Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to annuity and custodial accounts issued to current and former employees prior to January 1, 2013. Therefore, management is not able to determine that the January 1, 2013 opening balances are complete and accurate in all material respects in relation to the financial statements of the Plan. Further, management has instructed us not to perform, and we did not perform, any auditing procedures with respect to investments or the investment activity included in the financial statements.

Accordingly, we do not express an opinion on the 2018 financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule, Schedule H, Line 4(i) – schedule of assets (held at end of year) as of December 31, 2018, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter - 2017 Financial Statement

The financial statement of the Plan as of December 31, 2017, was audited by predecessor auditors. Their report, dated October 15, 2018, indicated that because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements.

(1) Description of Plan

The following description of the Mercy Health Retirement Savings Plan 401 (the Plan) provides general information about the Plan's provisions. Mercy Health (the Company) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

New Vision Medical Laboratories, LLC, a majority-owned subsidiary of the Company, previously established, effective January 1, 2001, a retirement savings plan subject to Section 401 of the Internal Revenue Code (the Code), known as the New Vision Medical Laboratories Retirement Plan. Effective September 28, 2012, the Company assumed sponsorship of the New Vision Medical Laboratories Retirement Plan and elected to restate and rename it as the Plan. In addition, the Company consolidated the plan design, implemented various new features, and merged other 401 plans of the Company, including the Community Mercy Health Partners Base and Matching 401 Plan, Lourdes Hospital Retirement Plan and Trust, and Marcum & Wallace Memorial Hospital 401(k) Profit Sharing Plan into the Plan effective September 28, 2012.

Effective December 31, 2013, the Company approved the merger of the Money Purchase Pension Plan for Employees of Allen Medical Center (for non-union employees, employees represented by the Ohio Nurses Association, and all former employees) and the Mercy 401(k) Matched Savings Plan into the Plan, and in January 2014, the net assets held in these plans were transferred into the Plan. Additionally, effective January 1, 2014, the Company approved the merger of the Money Purchase Pension Plan and the Mercy 401(k) Matched Savings Plan into the Plan for Employees of Allen Medical Center for employees who are members of the Service Employees International Union.

Effective July 3, 2017, the Company established the Ensemble Retirement Savings Plan 401 (the Ensemble 401 Plan) for employees of Ensemble RCM, LLC, doing business as Ensemble Health Partners (Ensemble), and participant accounts for employees of Ensemble were transferred to the Ensemble 401 Plan.

For the merged plans noted above, upon the transfer of assets from each merged plan to the Plan, all benefits payable to the merged plan participants and their beneficiaries shall be payable under the Plan except that each merged plan participant will receive a benefit under the Plan that is at least equal to the benefit the merged plan participant would have received immediately prior to the transferred plan merger.

(a) General

The Plan is a defined contribution plan covering eligible employees of the Company and its participating employers. Employees must have at least one year of service and 1,000-hour minimum period of eligibility service in order to become eligible for employer contributions outlined in the Plan. This begins on the first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Mercy Health Retirement Plan Committee (the Committee or the Plan Administrator) is responsible for the general administration of the Plan. Fidelity Management Trust Company serves as the Plan trustee (the Trustee) and Fidelity Investments serves as the recordkeeper of the Plan.

(b) Contributions

Participants may elect in 1% increments to contribute up to 75% in whole percentages of their eligible pay on a pretax basis, or as a Roth contribution on an after-tax basis. If the participant was hired prior to September 28, 2012, and already eligible to receive the employer matching contributions, the participant will continue to be eligible to receive the employer matching contributions. If the participant was hired on or after September 28, 2012, the participant will be eligible to receive the employer matching contribution after completing one year of service during which time the participant is credited with at least 1,000 hours. Effective January 1, 2014, upon eligibility, the employer will match 50% of the participant's pretax or Roth contributions on the first 6% of eligible pay. In addition, effective January 1, 2014, the employer will provide, on an annual basis, an employer non-elective contribution of an amount equal to the greater of (i) 2% of eligible pay or (ii) $1,400 multiplied by a fraction, not to exceed one, the numerator of which is the participant's hours of service for the plan year and the denominator is 2,080 hours provided the participant meets the initial eligibility and ongoing eligibility requirements as described by the Plan. The Company may make a retirement shared success contribution in an amount determined on an annual basis. All contributions are subject to certain limitations of the Code.

Effective January 1, 2014, eligible employees are automatically enrolled in the Plan at 1% of eligible pay and their contributions are invested in the applicable life cycle fund based on their age until they change their election. Eligible employees have the first 30 days of initial eligibility to increase deferral or opt out of the auto-enrollment program for the Plan year.

Effective January 1, 2014, for the first payroll period that begins on or after April 1, any participant who has not affirmatively elected a different contribution percentage, including zero, or who has not affirmatively elected a contribution percentage of less than 6% of eligible pay shall have their deferral contribution percentage increased by 1%, provided that the participant was not automatically enrolled within the last six months prior to April 1. The automatic increase shall continue to be made each April 1 until the participant's deferral reaches 6% of his or her eligible compensation.

