WM. A. STRAUB, INC. 401(K) PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

(1) Description of plan

The following description of the WM. A. Straub, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan was adopted on January 1, 2012 to provide retirement benefits for employees of WM. A. Straub, Inc. (the "Employer"). The Plan covers substantially all employees who have completed six months of service and are age 18 or older ("participants"). Eligible employees can begin participating in the Plan on the first day of each calendar quarter following when the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective August 9, 2018, the Employer acquired Midtowne Market, LLC. The defined contribution plan sponsored by Midtowne Market, LLC was terminated and participants' funds were transferred into the Plan. The amounts that were transferred into this Plan are \$2,266,386 and are reflected as transfers in on the statement of changes in assets available for benefits.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC") or may be made after-tax in the form of a Roth contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

During 2018 and 2017, the Employer made safe harbor matching contributions equal to 100% of non-union participant's contributions not to exceed 4% of the participant's compensation. Union employees are not eligible to share in the allocation of the Employer's discretionary profit sharing contributions or the Employer's safe harbor matching contributions.

The Plan also provides that the Employer may contribute each year a discretionary profit sharing amount to non-union participants; however, such discretionary contributions by the Employer are not required. No discretionary profit sharing contributions were made by the Employer during 2018 or 2017.

Employer and participant contributions may not exceed the maximum amount allowable for income tax purposes.

WM. A. STRAUB, INC. 401(K) PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

(c) Participant accounts

Each participant's account is credited or charged with the participant's and Employer matching contributions and allocations of the Employer profit sharing contributions, investment earnings or losses and administrative expenses. Allocations are based on participant's compensation or account balances, or specific participant transactions as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Non-union employees are immediately vested in their elective salary deferral contributions and the Employer's safe harbor matching contributions plus actual earnings (losses) thereon. Union employees are immediately vested in their elective salary deferral contributions plus actual earnings or losses thereon. Vesting in the Employer's discretionary profit-sharing contributions and non-union participants vest 20% after two years of service and 20% each year thereafter until they become 100% vested after six years of service.

(e) Participants notes receivable

Each participant may borrow from his or her fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her account balance. The loans are secured by the balances in the participant's accounts and bear interest at a fixed rate ranging from 4.25% to 6.25%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum payment equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant will be entitled to receive the value of the vested interest in his or her account as a lump sum distribution.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Employer contribution portion of their accounts. These accounts will be used to reduce future Employer contributions and pay administrative expenses.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

WM. A. STRAUB, INC. 401(K) PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

(i) Administrative expenses

Certain administrative expenses are paid by the Employer; while certain administrative expenses are paid by the Plan. Fees related to recordkeeping services and the administration of the Plan distributions and notes receivable from participants are charged directly to the participant's account. Certain fees incurred by the Plan for the investment management services are netted within net (depreciation) appreciation in fair value of the investments, as they are paid through revenue sharing rather than as a direct payment from the Plan.

(j) Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

(b) Investment valuation and income recognition

Investments are reported at fair value or contract value as reported by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (collectively, "Principal") and Lincoln National Life Insurance Company ("Lincoln"). The investment values are discussed more fully in Note 4 and Note 5.

Purchases and sales of securities are recorded on a trade-date basis. See Note 4 for further discussion of fair value measurements. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan agreement.

WM. A. STRAUB, INC. 401(K) PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

Management of the Plan has evaluated events and transactions that occurred between December 31, 2018 and October 15, 2019, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Information related to investments reported and disclosed in the accompanying financial statements and supplemental schedule, including both the fair value and contract value of investments held at December 31, 2018 and 2017, and (depreciation) appreciation in the fair value of investments, interest and dividend income, and interest on notes receivable from participants for the years ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal as of December 31, 2018 and for the period from August 10, 2018 to December 31, 2018 and by Lincoln as of December 31, 2017 and for the period from January 1, 2017 to August 9, 2018.

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

WM. A. STRAUB, INC. 401(K) PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

- (i) ***Mutual funds:*** Valued at the net asset value ("NAV") of shares held by the Plan at year end in an active market.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

WM. A. STRAUB, INC. 401(K) PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

**Fair Value Measurements as of
December 31, 2018 using the following inputs**

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>3,795,820</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 3,795,820
Investments measured at NAV as a practical expedient (a)				<u>202,673</u>
Investments at fair value				\$ <u>3,998,493</u>

(a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions or redemption notice period for these investments

<u>Description</u>	<u>Fair Value 12/31/2018</u>	<u>Fair Value 12/31/2017</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 202,673	\$ 2,451,311	N/A	Daily	N/A

(5) Investment contract with insurance company

The Plan has entered into investment contracts with Principal and Lincoln as of as of December 31, 2018 and 2017, respectively. The investment contracts are considered fully benefit-responsive. Principal and Lincoln maintains the Plan's contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract was \$192,224 and \$99,182 as of December 31, 2018 and 2017, respectively.

WM. A. STRAUB, INC. 401(K) PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan,) (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Employer or other Employer events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The investment contract does not permit Principal and Lincoln to terminate the agreements prior to the scheduled maturity date.

(6) Income tax status

The Plan adopted a prototype profit sharing plan that obtained a favorable determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable provisions of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Related-party and party-in-interest transactions

Plan investments consist of pooled separate accounts, and a guaranteed investment contract which are managed by Principal as of December 31, 2018 and for period from August 10, 2018 to December 31, 2018, and Lincoln for period from January 1, 2017 to August 9, 2018 and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, Plan paid expenses to various service providers and held notes receivable from participants which also qualify as party-in-interest transactions.

(8) Risks and uncertainties

The Plan invests various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.
