See accompanying notes.

1. Plan Description

The following description of the Wesco Aircraft Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan, originally effective May 1, 1991, and restated July 6, 2015, is a defined contribution plan covering all employees of Wesco Aircraft Hardware Corporation (the Company) and certain subsidiaries who have completed one month of service and attained age 20, excluding nonresident aliens, leased employees, interns, and employees governed by collective bargaining agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Participants may contribute up to 60 percent of pretax annual compensation, as defined in the plan document and allowed by law.

The Plan has established a Qualified Automatic Contribution Arrangement (QACA) as provided for under Sections 401(k)(13) and 401(m)(12) of the Internal Revenue Code (IRC). Accordingly, the plan automatically complies with the non-discrimination requirements of Section 401 of the IRC.

The QACA provides for automatic election of deferrals at a rate of 3 percent of compensation for all new participants, with annual automatic increases of 1 percent per year up to a maximum of 6 percent of compensation. Participants may affirmatively elect a different deferral percentage or elect not to defer into the Plan. Affected participants are provided with an annual notice that explains the QACA and the participant's right to elect a different rate or to elect not to make deferrals.

Under the QACA, the Company matches 100 percent of participant deferrals up to 1 percent of compensation, plus 50 percent of participant deferrals in excess of 1 percent of compensation but not exceeding 5 percent of compensation. Company contributions allocated to participants' accounts during 2018 totaled $2,766,019, of which $2,497,028 was contributed by the Company and $268,991 was allocated from forfeitures.

c. Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, if applicable, and the Plan's earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their accounts into various investment options offered by the Plan.

d. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants become 100 percent vested in company contributions upon completing two years of service. Other vesting schedules apply to participants who have previous credited service at certain employers specified in the plan document or to participants that are employed by certain subsidiaries of the Company. Participants should refer to the plan document for a complete description of the Plan's vesting provisions.

e. Distribution of Benefits

Upon termination of employment due to termination of service, death, disability, or retirement, participants may elect to receive the value of their vested account balance in a lump sum or partial withdrawals. Participants may also take a financial hardship withdrawal under certain circumstances.

f. Notes Receivable from Participants

Participants may borrow the lesser of $50,000 (reduced by the participant's highest outstanding loan balance during the 12-month period ending on the date of the loan) or 50 percent of their vested account balance with a minimum loan amount of $1,000. Loan terms range up to five years, but may be extended if the proceeds are to be used for the purchase of a primary residence. Loans are secured by the balance in participants' accounts and bear interest at rates ranging from 3.25 to 5.25 percent. Principal and interest are paid ratably through payroll deductions.

g. Forfeited Accounts

Forfeitures are used to pay plan expenses or reduce company contributions. Forfeitures of $141,157 and $258,563 were included in net assets available for plan benefits as of December 31, 2018 and 2017, respectively.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the administrative agent and independent public accountants, may be paid by the Plan. The Company, at its discretion, decided to pay for certain of these administrative expenses on behalf of the Plan. Most investment options have management fees, which reduce the overall return on assets. The net realized and unrealized depreciation in fair value of investments is reflected with these fees.

g. Subsequent Events

The Plan has evaluated subsequent events through October 11, 2019, the date the financial statements were available to be issued.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

4. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurement (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 63,921,976	$ -	$ -	$ 63,921,976
Investment, at fair value	$ 63,921,976	$ -	$ -	$ 63,921,976

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 65,156,080	$ -	$ -	$ 65,156,080
Investment, at fair value	$ 65,156,080	$ -	$ -	$ 65,156,080

5. Tax Exempt Status

The Plan has adopted a volume submitter plan subject to a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plan Compliance Resolution System. Accordingly, the plan administrator believes that the Plan and related trust are designed in accordance with applicable sections of the IRC and, accordingly, are exempt from income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for plan years ending on December 31, 2014, or prior.

6. Summary of Unaudited Information

The Trustee of the Plan certified certain information, which was not audited in accordance with the plan administrator's instructions and as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information certified by the Trustee consists of the following:

- Fair value of investments and the carrying amount of notes receivable from participants as reflected in the Statements of Net Assets Available for Plan Benefits as of December 31, 2018 and 2017.
- Interest and dividends, net realized and unrealized depreciation in fair value of investments, and interest income on notes receivable from participants as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the Year Ended December 31, 2018.
- Investment information as reflected in Note 4 to these financial statements.
- Investment information reflected in the Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018.

The Plan's independent public accountants did not perform auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. Party-in-Interest Transactions

Fidelity Management Trust Company is the Trustee of the Plan and holds and manages investments. Transactions with Fidelity Management Trust Company are party-in-interest transactions, as defined by ERISA.

8. Plan Termination

The Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.
