DAVITA MEDICAL GROUP 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 - DESCRIPTION OF THE PLAN

The DaVita Medical Group 401(k) Retirement Plan (the "Plan") is a defined contribution plan that provides retirement benefits to all eligible employees of DaVita Medical Group and its affiliates (together, the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted and became effective on January 4, 1989. The Plan was amended and restated on August 24, 2012.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. Eligibility

An employee, as defined in the Plan, who is at least 18 years of age and has completed one month of service is eligible to participate in the Plan. Participants who are at least 18 years of age and have completed one year of service are eligible for employer matching contributions as well as qualified non-elective employer contributions.

B. Contributions

Eligible employees who choose to participate in the Plan may contribute a minimum amount equal to 1%, up to a maximum amount of 60%, of their compensation, as defined in the Plan, subject to Internal Revenue Code (the "Code") limitations. Catch-up contributions are permitted. For participants who are eligible for Employer matching contributions, the Employer matches 50% of the employee's contribution of up to 6% of the employee's compensation for certain employee groups, and up to 3% of compensation for other employee groups. The Employer may also make discretionary contributions. The discretionary contributions are allocated to participant accounts based on the proportion that each participant's compensation bears to the total compensation of all participants for the Plan year, as defined in the Plan. In 2018, the Employer made discretionary contributions of \$7,619,804 for certain qualifying employees.

C. Participant Accounts

Each participant's account is credited with (a) his or her own contributions; (b) rollover contributions; (c) the Employer's matching and/or nonelective contributions; and (d) investment earnings.

D. Forfeitures

Forfeited accounts represent terminated employees' unvested portion of the Employer's contributions plus actual earnings thereon. Forfeited balances of terminated participants' non-vested accounts may be used to reduce Employer contributions due, restore forfeitures of reemployed participants, pay Plan expenses, and correct administrative errors that may have occurred. The Plan held forfeiture reserves totaling \$510,110 and \$66,907 as of December 31, 2018 and 2017, respectively. Non-vested contributions forfeited and earnings thereon during 2018 totaled \$501,969. The Company reduced its 2018 contributions by \$58,425 through the use of forfeited accounts.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

E. Vesting

Benefits become vested after one year of service at 25% and an additional 25% for each additional year of service, up to a maximum of 100%.

F. Notes Receivable from Participants

A participant may borrow a minimum of \$1,000, up to 50% of his or her vested account balance, not to exceed \$50,000. The interest rate is based on prevailing interest rates charged on similar loans by lending institutions under similar circumstances. The participant's loan is to be repaid through payroll deductions. The loan fund account is used to account for participants' loan activity.

G. Payment of Benefits

Normal retirement age is 65. A participant's benefits will be distributed at retirement, death, total and permanent disability, or termination of employment. Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the vested account or payments over a period of time. Hardship withdrawals are permitted.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

I. Plan Termination

It is the intent of the Employer to continue the Plan; however, it reserves the right to modify, suspend or terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

B. Investment Valuation and Income Recognition

GAAP establishes a fair value hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Investment Valuation and Income Recognition (Continued)

Level 1 – Inputs are quoted prices in active markets.

Level 2 – Inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data.

Level 3 – Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

The following tables summarize the Plan's investments at December 31, 2018 and 2017 based on the inputs to value them:

	December 31, 2018

	<u>\$ 571,097,513</u>	<u>\$ 34,938,052</u>	<u>\$ -</u>	<u>\$ 606,035,565</u>

The Plan's investments are administered under a trust agreement with Fidelity Management Trust Company (FMTC), whereby the deposited contributions are designated by the participants in any one of several investment funds offered by the Plan or brokerage link accounts, which allow participants to invest in individual securities they select subject to the investment policy guidelines of the Plan. All of the Employer's contributions are invested at the investment option selected by the participant.

Level 1 investments consist of certificate of deposits, common stocks, interest-bearing cash and mutual funds stated at fair value based on quoted market prices. Level 2 investments consist of debt securities and money market funds whose unit value is calculated daily based on the observable net asset value of the underlying investments, which are measured based on quoted market prices of investments that are traded on a national exchange.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Investment Valuation and Income Recognition (Continued)

The Fidelity Managed Income Portfolio is a common/collective trust that invests primarily in guaranteed insurance contracts issued by insurance companies and banks. The Plan is credited earnings on underlying investments and charged for participant withdrawals and administrative expenses. Because the fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment in the fund at contract value.

