This representation letter is provided in connection with your audits of the financial statements of rewardStyle 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017; the related statement of changes in net assets available for benefits for the year ended December 31, 2018; and the related notes to the financial statements.

We have determined that the Plan custodians, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, qualify to issue a certification of the Plan's asset activity under Section 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations. Therefore, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to asset information certified or provided by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians, other than comparing that information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information that you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedules as a whole.

We confirm, to the best of our knowledge and belief, that as of the date of this letter:

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit arrangement letter dated May 24, 2019, for the preparation and fair presentation of the financial statements referred to above in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP).

2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.

4. We are responsible for making the accounting estimates included in the financial statements. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable and reflect our judgment based on our knowledge and experience about past and current events, and our assumptions about conditions we expect to exist and courses of action we expect to take.

   In that regard, we are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services or other third parties. The methods and significant assumptions used to determine fair values of the financial instruments are described in Note 4 of the financial statements.

5. All significant estimates and material concentrations known to management that are required to be disclosed in accordance with the Risks and Uncertainties Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) have been properly recorded

and/or disclosed in the financial statements. Significant estimates are estimates at the statement of net assets available for benefits date that could change materially within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets in which events could occur that would significantly disrupt normal finances within the next year.

6. Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.

7. Transactions with parties in interest, as defined in ERISA Section 3(14) and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements and guarantees, and amounts receivable from or payable to related parties have been appropriately accounted for and disclosed.

8. All events subsequent to the date of the financial statements, and for which U.S. GAAP requires adjustment or disclosure, have been adjusted or disclosed.

9. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.

10. We have no intention to terminate the Plan.

    a. We have made all management decisions and performed all management functions;

    d. We have accepted responsibility for the results of the services; and

    e. We have accepted responsibility for all significant judgments and decisions that were made.

13. We have informed you of all uncorrected misstatements.

    As of and for the year ended December 31, 2018, we believe that the effects of the uncorrected misstatements aggregated by you and summarized below are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. For purposes of this representation, we consider items to be material, regardless of their size, if they involve the misstatement or omission of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

    c. Others where the fraud could have a material effect on the financial statements.

20. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators or others.

22. We have disclosed to you the identity of the Plan's related parties and parties in interest and all the related-party and party-in-interest relationships and transactions of which we are aware.

coverage requirements of the Plan, ERISA and the Internal Revenue Code (IRC), and (d) the filing requirements of appropriate agencies, except as follows:

- During the 2017 Plan year, certain contributions were withheld from participants and were not contributed to the Plan in a timely manner. Correction of the errors began in 2018 and will continue to be made until all untimely contributions have been remediated.

- During the 2017 Plan year, certain contribution amounts remitted to the Plan were incorrect resulting in some participant's contributions being under-funded by approximately $10,000. The Company began the correction process in 2018 and will continue until the errors have been full remediated. Additionally, other participant's contribution amounts were over-funded by approximately $38,000. We have determined that a correction will not be made to the over-funded participant accounts. We recognize that upon examination, the IRS may disagree with this method. In such event, we agree to take appropriate actions to retain the Plan's tax advantaged status.

30. We have complied with the DOL's regulations concerning the timely remittance of participants' contributions to trusts containing assets for the Plan, except as follows:

    - We have disclosed non-exempt (prohibited) party-in-interest transactions related to late deposits of employee deferrals related to the 2017 Plan year. Lost earnings on the deposits were calculated and will be deposited to the trust by the plan sponsor in 2019. The corrections will be paid out by the Plan Sponsor and not the Plan's assets. The late deposit amounts totaled $154,428. This correction will be made outside of the DOL's Voluntary Fiduciary Correct Program. We understand that others, including the IRS or DOL, may view our circumstances differently and arrive at another conclusion. In such event, we agree to take appropriate action to retain the Plan's tax advantaged status.

31. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations.

32. The IRS has determined and informed the Plan Sponsor, by a letter dated March 31, 2014 that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the IRC. We have operated the Plan and trust in a manner that did not jeopardize this tax status.

33. We have reviewed the complementary user entity control considerations of the Service Organization Controls (SOC 1) Report for Principal Life Insurance Company dated November 30, 2018 for the period ended September 30, 2018, State Street Corporation dated November 15, 2018 for the period ended September 30, 2018, and Exponent Technologies, Inc. dated February 20, 2019 for the period ended October 31, 2018, and we believe all applicable controls are properly designed and implemented and operating effectively.

Note 1. Description of Plan

The following description of the rewardStyle 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, as amended, for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan whereby eligible U.S. employees of rewardStyle, Inc. (the Company or Plan Sponsor) are permitted to make contributions that are tax deferred under Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has appointed Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (collectively, Principal) as the custodians of the Plan, and authorized Principal to invest and manage the assets of the Plan and to provide administrative services.

Eligibility: Employees become eligible for participation at the age of 21 and upon completing 30 days of service, as defined by the Plan. Employees excluded from the Plan include acquired employees and independent contractors.

Contributions: Under the Plan, employees are permitted to contribute up to 100% of their pretax compensation to the Plan, subject to certain maximum limitations imposed by the IRC. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC. Employees contribute each period through authorized payroll deductions. If employees choose to make Roth elective deferral contributions, earnings on such contributions will not be taxable if received in a qualified distribution.

The Plan requires a safe harbor matching contribution equal to 100% of participant's contributions that do not exceed 4% of the compensation.

