Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we have not obtained sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investments and notes receivable from participants and executes the related transactions. The Plan administrator obtained a certification from the trustee as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

Tiff's Treats GP, LLC 401(k) Plan

Notes to Financial Statements

As of December 31, 2018 and 2017
and for the year ended December 31, 2018

1. Description of the Plan

Tiff's Treats GP, LLC 401(k) Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of Tiff's Treats GP, LLC (the "Company" or "Plan Sponsor"). The Plan became effective January 1, 2012 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All Plan assets are held by Reliance Trust Company. Complete information regarding the Plan is included in the Plan agreement. Significant Plan provisions are summarized below.

On December 31, 2018, Reliance Trust Company liquidated the Plan's investments and transferred the proceeds from the liquidation to Nationwide Financial Services. Effective January 1, 2019, the Plan adopted the Nationwide Financial Services, Inc. Volume Submitter 401(k) Profit Sharing Plan and Nationwide Financial Services became the Plan's custodian and recordkeeper.

Eligibility

Employees of the Company are eligible to participate in the Plan beginning on the first day of the month coinciding with or following the attainment of six months of service, as defined.

Contributions

Participants are allowed to make elective pre-tax or Roth contributions to the Plan in an amount equal to not less than 1% or more than 90% of their Plan compensation, as defined, subject to limitation under the Internal Revenue Code (IRC). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible Plan compensation. The automatic deferral percentage increases by 1% at the beginning of each Plan year, up to a maximum of 10%, unless the participant elects another deferral rate or elects not to participate.

The Company may make contributions to the Plan of amounts determined and authorized by the Company's Board of Directors up to the maximum amounts permitted by the IRC. The Company's matching contributions are discretionary and are based on each participant's contribution. The Company may also make discretionary non-elective contributions. No matching or discretionary non-elective contributions were approved or made for 2018. However, the Company made a corrective contribution of $31 due to a missed deferral.

1. Description of the Plan (continued)

Participant Accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) the participant's contributions, (b) an allocation of employer contributions, and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses, and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollover contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary non-elective contributions plus actual earnings thereon is based on years of credited service, as defined. A participant is 100% vested upon death, disability, or retirement. Company matching and discretionary non-elective contributions are subject to the following vesting schedule:

Years of Service	Vested Benefits
Fewer than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or greater	100%

Forfeitures

Unvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has a five-year period of severance or break-in-service, as defined by the Plan. Forfeitures are retained in the Plan and first used to pay Plan administrative expenses with any remaining amounts used to reduce future employer contributions. There were no forfeitures for the year ended December 31, 2018 and no forfeited unvested account balance at December 31, 2018 or 2017.

1. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 and up to a maximum of i) $50,000 reduced by the highest outstanding note receivable balance over the prior twelve months less the outstanding balance on the date a new note receivable is made or ii) 50% of their vested account balance, whichever is less. Notes receivable from participants are secured by the vested balance in the participant's account and bear interest at the prime rate plus 2%. Participants may have up to two notes receivable outstanding at a time. Principal and interest are paid ratably through payroll deductions over a period generally not to exceed five years, unless the funds are used for purchase of a principal residence, in which case repayment terms may be extended.

Payment of Benefits

Upon termination of service due to death, disability, normal retirement after reaching age 65, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in installments, partial withdrawals or a lump-sum payment. In general, if a participant's vested account balance, as defined by the Plan, is greater than $5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement without the participant's consent. Participants' account balances that are less than $5,000, but in excess of $1,000 (the involuntary cash-out amount) will be paid as a direct rollover to an individual retirement account. However, regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than $5,000. Distributions are subject to the applicable provisions of the Plan agreement.

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

1. Description of the Plan (continued)

Cash and Cash Equivalents

Cash and cash equivalents includes funds in transit at year-end related to the change in custodian.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies using information provided by the investment advisers and the trustee. See Note 3 for discussion of fair value measurements.

2. Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. For notes receivable from participants that become delinquent, are not cured and result in default, the amount of the unpaid note principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs (i.e. as termination of employment).

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants after March 15, 2019 and will pay the appropriate excise taxes.

Payment of Benefits

Benefits to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

2. Significant Accounting Policies (continued)

Subsequent Events

The Company evaluated events occurring between the end of the most recent Plan year and through October 7, 2019, the date the financial statements and supplemental schedule were available to be issued. No specific subsequent events have occurred as of October 7, 2019, other than the adoption of a new Plan Agreement and the change in the Plan's custodian and recordkeeper as discussed in Note 1.

3. Fair Value Measurements

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan uses a three-tier fair value hierarchy based upon observable and unobservable inputs as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. Fair Value Measurements (continued)

- *Common collective trust funds (SSGA S&P Mid Cap Index Fund, SSGA Russell Small Cap Index Fund, SSGA S&P 500 Index Fund, SSGA REIT Non Lending Series Index Fund, SSGA International Index Series VIII Fund, SSGA US Government Money Market Fund)*: The State Street funds are common/collective trust funds for which State Street Bank and Trust Company acts as custodian. Units of the common/collective trusts are stated at NAV as provided by the investment manager. The NAV is used as a practical expedient to estimate fair value. The funds invest in a diversified portfolio of assets. The funds have no unfunded commitments or redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,077,411	$ –	$ –	$ 1,077,411
Total investments, at fair value	$ 1,077,411	$ –	$ –	$ 1,077,411

Investments, at fair value, that are valued using NAV as a practical expedient totaling $272,017 have been excluded from the tables above as of December 31, 2017.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

3. Fair Value Measurements (continued)

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no significant transfers in or out of Levels 1, 2 or 3.

4. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2018 and 2017.
- Total investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

5. Related-Party and Party-In-Interest Transactions

Reliance Trust Company serves as the Plan's trustee and, as such, transactions with this entity qualify as party-in-interest transactions under ERISA. The Plan Sponsor pays directly fees related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all members shall become fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted and the remaining assets distributed.

7. Income Tax Status

The Plan adopted a prototype basic plan document that received an opinion letter from the IRS on July 8, 2014, which stated that the prototype basic plan document is designed in accordance with the applicable sections of the IRC. In accordance with Revenue Procedures 2019-4 and 2015-36, the Company has determined that it is eligible to and has chosen to rely on the current IRS opinion letter. The Plan has adopted other required and discretionary amendments. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, and for the year ended December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.

For the year ended December 31, 2018, the Plan administrator determined that certain operational errors existed with respect to the Plan. The Plan Sponsor is in the process of quantifying and correcting these operational errors in accordance with applicable IRS guidelines in order to maintain the Plan's continued qualified status.

8. Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. During 2018, the Plan Sponsor failed to remit to the Plan's trustee certain employee contributions totaling $320,425 within the period prescribed by DOL regulations. Delays in remitting contributions to the trustee were due to administrative errors. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan Sponsor is in the process of quantifying and taking corrective actions, including payment of lost interest and related taxes and penalties.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2018 and 2017:

	December 31, 2018	December 31, 2017
