1. Description of Plan

The following description of The Octave Music Group, Inc. 401(k) Plan (the Plan) provides general information about the Plan's provisions. The Octave Music Group, Inc. (the Company) is the plan sponsor. The Plan's name was changed from TouchTunes Music Corporation 401(k) Plan when it was amended and restated effective January 1, 2018. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

Plan Merger

On January 25, 2018, the Board of Managers of the Company resolved that the PlayNetwork, Inc. 401(k) Plan shall be merged into the Plan on or about January 31, 2018. The assets were transferred shortly thereafter.

General

The Plan is a defined contribution plan covering substantially all employees of the Company who have at least three months of service.

Transamerica Retirement Solutions Corporation (TRS) is responsible for the general administration and operation of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants who meet the eligibility requirements are set up with an automatic deferral of 3% with TRS and may contribute up to a maximum of $18,500 in 2018 ($18,000 in 2017). Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make an additional $6,000 in 2018 ($6,000 in 2017) in catch-up contributions. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis.

1. Description of Plan (continued)

The Company may make discretionary matching contributions as determined by the Company's Board of Directors (the Board). For the year ended December 31, 2018 the discretionary match was 50% of deferrals up to 4% of eligible compensation with a maximum matching contribution of $4,000 per employee for the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company's contributions, if any, Plan earnings and losses and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of his/her respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions and actual earnings thereon. Vesting in the Company's discretionary matching are based on the years of continuous service as follows:

Years of Service	Vested Percentage
1	25%
2	50%
3	75%
4	100%

Forfeitures

Forfeitures of terminated participants' nonvested accounts can be used to pay for administrative expenses of the Plan, if so directed by the Company. The remaining forfeitures, if any, are used to reduce employer contributions. For the plan year ended December 31, 2018, $0 of forfeitures were used to fund employer contributions. The Plan holds unallocated assets, which consist of forfeitures in the amount of $30,787 and $220 at December 31, 2018 and 2017, respectively.

1. Description of Plan (continued)

Notes Receivable From Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years. The $50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period minus the loan balance on the date a new loan is made. A participant may not have more than two loans outstanding at any point in time. The loans bear interest at 1% plus Prime as published in the Wall Street Journal on the first day of the month in which the loan is originated. Principal and interest is paid ratably through monthly payroll deductions. If a participant terminates employment with the Company, he or she is required to pay off the loan at severance of employment as provided by the Plan. If the loan is not repaid, it is automatically treated as a distribution to the participant.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant whose vested account balance exceeds $5,000 may elect to receive either a lump sum or may elect installment payments. A participant whose vested account balance is $5,000 or less will automatically receive an immediate lump-sum distribution equal to his or her vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include expenses relating to purchases, sales, or transfers of the Plan's investments and are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

1. Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Mutual funds are valued at quoted market prices. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

3. Investments

Certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years then ended, was obtained from information provided to the plan administrator and certified as complete and accurate by Transamerica Life Insurance Company.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

4. Fair Value Measurements (continued)

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based upon the lowest level of input that is significant to the fair value measurement in its entirety.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments carried at fair value as of:

There are currently no redemption restrictions or unfunded commitments on the investments.

5. Investment Contract with Insurance Company

As of the end of 2018, the Plan had a balance in an ERISA budget account ("EBA") managed by TRS. The Stable Fund in which the Plan is invested is provided under a group annuity contract issued by Transamerica Financial Life Insurance Company ("TFLIC"). The contract value equals deposits made to the Stable Fund less any allocated amounts out of the fund.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of

6. Risks and Uncertainties (continued)

investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Party-in-Interest Transactions

The Plan holds an insurance contract managed by TRS, the custodian of the Plan. This transaction qualifies as a party-in-interest transaction; however, it is exempt from the prohibited transactions rules under ERISA.

8. Tax Status

The underlying prototype plan has received an opinion letter from the IRS dated March 31, 2014, stating that the written form of the underlying prototype document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 15, 2019, the date the financial statements were available to be issued.