The average yield on the Fidelity Managed Income Portfolio was 1.81% and 1.41% for the years ended December 31, 2018 and 2017, respectively. Certain restrictions may limit the Plan's ability to redeem its investment in the fund at contract value, and market value adjustments and/or redemption charges may apply. The plan administrator does not believe that any events limiting the Plan's ability to transact at contract value are probable of occurring.

C. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 3 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information regarding investments held at December 31, 2018 and 2017 and investment income (loss) for the year ended December 31, 2018 that is disclosed in the accompanying financial statements and supplemental schedules was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

NOTE 4 - INCOME TAX STATUS

The Company has adopted a prototype plan that has received an advisory letter from the Internal Revenue Service stating that the form of the Plan qualifies under applicable requirements of the Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. No provision for income taxes has been included in the Plan's financial statements.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares in mutual funds and a money market fund managed by a company related to the Plan trustee. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

Failure to remit or untimely remittance of participant contributions constitutes a prohibited transaction under Department of Labor regulations. The Plan sponsor corrected the error and made the affected participants whole in 2018.

NOTE 8 - TRANSFER-IN - MAGAN MEDICAL CLINIC, INC.

On October 15, 2018, Magan Medical Clinic, Inc. Employee Savings and Security 401(k) Plan and Magan Medical Clinic, Inc. 401(k) Plan, were merged into the Plan. Participating accounts and all assets, totaling \$14,392,370 and \$40,377,301, respectively, were transferred into the Plan in 2018.

DAVITA MEDICAL GROUP 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 - DESCRIPTION OF THE PLAN

The DaVita Medical Group 401(k) Retirement Plan (the "Plan") is a defined contribution plan that provides retirement benefits to all eligible employees of DaVita Medical Group and its affiliates (together, the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted and became effective on January 4, 1989. The Plan was amended and restated on August 24, 2012.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. Eligibility

An employee, as defined in the Plan, who is at least 18 years of age and has completed one month of service is eligible to participate in the Plan. Participants who are at least 18 years of age and have completed one year of service are eligible for employer matching contributions as well as qualified non-elective employer contributions.

B. Contributions

Eligible employees who choose to participate in the Plan may contribute a minimum amount equal to 1%, up to a maximum amount of 60%, of their compensation, as defined in the Plan, subject to Internal Revenue Code (the "Code") limitations. Catch-up contributions are permitted. For participants who are eligible for Employer matching contributions, the Employer matches 50% of the employee's contribution of up to 6% of the employee's compensation for certain employee groups, and up to 3% of compensation for other employee groups. The Employer may also make discretionary contributions. The discretionary contributions are allocated to participant accounts based on the proportion that each participant's compensation bears to the total compensation of all participants for the Plan year, as defined in the Plan. In 2018, the Employer made discretionary contributions of \$7,619,804 for certain qualifying employees.

C. Participant Accounts

Each participant's account is credited with (a) his or her own contributions; (b) rollover contributions; (c) the Employer's matching and/or nonelective contributions; and (d) investment earnings.

D. Forfeitures

Forfeited accounts represent terminated employees' unvested portion of the Employer's contributions plus actual earnings thereon. Forfeited balances of terminated participants' non-vested accounts may be used to reduce Employer contributions due, restore forfeitures of reemployed participants, pay Plan expenses, and correct administrative errors that may have occurred. The Plan held forfeiture reserves totaling \$510,110 and \$66,907 as of December 31, 2018 and 2017, respectively. Non-vested contributions forfeited and earnings thereon during 2018 totaled \$501,969. The Company reduced its 2018 contributions by \$58,425 through the use of forfeited accounts.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

E. Vesting

Benefits become vested after one year of service at 25% and an additional 25% for each additional year of service, up to a maximum of 100%.

F. Notes Receivable from Participants

A participant may borrow a minimum of \$1,000, up to 50% of his or her vested account balance, not to exceed \$50,000. The interest rate is based on prevailing interest rates charged on similar loans by lending institutions under similar circumstances. The participant's loan is to be repaid through payroll deductions. The loan fund account is used to account for participants' loan activity.

