1 SOURCE BUSINESS SOLUTIONS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the 1 Source Business Solutions 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a multiple employer defined contribution plan covering eligible employees of 1 Source Business Solutions, LLC (the Sponsor or the Company) and Adopting Employers. Employees are eligible to participate in the Plan based on elections made by the Adopting Employers (Participating Employers). The provisions of the Plan as applicable to the Adopting Employer and its employees are based on the selections of the Adopting Employer with respect to the variable features provided by the Plan Document and the adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Retirement Committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

The Plan is a multiple-employer plan as described in Section 413(c) of the Internal Revenue Code (IRC). The Company is a Professional Employer Organization (PEO) and provides payroll processing and human resource services to its clients. Each client of the Company has the option of adopting this Plan for the benefit of its employees. A client establishes its eligibility requirement related to age and length of service for its employees in accordance with the Plan Document and IRC. An Adopting Employer may elect to waive or change the service eligibility requirement for individuals who are performing services for the Adopting Employer as of the date the Plan is adopted. However, hiring individuals after the adoption date is subject to the standard requirements, unless otherwise elected.

Contributions

Each year, participants in the Plan may contribute an amount of annual compensation as elected by their Adopting Employer within the limits prescribed by the Internal Revenue Service (the IRS). Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. For the years ended December 31, 2018 and 2017, individual participants' contributions were limited to \$18,500 and \$18,000, respectively. Participants who are age 50 and older may also contribute an additional \$6,000 for each of the years ended December 31, 2018 and 2017. Participants may change their contribution percentages at any time or may elect to completely suspend contributions at any time. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each Participating Employer elects the level of safe harbor, matching and/or profit-sharing contributions. Contributions are subject to certain IRS limitations. Roth deferrals are allowed under the Plan, if elected by Adopting Employers. Participating Employer contributions, if any, are recorded in the year for which the contributions apply. Aggregate Participating Employer contributions for the years ended December 31, 2018 and 2017 amounted to \$679,807 and \$496,400, respectively. Participating Employer contributions are invested in funds in accordance with the participant's direction and the Plan's provisions.

Participant accounts

Each participant's account is credited with the participant's contributions and their Adopting Employer's matching contributions, as well as allocations of their Adopting Employer's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1 SOURCE BUSINESS SOLUTIONS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Vesting of benefits

Participants are immediately vested in their voluntary contributions and the Participating Employer's safe harbor contributions, if applicable, plus actual earnings thereon. Vesting the remainder of their account is based on years of continuous service. A participant generally does not begin to vest until year two and increase ratably until fully vesting in year six. However, vesting schedules vary based on the Adopting Employer's elections. Participants also become fully vested upon retirement age, death or becoming disabled.

Forfeitures

Any nonvested amounts in a terminated participant's account are forfeited by the participant and transferred to a forfeiture account. Forfeitures shall be used to pay Plan expenses or to reduce the Participating Employer's future matching contributions. There were no forfeitures utilized to reduce Participating Employer contributions for the years ended December 31, 2018 and 2017. At December 31, 2018 and 2017, forfeited nonvested accounts available for use totaled approximately \$22,000 and \$8,000, respectively.

Payment of benefits

Upon termination of service due to death, disability, retirement, or other reasons, or qualifying under certain "hardship" rules, as prescribed by the IRS, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, installment payments, or a rollover into another qualified plan. Additionally, participants reaching 59½ years of age may receive in-service distributions from the Plan, or for heavy financial hardship needs, as defined by the Plan Document.

Participant notes receivable

Participants may borrow from their fund accounts a minimum of \$1,000 and up to the lesser of 50% of the value of their vested account balance or \$50,000. Loan terms may not exceed five years, except in the case of loans for the purchase of a primary residence. The loans are secured by the balance in a participant's account and bear interest, ranging from 4.25% - 6.25% as of December 31, 2018. Principal and interest is paid ratably through regular payroll deductions.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets.

Plan administration

The Plan is administered by the Company pursuant to the terms and conditions of the Plan and trust. Under the terms of the Plan, by action of the Board of Directors of the Company, the Company may designate one or more of its employees to perform the duties of the Plan Administrator. Lincoln National Life Insurance Company (Lincoln or the Custodian) is the Custodian and recordkeeper. Pinnacle Financial Services, Inc. is the Plan's third party administrator.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

1 SOURCE BUSINESS SOLUTIONS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan Document.

Administrative expenses

Administrative expenses for the years ended December 31, 2018 and 2017 were \$117,913 and \$80,871, respectively.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market and credit. Due to the high level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Concentration of credit risk

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of the Plan's debt securities included in investment vehicles. Management believes that the Custodian maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment.

