Note 6 for a discussion of the Guardian Annuity Contract.

Purchases and sales of investments in pooled separate accounts of mutual funds are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to contract administration, notes receivable from participants and benefit distributions are charged directly to the participant's accounts and are included in administrative expenses. Fees related to investment advisory and investment related expenses are included in net appreciation or depreciation of fair value of investments.

NOTE 3 – FAIR VALUE OF ASSETS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. The methodology for valuing the annuity contract investment changed during the year ended December 31, 2018. In the year ended December 31, 2017, the annuity contract was valued at fair value based on the cash surrender value, determined as the contract value less surrender charges. The measurement for the annuity contract has been reclassified to contract value.

Pooled Separate Accounts

Pooled separate accounts are sub accounts of mutual funds. The unit values of these sub accounts are determined daily by quoted market prices, and the investment and redemption of these units constitutes an active market.

NOTE 3 – FAIR VALUE OF ASSETS (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan management instructed the plan's independent auditor not to perform any auditing procedures with respect to the following information certified by John Hancock Life Insurance (U.S.A), the custodian, as complete and accurate, except for comparing such information certified by the custodian with information included in the plan's financial statements and supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year). The investments certified by John Hancock (U.S.A.) are as follows:

NOTE 5 – SERVICE AGREEMENT WITH JOHN HANCOCK USA

The Plan's investments in pooled separate accounts are managed by John Hancock Life Insurance Company (U.S.A.) "John Hancock (U.S.A.)" under the terms of an allocated retirement account group annuity contract. Participants may direct the investment of their contributions and account balances amongst the various investment options offered under these contracts.

The group annuity contract provides that John Hancock (U.S.A.) will provide record keeping services, accumulate and invest participants' contributions in investment funds in John Hancock (U.S.A.)'s sub accounts as instructed by Plan participants and to pay participant benefits as provided by the Plan when they become due.

John Hancock USA holds the investment funds in sub accounts of separate accounts, which are primarily managed or sub-advised by affiliates. John Hancock (U.S.A.) has a short-term trading policy in which participants are permitted a maximum of two exchanges per calendar month. After the limit is reached, participants may move 100% of their account to the stable value fund where it must stay for 30 days. Trading may resume only after the 30 days have expired.

NOTE 6 – GUARDIAN VARIABLE ANNUITY CONTRACT

The Plan allows for the purchase of annuity contracts. One participant directed a portion of his account balance into a Guardian Investor II Variable Annuity L Series contract held and managed by Guardian Insurance & Annuity Company, Inc. This annuity contract is an insurance contract. The participant may invest in various investment options in separate accounts of mutual funds offered under this contract. The contract is valued at contract value. The contract is subject to withdrawal and surrender charges ranging from 6.5% to 5.5% if premiums are withdrawn prior to March 23, 2020.

The contract value of the underlying investments is determined daily based on the increase in the unit values of the underlying assets less daily charges for mortality and expense risks, administrative expense, any annuity taxes, the enhanced death benefit, living benefit and earnings benefit riders. The unit values are determined daily using the quoted market prices of the underlying mutual funds at the close of business of the New York Stock Exchange, less contract fees and expenses.

The contract includes a Guaranteed Lifetime Withdrawal Benefit Rider which allows the participant to withdraw up to 5.5% of the guaranteed withdrawal balance each year. The guaranteed withdrawal balance is valued at the cost of the premiums purchased plus an annual minimum guaranteed increase of 7% on each anniversary date through the tenth contract anniversary.

NOTE 6 – GUARDIAN VARIABLE ANNUITY CONTRACT (continued)

The cash surrender value is the contract value less surrender charges and fees. At December 31, 2018, the guaranteed withdrawal balance totaled $601,569 and the cash surrender value totaled $518,293. At December 31, 2017, the guaranteed withdrawal balance totaled $562,214 and the cash surrender value totaled $569,379.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed or sub-advised by members of the Manulife Financial group of companies which are affiliated with John Hancock (U.S.A). The Plan issues loans to participants, which are secured by the balances in the participants' accounts. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. The Plan made direct payments to John Hancock (U.S.A.), the record-keeper, totaling $22,111, an investment advisor totaling $1,119 and a third party plan administrator totaling $975 during the year ended December 31, 2018.

NOTE 8 – TAX STATUS

The volume submitter profit sharing plan adopted by the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net income is exempt from income taxes. The Defined Contribution Volume Submitter Plan and Trust received a favorable advisory letter from the Internal Revenue Service on March 31, 2014. Although the Plan has been amended since receiving the advisory letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – LATE REMITTANCE OF PARTICIPANT CONTRIBUTIONS

The Company did not forward participant deferral contributions and loan repayments totaling $6,713 for the February 15, 2017 and February 22, 2017 pay dates to the custodian until March 6, 2017. Management fully corrected this operational error on December 24, 2018 by paying lost earnings totaling approximately $7 into the Plan.

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 11 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 12 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued.
