A. DESCRIPTION OF PLAN

The following description of the DFT, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. GENERAL - The Plan is a defined contribution Plan covering all employees of the company who are age eighteen or older, except non-resident aliens. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On April 1, 2018 there was a custodial transfer from American United Life Insurance Company to Nationwide Life Insurance Company.

2. EMPLOYEE CONTRIBUTIONS - Participants can elect to contribute up to the lesser of $18,500 or 100% percent of their annual salaries. For participants who have attained age 50 by year-end, an additional catch-up contribution of $6,000 can be made.

3. EMPLOYER MATCHING CONTRIBUTIONS - On a quarterly basis, the Company will match the employee's contribution in an amount equal to the sum of 100% of the amount of the Participant's Deferrals that do not exceed 3% of the Compensation, plus 50% of the amount of the Participant's Elective Deferrals that exceed 3% of the Participant's Compensation but do not exceed 5% of the Participant's Compensation.

4. PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contribution, employer contributions and applicable allocation of Plan earnings (losses). Allocations are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

5. VESTING - Participants are immediately vested (100%) in their accounts for any and all of the participant contributions. However, the employer's matching contribution follows the below listed 6 year graded vesting schedule:

0-1 year of service	0%
2 years of service	20%
3 years of service	40%
4 years of service	60%
5 years of service	80%
6 years of service	100%

A. DESCRIPTION OF PLAN (continued)

6. INVESTMENT OPTIONS - Participants direct the way their funds are invested in any of the available investment options. Changes may be made on a daily basis, to the extent administratively feasible.

7. PAYMENT OF BENEFITS - Upon death, disability, retirement or termination of service, a participant may receive a distribution in an amount equal to the vested value of the participant's account. Distributions under the Plan are made in lump sums. No annuities are allowed.

8. PARTICIPANT LOANS - Loans to participants are not permitted from the plan.

9. ADMINISTRATIVE EXPENSES – DFT, Inc., Plan Administrator provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Certain fees relating to distributions are charged directly to participants' accounts and are included in administrative expenses. Certain record keeping fees are paid by the Plan and included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

10. FOREFEITURES - Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. The forfeited amounts may be used to reduce Company contributions or to pay certain operating expenses of the Plan. During the years ended December 31, 2018 and 2017, there were no forfeitures, as well as unallocated forfeitures.

11. PLAN TERMINATION PROVISIONS - Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participants' accounts will become 100% vested. The Plan Administrator will make the distributions of the participants' accounts in a manner permitted by the Plan and as soon as practicable.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the accrual method of accounting.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

All of the Plan's investments are stated at fair value, with the exception of American United Life Fixed Account, stated at contract value, as determined by and certified by American United Life Insurance Company, as of and for the year ended December 31, 2017. However, AUL believes the contract value represents the fair value of the investment. Refer to Note C for investments and information certified by the issuer, Note E for discussion on investments in insurance contracts and Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the period. Interest Income is recorded on the accrual basis.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

C. INVESTMENTS AND INFORMATION CERTIFIED BY THE TRUSTEES

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information as certified by American United Life Insurance Company and Nationwide Life Insurance Co., the trustees as complete and accurate, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedule:

C. INVESTMENTS AND INFORMATION CERTIFIED THE TRUSTEES (continued)

	2018	2017
INVESTMENTS AT FAIR VALUE	$ 1,556,831	$ 817,174
INVESTMENTS AT CONTRACT VALUE	$ -	$ 598,894
NET (DEPRECIATION) APPRECIACTION IN FAIR MARKET VALUE OF INVESTMENTS	$ (112,902)	$ 86,590
INTEREST INCOME	$ 906	$ 6,413

D. INCOME TAX STATUS

The Plan is an adoption of a prototype Plan, which has been approved via an opinion letter dated March 31, 2014 by the Internal Revenue Service as acceptable under Section 401 of the Internal Revenue Code. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan's income tax returns are subject to examination by the appropriate tax jurisdictions.

E. INVESTMENTS IN INSURANCE CONTRACTS

The Plan maintained a group annuity contract, the AUL Fixed Account, which is a traditional investment contract. The underlying investments options of this contract are considered to be fully benefit-responsive as described in FASB ASC 946, Plan-Accounting-Defined Contribution Pension Plans, and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

E. INVESTMENTS IN INSURANCE CONTRACTS (continued)

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed by the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. As of December 31, 2017, the crediting interest rate was 1.16% and 1.18%, respectively.

F. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. This framework provides a fair value hierarch that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value of hierarch are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

F. FAIR VALUE MEASUREMENTS (continued)

Level 3 Fair Value Measurements

Fair values are based on inputs other than quoted prices included within Level 1 that are unobservable and significant to the fair value measurements.

