NOTE 1 – DESCRIPTION OF PLAN

The following description of the New Wave Entertainment 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, as amended, is a defined contribution plan covering substantially all employees of New Wave Entertainment ("NWE") (the "Company"), who have three months of service and are age twenty-one and older. The purpose of the Plan is to provide retirement benefits for the Company's eligible employees and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA"), as amended.

Effective February 2018, the Company terminated Transamerica Life Insurance Company and replaced them with Reliance Trust Company as its trustee and engaged ADP Retirement Services to serve as custodian and record keeper of the Plan.

Contributions

Plan participants may elect to contribute a specific percentage or dollar amount as salary deferral. There are two types of deferrals: Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. Participants are permitted to deposit into the Plan distributions received from other retirement plans and certain IRAs, as defined. The Company may contribute a discretionary matching contribution equal to a percentage, to be determined each year by the Company, of each participant's elective deferrals. During 2018, the Company made no matching contributions.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are provided with information on investment choices available with Reliance Trust Company, and with procedures in making investment elections and frequency with which they can change their investments.

Vesting

Participants' contributions and rollovers, qualified non-elective contributions and actual earnings on all such contributions are fully vested at all times. Vesting of the Company matching contributions, the Company's non-elective contributions and actual earnings on such contributions are based upon the participant's years of service with the Company as follows:

Years of Service	Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

Payment of Benefits

Participants may elect to receive in-service distributions subject to the conditions and limitations of the Plan. Upon termination of service or retirement, participants are entitled to receive a lump-sum amount equal to the value of his or her vested account balances. All vested account balances not exceeding $5,000 may be immediately distributed in a lump-sum payment. In the event of death or disability, a participant's beneficiary or the participant is entitled to the total value of the participant's vested account. Participants may elect to take hardship withdrawals in accordance with plan provisions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans are secured by an assignment of a participant's vested interest in the Plan, and bear interest at rates ranging from 3.25% to 6.75%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through bi-monthly payroll deductions. As of December 31, 2018, participant loans have maturities through August 2029.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account as defined by the Plan, represents forfeiture. The Plan document permits the use of forfeitures to either reduce future employer contributions or Plan administrative expenses for the Plan year. There were no forfeited nonvested amounts at December 31, 2018 and 2017.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Plan Administration

The Company is the Plan Sponsor and the Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under ERISA.

Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and the measurement date (See Note 4 - fair value measurements).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for various investment options to its participants. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded for the years ended December 31, 2018 or 2017. Notes receivable from participants as of December 31, 2018 and 2017 were $103,497 and $74,120, respectively.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants before April 2018. The Plan distributed 2018 excess contributions to the applicable participants before April 2019.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

Subsequent events have been evaluated through October 11, 2019, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included in the Plan's financial statements and supplemental schedule, that was prepared or derived from information prepared by Reliance Trust Company and Transamerica Life Insurance Company, the trustees of the Plan. The Plan administrator has obtained certification from the trustees that such information is complete and accurate.

Total investments and notes receivable from Participants held by Reliance Trust Company in the accompanying statements of net assets available for plan benefits were $11,127,421 as of December 31, 2018. Total investments and notes receivable from Participants held by Transamerica Life Insurance Company were $11,606,621 as of December 31, 2017. Net depreciation in fair value of investments of $1,005,848, interest and dividend income of $408,953 on investments, and interest income on notes receivable from participants of $2,892 were certified by the trustee in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

Supplemental Schedule: All investment balances and information included in the supplemental schedule of assets (held at end of year).

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: the fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Common collective trust fund: Valued at fair value using net asset value ("NAV") per share as a practical expedient. NAV is based on the value of the underlying assets owned by the fund, less its liabilities, and then divided by the number of shares outstanding. NAV is not classified in the fair value hierarchy.

Pooled separate accounts: Valued on a net unit basis as determined by the trustee. The net unit value is based on the quoted price of the underlying investments held in the accounts, adjusted for any plan or participant expenses. The net unit value is not a publicly quoted price in an active market.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Self-directed brokerage accounts: These accounts may include money market funds, mutual funds, common stock and exchange-traded funds all of which are valued at the closing price reported in the active market in which the securities are traded and are classified within Level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Self-directed brokerage accounts	$ 134,658	$ -	$ -	$ 134,658
Mutual funds	10,057,972	-	-	10,057,972
	10,192,630	-	-	10,192,630
Investments measured at Net asset value (a)				831,294

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017, respectively:

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/Collective Trust	$831,294	None	Daily	None

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate account	$10,857,448	None	Daily	None

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan held a deposit liability with no defined maturities in a stable value fund with the trustee. This contract meets the fully benefit-responsive investment contract criteria and is reported at contract value on the statements of net assets available for benefits. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses. The contract value of the traditional investment contract held by the Plan was $- and $554,856 at December 31, 2018 and 2017, respectively.

The stable value fund is a group annuity contract, backed by the creditworthiness of the trustee. Deposits made to the investment contract are deposited in the trustee's general account. The repayment of principal and interest credited to participants holding the investment is a non-transferable financial obligation of the Trustee. The effective guaranteed crediting rate is set on a semi-annual basis at levels competitive with similar investments like money market or CD type investments.

NOTE 5- FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

There is no stated minimum or maximum interest rate. Contract charges may reduce returns. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Such events include the following: (a) the Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC, (b) premature termination of the contracts, (c) Plan termination or merger, (d) changes to the Plan's prohibition on competing investment options, or (e) bankruptcy of the Company or other Company events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Such events include the following: (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, or (d) a material amendment to the agreements without the consent of the issuer.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain Plan investments are units in various mutual funds and common/collective trust accounts managed by the Reliance Trust Company, the trustee of the Plan. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. These transactions qualify as party-in-interest transactions exempt from the prohibited transactions rule of ERISA.

NOTE 7 – INCOME TAX STATUS

The Plan adopted a volume submitter document, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

NOTE 7 – INCOME TAX STATUS (CONTINUED)

Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the internal revenue code. Therefore, no provision for income taxes has been included in the Plan's financial statements. Administration errors, if any, that are insignificant or operational in nature, are handled by the administrator in accordance with applicable IRS correction policies.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's income tax returns remain subject to examination for the years 2015 through 2017 for federal purposes and the years 2014 through 2017 for state purposes.