With respect to each merged plan participant, each such eligible employee shall continue to be or shall become a participant on the merger date (January 1, 2014, December 31, 2013, and September 28, 2012), if such eligible employee was eligible to receive an allocation of employer matching contributions under the terms of the merged plan or prior plan in which he or she was a participant on the day immediately preceding the merger date. Participants may also roll over or transfer amounts representing distributions from other qualified defined benefit or defined contribution plans.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution or rollovers, the allocations of the Company's discretionary, non-elective, and matching contributions, and allocations of the Plan's earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct contributions, specifying whole number percentages with the entire amount so allocated equal to 100%, to any investment option in the Plan available during the year.

(e) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. For participants hired after September 28, 2012, they are vested in the employer's matching contributions, non-elective contributions, and discretionary contributions, and any earnings on them, after the participant completes three years of service.

For participants hired before September 28, 2012, the vesting schedule is the better of the Plan (as noted above) or the original merged employer plan as defined in the respective previous merged plan document.

(f) Forfeitures

Any discretionary, non-elective, and matching contributions forfeited by participants who terminate employment prior to becoming fully vested are used first by restoring the amount of previous forfeitures and then by either reducing the amount of employer contributions or by paying Plan administrative expenses. For the years ended December 31, 2018 and 2017, unallocated forfeited non-vested accounts were $363,853 and $643,626, respectively. Forfeitures used to reduce employer contributions and offset administrative expenses during 2018 were $310,401.

(g) Participant Loans

The Plan allows participants to apply for and obtain loans limited, to 50% of the participant's vested account balance, not to exceed $50,000, from the vested balance of the participant's account. All loans must be repaid within five years unless the loan is used to finance the participant's primary residence, in which case, the Plan Administrator shall have the discretion to determine the repayment period for such loan. Each loan shall bear interest at a rate to be fixed by the Plan Administrator, and in determining the interest rate, the Plan Administrator shall take into consideration interest rates currently being charged by commercial lending institutions. Interest rates shall be fixed for the term of the loan at the time the loan is made, and the Plan Administrator shall determine periodically the interest rate to be charged on new loans.

(h) Payment of Benefits

On termination of service due to death, disability, or retirement, participants may elect to receive a distribution equal to the value of their vested interest in their account, or defer receipt of their account balance until age 70½. At the later of 70½ or termination of employment, minimum required distributions are required to commence.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

(i) Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

(j) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

As discussed in Note 1, the Plan was established in 2001 and has had various other 401 plans mergered or net assets of other 401 plans transferred into the Plan, since that time. Certain historical records and supporting documents related to certain participant accounts of current and former employees, related to merged plans prior to January 1, 2013, were not sufficiently maintained. The Plan is not able to estimate the impact to which the financial statements may have been affected by these conditions.

(b) Payment of Benefits

Benefits are recorded when paid.

(c) Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Loans deemed to be distributions were approximately $40,000 for the year ended December 31, 2018.

(d) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

(e) Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(3) Information Certified by the Trustee

Amounts contained in the accompanying financial statements and supplemental schedule, which was obtained or derived from information provided by the Plan Administrator, was certified by the Trustee as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, is as follows:

- Investments at fair value
- Notes receivable from participants
- Net depreciation in the fair value of investments
- Interest and dividend income
- Interest income on notes receivable from participants
- Investment information included in note 4, excluding fair value levels
- Schedule H, line 4(i) – schedule of assets (held at end of year).

(4) Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:
  - Quoted prices for similar assets and liabilities in active markets
  - Quoted prices for identical or similar assets or liabilities in markets that are not active

- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan:

Mutual funds and money market – Valued at the closing price reported on the major market on which the individual securities are traded and are classified within Level 1 of the valuation hierarchy. The Plan does not adjust the quoted market price for such financial instruments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2018:

		Level 1	Level 2	Level 3	Total
Money market	$	1,489,110	—	—	1,489,110
Mutual funds		70,092,282	—	—	70,092,282
Total assets at fair value	$	71,581,392	—	—	71,581,392

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2017:

		Level 1	Level 2	Level 3	Total
Money market	$	1,354,906	—	—	1,354,906
Mutual funds		79,144,126	—	—	79,144,126
Total assets at fair value	$	80,499,032	—	—	80,499,032

For the years ended December 31, 2018 and 2017, there were no transfers into or out of Levels 1, 2 or 3.

(5) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(6) Related-Party and Party-in-Interest Transactions

The Plan holds units of mutual funds managed by the Trustee. The related transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

(7) Tax Status

The Plan has received a determination letter from the IRS dated February 23, 2018, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Subsequent Events

Management evaluated subsequent events for the Plan through October 15, 2019, the date the financial statements were available to be issued.