Participants may also contribute amounts representing distributions from other qualified benefit plans.

Vesting: Participant are immediately fully vested in their contributions, rollover contributions, and the safe harbor matching contributions, plus actual earnings thereon.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's safe harbor matching contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment options: Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options any time throughout the year via internet or direct phone access to Principal.

Earnings derived from investment funds are reinvested in the fund to which they relate. Participants may elect to transfer all or any portion of the value of their individual accounts among investment funds.

Note 1. Description of Plan (Continued)

Benefits paid to participants: Upon termination of service due to death, disability or retirement, a participant or a designated beneficiary can receive their vested account balance in one lump-sum payment or, in certain cases, the participant can defer withdrawals. For termination of service due to other reasons, a participant may receive their vested account balance in one lump sum payment. If a participant's vested balance is $5,000 or less, the participant will receive a single distribution of their entire vested account balance. In-service distributions are permitted for participants that attain age 59 ½, or in situations of hardship or disability.

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The interest rate on outstanding loans ranges from 5.25% to 7.00% at December 31, 2018. Note receivable terms range from one to five years except notes for the purpose of acquiring a principal residence, for which longer term periods are allowed. Principal and interest is collected through payroll deductions, and loans have various maturity dates through January 2022. A participant may have only one note outstanding at a time.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are presented under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions from mutual funds that are reinvested are included in dividends and interest on the statement of changes in net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent notes receivable are treated as an asset on the statement of net assets available for benefits, and continue to accrue interest until they are considered to be in default. Notes receivable are considered to be in default according to terms of the Plan. Notes in default are classified as benefits paid to participants on the statement of changes in net assets available for benefits. There was no allowance for credit losses at December 31, 2018 or 2017 as the loans are fully collateralized by the participants' accounts.

Benefits paid to participants: Benefits paid to participants are recorded when paid.

Administrative expenses: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Plan.

Note 2. Significant Accounting Policies (Continued)

Recent accounting pronouncements: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. ASU No. 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and disclosure through October 15, 2019, the date on which the financial statements were available to be issued.

Note 3. Information Certified and Provided by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (collectively, Principal)

The following is a summary of the Plan's asset and income information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodians, Principal and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2018	2017
Investments, at fair value:		
Mutual funds	$ 500,643	$ 518,542
Collective investment trusts	2,028,905	1,595,486
	$ 2,529,548	$ 2,114,028
Investment, at contract value:		
Guaranteed income fund	$ 4,233	$ 5,416

The custodians also certified to the completeness and accuracy of $337,427 of net depreciation in fair value of investments, $61,397 of dividends and interest income related to the aforementioned investments and $2,875 of interest income on notes receivable from participants for the year ended December 31, 2018.

Note 4. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets of liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

- **Mutual funds:** Valued based upon quoted market prices in the active market in which they are traded.
- **Collective investment trusts:** Valued based on the net asset value (NAV) of shares held by the Plan based on the market value of its underlying investments as determined by the custodians. NAV is used as a practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used at December 31, 2018 and 2017. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
2018:				
Mutual funds	$ 500,643	$ -	$ -	$ 500,643
	$ 500,643	$ -	$ -	500,643
Collective investment trusts measured at NAV (i)				2,028,905
Total investments, at fair value				$ 2,529,548
2017:				
Mutual funds	$ 518,542	$ -	$ -	$ 518,542
	$ 518,542	$ -	$ -	518,542
Collective investment trusts measured at NAV (i)				1,595,486
Total investments, at fair value				$ 2,114,028

(i) In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between level based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2018 and 2017, there were no transfers between levels.

The following table sets forth additional disclosure of the Plan's investment in collective investment trusts, whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2018 and 2017:

	Fair Value as of December 31		Unfunded	Redemption	Redemption
Investment	2018	2017	Commitment	Frequency	Notice Period
Collective investment trusts:					
Balanced/asset allocation (a)	$ 2,028,905	$ 1,595,486	$ -	Daily	30 Days

(a) The collective investment trusts in this category are primarily collective trust funds that seek a total return consisting of long-term growth and current income. Selected funds within this category may invest in domestic and foreign equity, real assets and alternative investments, and fixed income funds. Investments in this category can be transferred once every 30 days at the current net asset value per share based on the fair value of the underlying assets. Participants are not allowed to transfer back into this category until the 30-day period has expired. New contributions are allowed during this time period.

Note 5. Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company, and certain others. As such, transactions conducted with the Company and Principal qualify as party-in-interest transactions.

Note 6. Income Tax Status

The Plan adopted a prototype non-standardized plan through Principal Life Insurance Company, which received an opinion letter from the Internal Revenue Service dated March 31, 2014 in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 7. Plan Termination

While it has expressed no intention to do so, the Company reserves the right to terminate the Plan. In the event of termination of the Plan, the net assets of the Plan will be distributed in compliance with the applicable provisions of ERISA.

Note 8. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Investment Contract with Principal Life Insurance Company

The Plan has entered into a fully benefit-responsive investment contract with Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

As the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

Note 10. Prohibited Transactions

During the Plan year ended December 31, 2017, the Company inadvertently failed to deposit $154,428 of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL) regulations. There were no late deposits identified in 2018. The DOL considers late deposits to be prohibited transactions. Lost earnings for the 2017 late deposits will be remitted to the Plan during the year ending December 31, 2019. The lost earnings and excise tax payments will be made from the Plan Sponsor's assets and not from assets of the Plan.
