NOTE 1 – DESCRIPTION OF PLAN

The following description of the Wineshipping.com, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Wineshipping.com, LLC (the Company), excluding those who are covered by a collective bargaining agreement, are nonresident aliens, leased employees, or independent contractors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and serves as Plan administrator.

Eligibility –

Participant contributions: Employees are eligible to participate in the Plan upon hire.

Employer Safe Harbor contributions: Employees who are making elective deferrals are eligible to receive the employer Safe Harbor contribution upon attaining age 21 and after completing one year of service in which at least 1,000 hours are worked.

Employer nonelective contributions: Employees are eligible to receive the employer nonelective contribution upon attaining age 21 and completing one year of service in which at least 1,000 hours are worked. Eligibility to participate in the nonelective contribution is on a semi-annual basis beginning with January 1.

Contributions –

Employee contributions: Participants may elect to defer up to 100% of eligible compensation, subject to limitations imposed by federal tax law. Participants age 50 and older may elect to defer additional amounts up to defined Internal Revenue Service (IRS) limits. Participants may also contribute amounts representing distributions from other qualified defined contribution plans as well as making Roth deferrals.

Employer Safe Harbor contributions: In accordance with Plan provisions, the Company will make a Safe Harbor contribution each pay period equal to 100% of the participant's elective deferral that does not exceed 3% of compensation, plus 50% of the participant's elective deferral that exceeds 3% of compensation but does not exceed 5% of compensation. Any required true-up will be calculated at year end. Employer Safe Harbor contributions for the year ended December 31, 2018, were $203,429.

Employer nonelective contributions: A discretionary contribution may be made by the Company to participants' accounts on an annual basis, based upon allocation groups, as defined in the Plan document. There were no employer discretionary contributions for the year ended December 31, 2018.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are fully vested in their elective deferrals, rollover contributions, the employer Safe Harbor contribution, plus actual earnings thereon. The employer nonelective contributions, and earnings thereon, are vested in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Notes receivable from participants – A participant may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case the loan must be repaid within a reasonable period of time not to exceed 20 years. Under the terms of the Plan Agreement, Plan loans will bear a reasonable rate of interest based on the prime rate pushed by Bank of America plus one percentage point. Principal and interest are paid ratably through bi-monthly payroll deductions. As of December 31, 2018, the rates of interest on outstanding loans ranged from 4.25% to 6.00% with various maturities through June 2022.

Payment of benefits – A participant may receive the value of the vested interest in their account as a lump-sum distribution or a partial nonperiodic distribution. A mandatory cash-out threshold of $5,000 is also enforceable.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, must be used in the subsequent year, and will be used to pay administrative expenses, restore forfeited account balances of eligible rehires, or to reduce future employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value and contract value. The Plan's custodian, Voya Retirement Insurance and Annuity Company (Voya), certifies the contract value of the guaranteed investment contract and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts (FBRIC) because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable to participants are reclassified as distributions upon occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain Plan administrative expenses may be paid out of the forfeiture account or paid by the Company. If paid by the Company, they are excluded from these financial statements. Investment management, distribution, and loan transaction fees are paid by the Plan participants. Investment related expenses are included in net depreciation in fair value of investments and all other expenses charged directly to the participant's account are included in administrative expenses.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 14, 2019, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value (NAV) practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

The Plan has significant investments in the following PSAs:

Voya Financial Large-Cap Growth: This fund invests primarily in stocks of larger U.S. companies and seeks to generate capital gains rather than income.

Voya Financial Index Solution Funds: These funds seek to achieve the best risk adjusted performance based on the "target" allocations of the particular fund based on risk tolerance or length of time to investment goal.

Voya Financial American Funds American Balanced: This fund seeks to "balance" growth of principal and current income by investing in a combination of stocks and bonds.

Voya Financial Vanguard 500 Index: This fund seeks long-term growth of capital or a combination of growth and income by investing primarily in stocks of larger, mature companies.

The following table provides additional information for investments in certain entities that calculate NAV per share (or its equivalent):

	Fair Value 12/31/2018	Fair Value 12/31/2017	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
Pooled separate accounts	$ 3,318,040	$ 3,364,092	Daily	Daily	None

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the NAV of the PSAs and, consequently, the fair value of the Plan's investments.

NOTE 4 – GUARANTEED INVESTMENT CONTRACT WITH VOYA

In 2012, the Plan entered in to a FBRIC with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00%. The crediting rate is reviewed on an annual basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) An uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

NOTE 5 – TAX STATUS

The Plan document is a volume submitter profit sharing defined contribution plan that received a favorable opinion letter from the IRS on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure in or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.
- Net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2018.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya, the custodian of the Plan; therefore, transactions with this entity qualify as exempt party-in-interest transactions.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan terminated, amounts allocated to a participant's account become fully vested.

NOTE 10 – DELINQUENT CONTRIBUTIONS

As disclosed in the accompanying supplemental schedule, certain employee deferrals for Plan years 2016 and 2017 were not remitted to the Plan within a timely manner based on when the amounts were withheld from participant paychecks. In 2019, the Company calculated the lost earnings on these untimely remittances, and participant accounts were credited with the amount of income that would have been earned had the contributions been remitted on a timely basis subsequent to year end.