G. Payment of Benefits

Normal retirement age is 65. A participant's benefits will be distributed at retirement, death, total and permanent disability, or termination of employment. Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the vested account or payments over a period of time. Hardship withdrawals are permitted.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

I. Plan Termination

It is the intent of the Employer to continue the Plan; however, it reserves the right to modify, suspend or terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

B. Investment Valuation and Income Recognition

GAAP establishes a fair value hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Investment Valuation and Income Recognition (Continued)

Level 1 – Inputs are quoted prices in active markets.

Level 2 – Inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data.

Level 3 – Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

The following tables summarize the Plan's investments at December 31, 2018 and 2017 based on the inputs to value them:

	December 31, 2018

	<u>\$ 571,097,513</u>	<u>\$ 34,938,052</u>	<u>\$ -</u>	<u>\$ 606,035,565</u>

The Plan's investments are administered under a trust agreement with Fidelity Management Trust Company (FMTC), whereby the deposited contributions are designated by the participants in any one of several investment funds offered by the Plan or brokerage link accounts, which allow participants to invest in individual securities they select subject to the investment policy guidelines of the Plan. All of the Employer's contributions are invested at the investment option selected by the participant.

Level 1 investments consist of certificate of deposits, common stocks, interest-bearing cash and mutual funds stated at fair value based on quoted market prices. Level 2 investments consist of debt securities and money market funds whose unit value is calculated daily based on the observable net asset value of the underlying investments, which are measured based on quoted market prices of investments that are traded on a national exchange.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Investment Valuation and Income Recognition (Continued)

The Fidelity Managed Income Portfolio is a common/collective trust that invests primarily in guaranteed insurance contracts issued by insurance companies and banks. The Plan is credited earnings on underlying investments and charged for participant withdrawals and administrative expenses. Because the fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment in the fund at contract value.

The average yield on the Fidelity Managed Income Portfolio was 1.81% and 1.41% for the years ended December 31, 2018 and 2017, respectively. Certain restrictions may limit the Plan's ability to redeem its investment in the fund at contract value, and market value adjustments and/or redemption charges may apply. The plan administrator does not believe that any events limiting the Plan's ability to transact at contract value are probable of occurring.

C. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 3 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information regarding investments held at December 31, 2018 and 2017 and investment income (loss) for the year ended December 31, 2018 that is disclosed in the accompanying financial statements and supplemental schedules was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

NOTE 4 - INCOME TAX STATUS

The Company has adopted a prototype plan that has received an advisory letter from the Internal Revenue Service stating that the form of the Plan qualifies under applicable requirements of the Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. No provision for income taxes has been included in the Plan's financial statements.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares in mutual funds and a money market fund managed by a company related to the Plan trustee. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

Failure to remit or untimely remittance of participant contributions constitutes a prohibited transaction under Department of Labor regulations. The Plan sponsor corrected the error and made the affected participants whole in 2018.

On October 15, 2018, Magan Medical Clinic, Inc. Employee Savings and Security 401(k) Plan and Magan Medical Clinic, Inc. 401(k) Plan, were merged into the Plan. Participating accounts and all assets, totaling \$14,392,370 and \$40,377,301, respectively, were transferred into the Plan in 2018.

DAVITA MEDICAL GROUP 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 - DESCRIPTION OF THE PLAN

The DaVita Medical Group 401(k) Retirement Plan (the "Plan") is a defined contribution plan that provides retirement benefits to all eligible employees of DaVita Medical Group and its affiliates (together, the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted and became effective on January 4, 1989. The Plan was amended and restated on August 24, 2012.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. Eligibility

An employee, as defined in the Plan, who is at least 18 years of age and has completed one month of service is eligible to participate in the Plan. Participants who are at least 18 years of age and have completed one year of service are eligible for employer matching contributions as well as qualified non-elective employer contributions.

B. Contributions

Eligible employees who choose to participate in the Plan may contribute a minimum amount equal to 1%, up to a maximum amount of 60%, of their compensation, as defined in the Plan, subject to Internal Revenue Code (the "Code") limitations. Catch-up contributions are permitted. For participants who are eligible for Employer matching contributions, the Employer matches 50% of the employee's contribution of up to 6% of the employee's compensation for certain employee groups, and up to 3% of compensation for other employee groups. The Employer may also make discretionary contributions. The discretionary contributions are allocated to participant accounts based on the proportion that each participant's compensation bears to the total compensation of all participants for the Plan year, as defined in the Plan. In 2018, the Employer made discretionary contributions of \$7,619,804 for certain qualifying employees.

