NETJETS INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2018 and 2017

(1) Plan Description

The following description of the NetJets Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan designed to offer employees of NetJets Inc. and Subsidiaries (collectively, the Company) the opportunity to participate in a savings and investment program. Participants must be 21 years or older, be regular non-union, salaried or hourly employees and have completed at least three months of service with the Company. Subject to certain restrictions, the Plan allows for the withdrawal of vested funds during a participant's active career. The Company makes additional contributions to participants' accounts as participants contribute to the Plan and the Company's contributions are subject to forfeiture provisions as described in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Each year participants are allowed maximum contributions up to 80% of earned compensation as defined by the Plan. Effective January 1, 2018, the Plan provides for automatic enrollment of eligible participants at a deferral rate of 3% of eligible compensation, unless the participant affirmatively elects otherwise. The participant's initial automatic contribution percentage will be increased by 1% on February 15 of each calendar year until the participant's deferral percentage reaches 80%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers). Rollover contributions are not eligible for the employer match. Contributions are subject to certain limitations.

The Company's matching contribution was equal to 53% and 52% of each participant's contribution up to 20% of earned compensation during 2018 and 2017, respectively. In addition, subsequent to the Plan's year-end, the Company matched 53% of each participant's contribution in excess of 20% of earned compensation for 2018, and matched 52% of each participant's contribution in excess of 20% of earned compensation for 2017, ultimately giving participants in the Plan a full 53% and 52% match on all contributions made to the Plan up to the Internal Revenue Service (IRS) maximum for 2018 and 2017, respectively.

Participants direct the investments of their contributions and employer contributions into various investment options offered by the Plan. The Plan offered 27 and 33 core investment options in 2018 and 2017, respectively. There is an option to open a self-directed brokerage account, Personal Choice Retirement Account (PCRA), to invest in additional mutual funds. The PCRA has no establishment or annual maintenance fee.

Notes to Financial Statements

December 31, 2018 and 2017

(1) Plan Description (continued)

(c) Participant Accounts

Each participant's account is comprised of the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings and, if applicable, charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Self-Directed Accounts

The Plan permits any participant to separately direct the investing activity of their assets in the Plan. As such, the funds are segregated and accounted for separately from the pooled accounts.

(e) Vesting

Participant contributions, plus actual earnings thereon, are 100% vested at all times. Employer contributions made to a participant's account become vested in accordance with the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Earlier vesting may occur upon: (1) participant attainment of age 65 (or early retirement age of 55, given five years of service), (2) death or (3) total disability. Under the plan document, forfeitures of employer contributions resulting from termination are used to reduce future employer matching contributions.

(f) Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance or \$50,000, whichever is less, subject to a minimum amount of \$1,000. Participants may only have one outstanding note at any time. Notes receivable terms shall not exceed five years, except for the purchase of a principal residence, in which case notes receivable terms are to be determined by the Company, not to exceed 10 years. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator, plus 1.00%. The interest rate ranges from 4.25% to 6.50% for all notes receivable outstanding at December 31, 2018 and 2017. Principal and interest are paid ratably through payroll deductions.

Notes to Financial Statements

December 31, 2018 and 2017

(1) Plan Description (continued)

(g) Payment of Benefits

Participant contributions may not be withdrawn from the Plan prior to termination of the participant's employment with the Company, unless the participant has either attained age 59½ or is able to demonstrate financial hardship, as defined in the plan document. Company contributions may be withdrawn, subject to specified limitations. The Plan also provides for distributions upon retirement, death or total disability, subject to specified conditions. Generally, distributions are made in lump sum, annuity or equal annual installments.

(h) Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$52,717 and \$245,016, respectively. These accounts are used to reduce employer contributions.

For the year ended December 31, 2018, employer contributions were reduced by \$945,718, including \$145,668, which was used to reduce the 2018 employer contribution receivable. For the year ended December 31, 2017, employer contributions were reduced by \$931,336, including \$143,609, which was used to reduce the 2017 employer contribution receivable.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Contributions

Participant contributions are recognized when due through salary withholding. Employer matching contributions are recognized at the time the related employee contributions are recognized.

(d) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the Fair Value Measurements footnote herein.

(2) Summary of Significant Accounting Policies

(d) Investment Valuation and Income Recognition (continued)

Net appreciation and depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. The capital gain distributions of the Plan's investments are reinvested within such funds and serve to increase the cost basis of the Plan's investments. Purchases and sales of securities are recorded on a trade-date basis.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded as soon as the participant's account is distributable.

(f) Distributions

Distributions are recognized when paid.

(g) Trustee and Administrative Fees

The Plan routinely incurs expenses for the services of actuaries, accountants, lawyers, third party administrators, and other advisors. Some of these expenses may be paid directly by the Company while other expenses may be paid from the assets of the Plan. Other administrative fees directly related to notes receivable from participants and redemption fees are paid by the participants.

(3) Information Prepared and Certified by Trustee (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the following information included in the accompanying financial statements and supplemental schedule (Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year)) was obtained from data that has been prepared and certified to as complete and accurate by Charles Schwab Bank (Schwab), the trustee of the Plan.

Interest income on notes receivable	188,511	187,829

(4) Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable for the asset or liability.

(4) Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued based on the net asset value (NAV) of shares held by the Plan at year-end.

*Common
Collective
Trust:*

Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions, and participants can transact daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 281,206,416	\$ -	\$ -	\$ 281,206,416

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 366,815,613	\$ -	\$ -	\$ 366,815,613

Total assets at fair value	\$ 368,348,007	\$ -	\$ -	\$ 387,024,513

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(5) Plan Termination

The Company reserves the right to discontinue its contributions or terminate the Plan at any time. Upon such termination and after distribution of expenses and profits or losses through the date of termination, all amounts allocated to each participant's account become fully vested immediately and participants are entitled to receive amounts allocated to their account. The Company has not expressed any intention to terminate the Plan.

(6) Income Taxes

Effective December 1, 2011, the Company adopted a prototype plan sponsored by Schwab, which received a favorable opinion letter from the IRS dated June 19, 2014. The Plan was restated effective January 1, 2017, as a volume submitter profit sharing plan with a cash or deferral arrangement sponsored by Thomson Reuters (Tax & Accounting) Services, Inc., which received a favorable opinion letter from the IRS dated March 31, 2014. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code (the Code). Accordingly, no provision for Federal income taxes has been made in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax position taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Transactions with Parties-in-Interest

Certain Plan investments are shares of mutual funds managed by Schwab. Schwab is the trustee as defined in the plan document and, therefore, these transactions qualify as party-in-interest transactions. Additionally, NFP Retirement and other investment and consultation firms provide investment advice and consulting to the Plan and thus they are considered parties-in-interest. Fees paid by the Plan to the above entities for administrative expenses amounted to \$80,763 and \$94,768 in 2018 and 2017, respectively.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2018 statement of net assets available for benefits.

(9) Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the accompanying financial statements were available to be issued.