The asset and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

- *Pooled separate accounts:* These investments are public investment securities valued using the Net Asset Value ("NAV") provided by the investment custodians. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments held by each fund. A majority of the investments held by each fund are traded on an active market.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

F. FAIR VALUE MEASUREMENTS (continued)

The following table set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

		Fair Value Measurements at Reporting Date Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
December 31, 2018			
Pooled Separate Accounts:			
Total Assets at Fair Value	$ 1,556,831	$ -	$ 1,556,831

		Fair Value Measurements at Reporting Date Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
December 31, 2017			
Pooled Separate Accounts:			
Total Assets at Fair Value	$ 817,174	$ -	$ 817,174

F. FAIR VALUE MEASUREMENTS (continued)

The following presents additional information relative to Plan investments reported on Net Asset Value at:

Short Term High Quality Bond Fund
The main goal is to preserve the principal invested and provide a reasonable rate of return with a low level of overall risk. Investments may include highly diversified investment grade, fixed and floating rate securities including US Treasury Bills, wrap agreements with insurance companies and banks and high grade short term corporate bonds. The balance held in these funds as of December 31, 2018 and 2017 was $138,690 and $0, respectively.

Intermediate Term Bond Funds – Inflation Adjusted
A fund that seeks to provide total return and inflation protection consistent with inflation indexed securities by purchasing mainly inflation indexed bonds such as TIPS. The balance held in these funds as of December 31, 2018 and 2017 was $99,589 and $35,339, respectively.

Balanced Funds
Diversified fund of funds investing in a mix of U.S. and international broadly based equity investments but more heavily weighted to fixed income bond investments designed to conservatively protect principal while providing income and some exposure to capital appreciation. The balance held in these funds as of December 31, 2018 and 2017 was $859,340 and $581,059, respectively.

Large Cap Stocks
Divided among growth, value and a blend of both types of stocks limited to only large capitalized stocks found in the S&P 500 index. The balance held in these funds as of December 31, 2018 and 2017 was $181,431 and $138,310, respectively.

Mid Cap Stocks
Funds investing in a blend of growth and value domestic mid cap stocks which are smaller than the large cap stocks but bigger than the small cap stocks. One fund seeks to match the S&P 400 Mid Cap index. The balance held in these funds as of December 31, 2018 and 2017 was $104,076 and $13,154, respectively.

Small Cap Stocks
Funds invest in a broad portfolio of small cap stocks with a bias towards value and a fund that seeks to match the Russell Small Cap Index. The balance held in these funds as of December 31, 2018 and 2017 was $67,995 and $27,859, respectively.

F. FAIR VALUE MEASUREMENTS (continued)

Foreign Stocks
The funds seek to offer broad low cost exposure to international stocks of companies only in developed markets by tracking the MSCI EAFE Index. The balance held in these funds as of December 31, 2018 and 2017 was $85,468 and $8,176, respectively.

World Stocks
The fund is a large cap value oriented fund that invests in equity securities of companies anywhere in the world including developing markets. The balance held in these funds as of December 31, 2018 and 2017 was $20,242 and $13,277, respectively.

The pooled separate account investment funds are subject to the redemption frequency of one transaction per every sixty day period. There are no other redemption restrictions, redemption notice requirements, or unfunded commitments related to the pooled separate account investment funds as of December 31, 2018 and 2017.

G. PARTIES-IN-INTEREST TRANSATIONS

AUL and Nationwide Life Insurance Co., the Trustees, receive fees for various administrative services provided during the year. Fees paid using Plan assets during the years ended December 31, 2018 and 2017 for these services totaled $20,506 and $280, respectively.

Certain Plan investments are pooled separate accounts managed by AUL and Nationwide Life Insurance Co. One plan investment is the AUL Fixed Account, a guaranteed investment contract managed by AUL. AUL and Nationwide act as the trustees and record-keepers as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 15, 2019, the date the financial statements were available to be issued. No significant subsequent events have been identified by management.

J. DELINQUENT PARTICIPANT CONTRIBUTION PAYMENTS

During the Plan year ended December 31, 2017, the plan sponsor inadvertently failed to deposit $10,768 of participant deferrals within the required timeframe as stated by ERISA. These deferrals were deposited beyond the earliest expected date on which assets could be segregated from the employer's assets. The U.S. Department of Labor considers late deposits to be prohibited transactions.

The plan sponsor is in the process of calculating the 2017 lost earnings and will deposit into the Plan by November 15, 2019.

The plan sponsor is self-correcting these prohibited transactions and does not believe that these issues will have a material impact on the Plan's net assets available for benefits or the Plan's tax status.

The plan sponsor calculated lost earnings on delinquent contribution payments of $7,535 and deposited into the Plan in 2018.
