1 - DESCRIPTION OF PLAN

GENERAL

The Team Car Care 401(k) Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on March 1, 2018 (Inception) and covers substantially all employees of Team Car Care, LLC. (the "Company" and "Plan Administrator"). Two officers of the Company serve as the Plan's Trustee ("Trustee"). Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company (collectively, "Custodian" or "Principal") serve as the Plan's Custodian and record-keeper. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees, of the Company, become eligible for participation at the age of twenty-one after completing sixty days of eligible service, as defined by the Plan document. Employees may enroll in the Plan on the first day of the month after meeting the service requirements. Subject to certain limitations on annual additions, each participant's account is credited with employee salary deferrals, Company discretionary matching contributions, and an allocation of Plan earnings or losses, and charged with administrative expenses. The allocations are based on participant account balances, as defined.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute between 1% and 100% of his or her pretax and post-tax (Roth), subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,500 for 2018). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2018). Rollover contributions representing distributions from other qualified defined benefit or defined contributions plans are permitted.

The Plan allows for discretionary matching contributions in amounts to be determined by the Company. For the period March 1, 2018 (Inception) through December 31, 2018, the Company elected to contribute a discretionary matching contribution in the amount up to 4% of eligible contributions.

VESTING

Participants are immediately vested in rollover contributions, employee contributions, and any earnings thereon. Vesting of Company contributions and earnings thereon are based on years of continuous service. Participants vest 25% per year beginning after one year of service and are 100% vested after four years of service, as defined by the Plan document.

1 - DESCRIPTION OF PLAN, CONTINUED

INVESTMENT OPTIONS

The Plan provides for participants to direct both employee contributions and Company discretionary matching contributions into a variety of investment options, including collective investment trusts, pooled separate accounts, mutual funds of registered investment companies, and a guaranteed investment contract, in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

BENEFITS PAID TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Such withdrawals are subject to meeting hardship guidelines established by the Internal Revenue Service ("IRS"). Participants with vested account balances of $1,000 or less at the time of distribution will be cashed out as either an involuntary lump sum payment or by direct rollover into an individual retirement account or other eligible retirement plan.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts may be used to reduce future Company contributions or to pay Plan expenses. At December 31, 2018 forfeitures in the amount of $65 were available for use. During 2018, $43 was utilized to pay Plan expenses.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the IRS. The notes are secured by the balance in the participant's account and bear interest at a commercially reasonable rate of interest. Terms are generally limited to a maximum of five years, unless for the purchase of a primary residence, in which case the repayment period may not exceed fifteen years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. At December 31, 2018, existing notes receivable from participants range in maturity from October 2020 through March 2021, and the notes have interest rates ranging from 6.75% to 7.25%.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

1 - DESCRIPTION OF PLAN, CONTINUED

PLAN TERMINATION

Although it has not expressed any intent to do so, as of December 31, 2018, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements, in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

BENEFITS

Benefits are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for fully benefit-responsive guaranteed investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, (See "Note 3 – Fair Value Measurements"). Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan (See "Note 5 – Fixed Income Guaranteed Option"). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the period.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or loan policy of the Plan.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

3 - FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3 - FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Pooled separate accounts and collective investment trusts: Valued at the net asset value ("NAV") of shares held by the Plan at year end, as determined by the Custodian. The NAV, as provided by the Custodian, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account or collective investment trusts, the investment manager reserves the right to temporarily delay withdrawals from such funds in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments on these accounts at December 31, 2018.

Mutual Funds of Registered Investment Companies: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Collective investment trusts	$ -	$ 638,947	$ -	$ 638,947
Pooled separate accounts	-	50,636	-	50,636
Mutual funds of registered investment companies	387,609	-	-	387,609
Total investments, at fair value	$ 387,609	$ 689,583	$ -	$ 1,077,192

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Custodian as of December 31, 2018 and for the period from March 1, 2018 (Inception) through December 31, 2018, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedules.

5 – FIXED INCOME GUARANTEED OPTION

The Principal Fixed Income Guaranteed Option is a fully benefit-responsive group annuity contract issued by Principal Life Insurance Company. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. There is a surrender charge of 5% that may be charged based on cumulative transfer percentages and advance notice of intent to terminate if a plan terminates its interest in the contract unless a 12 month irrevocable advance notice is given. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market data (ex: swap curve rate).

5 – FIXED INCOME GUARANTEED OPTION, CONTINUED

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
- Premature termination of the contract
- Plan terminations or mergers
- Changes to the Plan's prohibition or competing investment options
- Bankruptcy of the Plan sponsor or other Plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contact
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

6 - TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Principal which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in pooled separate accounts, mutual funds of registered investment companies, collective investment trusts, and a guaranteed investment contract. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8 - PARTY IN INTEREST TRANSACTIONS

Plan investments include shares of collective investment trusts, pooled separate accounts, and a guaranteed investment contract managed by Principal. Principal is the Record-keeper and Custodian as defined by the Plan; therefore, these investments qualify as party-in-interest transactions. Fees paid by the Plan for various administrative expenses, including investment management services, amounted to $10,375 for the period from March 1, 2018 (Inception) through December 31, 2018.

9 – DELINQUENT CONTRIBUTIONS

For the period from March 1, 2018 (Inception) through December 31, 2018, employee withholdings in the amount of $38,453, were unintentionally late in being transferred to the Plan. The Company is correcting these late remittances with lost earnings and interest calculated using the DOL guidelines for late remittances in 2019.
