NOTE 1. DESCRIPTION OF PLAN

The MOBILEONE, LLC 401(k) Plan (the "Plan") is a defined contribution plan established on January 1, 2018 to help its employees save for retirement. The Plan, sponsored by MobileOne, LLC (the "Company"), is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Significant elements of the Plan are summarized below. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Eligibility

Employees are eligible to participant in the Plan if they are at least 21 years of age and have completed one year of service in which they worked at least 1,000 hours. The Plan's entry dates are January 1 and July 1 of each year. Employees may enroll on the first semi-annual entry date coincident with or next following the date on which they meet the eligibility conditions. Employees who are covered by a collective bargaining agreement, leased employees, and non-resident aliens who received no earned income within the United States are not eligible to participate in the Plan.

Participant Contributions

Each payroll period, participants may contribute pre-tax deferral amounts as well as after-tax amounts designated as "Roth" contributions up to 100% of their eligible compensation, subject to limitations imposed by the Internal Revenue Code ("IRC"). Participants who are age 50 or older are eligible to defer additional amounts (called "catch-up contributions") to the Plan up to the maximum allowed by the IRC. Participants may also contribute amounts representing rollover distributions from other qualified sources.

The Plan has adopted an automatic enrollment feature such that all eligible participants (except those who affirmatively elect to not participate or who elect a lesser specific contribution percentage) will be automatically enrolled in the Plan with a pre-tax deferral percentage of 5%. During the 90 days after automatic enrollment contributions are first deferred from a participant's compensation, the participant can withdraw their contributions by submitting a refund form to the Plan administrator, and effectively electing to not contribute. Such participants can later opt to contribute at their discretion.

Employer Contributions

The Plan does not provide for employer matching contributions or profit sharing contributions; however, the Company may make qualified nonelective employer contributions to the Plan. For 2018, no such contributions were made.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Plan earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Certain fees, such as those charged in connection with certain distributions, are deducted from the transacting participant's account.

Notes Receivable from Participants (Participant Loans)

Loans are not permitted in the Plan.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Investment Options

Upon enrollment in the Plan, participants may direct the allocation of their accounts to any or all of the Plan's investment options. Subsequently, participants may change their allocation and transfer account balances between the investment options in accordance with the Plan.

Investment expenses charged by the mutual funds are paid directly from the underlying assets of the respective investments and are included in the net realized and unrealized appreciation or depreciation in the fair value of investments in the statement of changes in net assets available for benefits.

Vesting

Participants are always 100% vested in their contributions and any qualified nonelective employer contributions, plus actual earnings thereon.

Forfeitures

In the event a portion of a participant's account is forfeited, such amounts may be reallocated as Company contributions, used to pay Plan expenses, or used to reduce employer contributions. As of and for the year ended December 31, 2018, there was no balance or activity in the forfeitures account.

Payment of Benefits

Upon termination and/or attainment of normal retirement age (65), participants may generally elect to receive a distribution of their account in a single lump-sum cash distribution, or defer the distribution if their account exceeds $5,000 (excluding amounts attributable to rollover contributions). The Plan does not have an early retirement feature. Participants who are age 59½ or older may request an in-service withdrawal of their vested account balance. Any vested benefits will be paid to a participant's beneficiary upon death or disability of a participant. In addition, the Plan allows for hardship distributions from the participant's contribution account balance.

Upon a participant's employment termination, the Plan may roll over a participant's vested account balance greater than $1,000 and less than $5,000 into an individual retirement account ("IRA") managed and maintained by the custodian of the Plan, if the participant has not elected to receive a lump sum cash distribution or have the balance rolled over into an IRA of his/her choosing. Also at its discretion, the Plan may elect to distribute vested account balances of less than $1,000.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Plan management has evaluated events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan's investments were held by Principal Trust Company/Principal Life Insurance Company, the custodians of the Plan, as of December 31, 2018. All investments are participant-directed. All investment information disclosed in the accompanying financial statements and supplemental schedule (Schedule H, Part IV, Line 4i), including investments held at December 31, 2018, and net realized and unrealized depreciation in fair value of registered investment companies and dividend income for the year ended December 31, 2018, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by the custodianS of the Plan.

NOTE 4. TAX STATUS

The Plan, through its adoption of a prototype plan, has obtained an opinion letter from the Internal Revenue Service dated March 31, 2014 stating that the prototype plan is qualified under Section 401(a) of the IRC and that any employer adopting this plan will be considered to have a plan qualified under the IRC. Once qualified, the plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and believes that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. As the Plan became effective January 2018, it remains subject to income tax examinations since inception.

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their accounts if not already vested.

NOTE 6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Company provides administrative services for the Plan at no cost to the Plan. Certain Plan operating expenses are paid by the Company. These transactions qualify as exempt party-in-interest transactions.

NOTE 7. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

NOTE 7. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2018.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 506,353	$ -	$ -	$ 506,353
Total investments at fair value	$ 506,353	$ -	$ -	$ 506,353

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

NOTE 9. FIDELITY BOND

The Plan did not have the required fidelity bond coverage from inception of the Plan (January 1, 2018) through August 2018. ERISA requires the fidelity bond for the Plan to be at least 10% of the Plan assets as of the beginning of the plan year in an amount not less than $1,000 and not more than $500,000. As such, as of Plan inception (January 1, 2018), the required fidelity bond coverage was $1,000. Effective August 1, 2018, the Plan obtained a fidelity bond that meets ERISA requirements. The Plan administrator does not believe the Plan has incurred any fidelity bond losses during any portion of 2018.