Payment of benefits

The Plan records benefits when paid.

1 SOURCE BUSINESS SOLUTIONS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Unit values

Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the accounts, but have an interest therein represented by units valued daily. The accounts earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan subsequently refunded the excess contributions to the applicable participants.

Uncertain tax positions

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) FASB ASC Topic 740, *Income Taxes*, requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2018 that it would be unable to substantiate.

New accounting pronouncement

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement* (Topic 820), *Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). The amendments in ASU 2018-13 modify the disclosure requirements in Topic 820 of the disclosure framework. The modifications include the removal of the requirement to disclose the amount of and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy of timing between levels, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

Also, in lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. Additionally, for certain entities that calculate net asset value, an entity is required to disclose the timing of an investee's assets and the date when restrictions from redemptions lapse only if the investee has communicated the timing to the entity or announced the timing publicly. ASU 2018-13 is effective for fiscal years beginning December 15, 2019 with early adoption permitted to any removed or modified disclosures of this update. Plan management is evaluating the effect of ASU 2018-13 on its financial statements and related disclosures.

Note 3 – Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2018 and 2017;

1 SOURCE BUSINESS SOLUTIONS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 3 – Information Certified by the Custodian, Continued

- Net investment activity and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017;
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2018 and 2017. During the years ended December 31, 2018 and 2017, there were no transfers of financial instruments into or out of Level 3.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts - Valued at its NAV based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

Guaranteed funds - Valued at NAV based on contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

1 SOURCE BUSINESS SOLUTIONS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements, Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Fair Value Measurements as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 8,085,194	\$ -	\$ 8,085,194
Guaranteed funds*	-	-	-	<u>1,178,141</u>
Investments, at fair value	<u>\$ -</u>	<u>\$ 8,085,194</u>	<u>\$ -</u>	<u>\$ 9,263,335</u>

Fair Value Measurements as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 6,947,194	\$ -	\$ 6,947,194
Guaranteed funds*	-	-	-	<u>884,605</u>
Investments, at fair value	<u>\$ -</u>	<u>\$ 6,947,194</u>	<u>\$ -</u>	<u>\$ 7,831,799</u>

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share and contract value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented on the statements of net assets available for benefits.

Note 5 - Group Annuity Contract with National Insurance Company

The Plan has fully benefit-responsive guaranteed investment contracts with The Lincoln National Life Insurance Company (Lincoln) totaling \$1,178,141 for 2018 and \$884,605 for 2017. Lincoln maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and has no minimum or maximum rate. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Contract value approximates fair value as the accounts can be redeemed daily. The guaranteed funds have no unfunded commitments.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5 - Group Annuity Contract with National Insurance Company, Continued

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Note 6 – Related Party and Party-In-Interest Transactions

The Plan's investments are administered by Lincoln National Life Insurance Company; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for contract administration services paid to Lincoln approximated \$77,000 and \$61,000, for the years ended December 31, 2018 and 2017, respectively. In addition, Lincoln receives revenue from service providers for services Lincoln provides to the funds. This revenue is used to offset certain amounts owed to Lincoln for its administrative services.

During the years ended December 31, 2018 and 2017, the Plan also paid approximately \$40,000 and \$20,000, respectively, to other service providers for investment, legal, auditing and third party administrative services.

Note 7 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Adopting Employers' contribution portion of their account.

Note 9 – Tax Status

The Plan adopted the Volume Submitter Prototype Non-Standardized Plan (VSP) sponsored by Pinnacle Financial Services, Inc. Pinnacle Financial Services, Inc., obtained a favorable opinion letter dated March 31, 2014; however, such letter is only applicable to Pinnacle Financial Services, Inc. The Plan Administrator has adopted all plan provisions within the volume submitter document and believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 11 – Plan Transfers

Qualified plans sponsored by certain Adopting Employers may be merged into the Plan in conjunction with such Adopting Employers' adoption of the Plan. New participant accounts are then created for such participants in the Plan.

In addition, the account balances of participants employed by certain Adopting Employers who terminate their leasing arrangements with the Company during the year may be transferred out of the Plan to other qualified plans.

Note 12 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2018 through October 2, 2019, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