C. Participant Accounts

Each participant's account is credited with (a) his or her own contributions; (b) rollover contributions; (c) the Employer's matching and/or nonelective contributions; and (d) investment earnings.

D. Forfeitures

Forfeited accounts represent terminated employees' unvested portion of the Employer's contributions plus actual earnings thereon. Forfeited balances of terminated participants' non-vested accounts may be used to reduce Employer contributions due, restore forfeitures of reemployed participants, pay Plan expenses, and correct administrative errors that may have occurred. The Plan held forfeiture reserves totaling \$510,110 and \$66,907 as of December 31, 2018 and 2017, respectively. Non-vested contributions forfeited and earnings thereon during 2018 totaled \$501,969. The Company reduced its 2018 contributions by \$58,425 through the use of forfeited accounts.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

E. Vesting

Benefits become vested after one year of service at 25% and an additional 25% for each additional year of service, up to a maximum of 100%.

F. Notes Receivable from Participants

A participant may borrow a minimum of \$1,000, up to 50% of his or her vested account balance, not to exceed \$50,000. The interest rate is based on prevailing interest rates charged on similar loans by lending institutions under similar circumstances. The participant's loan is to be repaid through payroll deductions. The loan fund account is used to account for participants' loan activity.

G. Payment of Benefits

Normal retirement age is 65. A participant's benefits will be distributed at retirement, death, total and permanent disability, or termination of employment. Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the vested account or payments over a period of time. Hardship withdrawals are permitted.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

I. Plan Termination

It is the intent of the Employer to continue the Plan; however, it reserves the right to modify, suspend or terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

B. Investment Valuation and Income Recognition

GAAP establishes a fair value hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Investment Valuation and Income Recognition (Continued)

Level 1 – Inputs are quoted prices in active markets.

Level 2 – Inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data.

Level 3 – Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

The following tables summarize the Plan's investments at December 31, 2018 and 2017 based on the inputs to value them:

	December 31, 2018

The Plan's investments are administered under a trust agreement with Fidelity Management Trust Company (FMTC), whereby the deposited contributions are designated by the participants in any one of several investment funds offered by the Plan or brokerage link accounts, which allow participants to invest in individual securities they select subject to the investment policy guidelines of the Plan. All of the Employer's contributions are invested at the investment option selected by the participant.

Level 1 investments consist of certificate of deposits, common stocks, interest-bearing cash and mutual funds stated at fair value based on quoted market prices. Level 2 investments consist of debt securities and money market funds whose unit value is calculated daily based on the observable net asset value of the underlying investments, which are measured based on quoted market prices of investments that are traded on a national exchange.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Investment Valuation and Income Recognition (Continued)

The Fidelity Managed Income Portfolio is a common/collective trust that invests primarily in guaranteed insurance contracts issued by insurance companies and banks. The Plan is credited earnings on underlying investments and charged for participant withdrawals and administrative expenses. Because the fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment in the fund at contract value.

The average yield on the Fidelity Managed Income Portfolio was 1.81% and 1.41% for the years ended December 31, 2018 and 2017, respectively. Certain restrictions may limit the Plan's ability to redeem its investment in the fund at contract value, and market value adjustments and/or redemption charges may apply. The plan administrator does not believe that any events limiting the Plan's ability to transact at contract value are probable of occurring.

C. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 3 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information regarding investments held at December 31, 2018 and 2017 and investment income (loss) for the year ended December 31, 2018 that is disclosed in the accompanying financial statements and supplemental schedules was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

NOTE 4 - INCOME TAX STATUS

The Company has adopted a prototype plan that has received an advisory letter from the Internal Revenue Service stating that the form of the Plan qualifies under applicable requirements of the Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. No provision for income taxes has been included in the Plan's financial statements.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares in mutual funds and a money market fund managed by a company related to the Plan trustee. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

Failure to remit or untimely remittance of participant contributions constitutes a prohibited transaction under Department of Labor regulations. The Plan sponsor corrected the error and made the affected participants whole in 2018.
