1. DESCRIPTION OF THE PLAN

The following description of GOAT 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by Grubwithus, Inc. (the "Company") pursuant to Section 401(a) and related provisions of the Internal Revenue Code ("IRC"), was established effective January 1, 2015. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death or termination. The Plan covers all employees of the Company who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent laws.

Plan administration

The Company is responsible for the operation and administration of the Plan. LT Trust Company ("LT Trust") serves as the trustee. Third party administrator and recordkeeping services are provided by Human Interest, Inc. ("Human Interest"). Certain administrative expenses of the Plan were paid directly by the Company for the year ended December 31, 2018. Investment fees, which may vary according to individual funds selected, are paid out of the assets of the Plan.

Eligibility

Employees of the Company are eligible to participate in the Plan immediately upon attaining the age of 21, except union employees, non-resident aliens, leased employees, interns, and employees not scheduled to complete at least 1,000 hours during the Plan year.

Contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their eligible annual compensation, as defined in the Plan, on a pre-tax or Roth (after-tax) basis, up to a maximum amount allowed by the IRC. Maximum allowed deferral amounts were $18,500 for 2018. Participants age 50 and older may also make elective catch-up contributions of $6,000 to the Plan for 2018. Participants may also make rollover contributions from other qualified employer-sponsored retirement plans.

The Plan contains an automatic enrollment feature in which eligible employees who have not made an elective deferral election will be automatically enrolled at 5% of their eligible compensation in pre-tax deferrals.

1. DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

The Company can elect to make a discretionary profit-sharing contribution. The Company's profit-sharing contribution is allocated to the account of each participant who is employed on the last day of the Plan year and completes 1,000 hours of service or in the year of death, disability or termination of employment after reaching age 65.

Participant accounts

Each participant's account is credited with the participant's contribution or rollovers and the Company's contributions, if any, Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their elective deferrals and rollover contributions plus earnings upon entry into the Plan. Participants are fully vested in profit-sharing contributions after 5 years of credited service or in the year of death or disability.

Payment of benefits

Distribution and withdrawals are payable upon retirement, attainment of a specified age, termination, disability, or death. If a participant's account balance is equal to or less than $1,000, the balance is immediately distributed in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. If the account balance is over $1,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan or postpone payment to a later date and remain in the Plan as described in the Plan Document.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may have only one outstanding loan at a time. The repayment of principal plus interest is required by the Plan to be made through payroll deductions every pay period within five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. If a participant is terminated, the loan becomes immediately payable in full. There were no outstanding participant loans at December 31, 2018.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") and in accordance with ERISA.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments in cash and mutual funds are reported at fair value, as certified by LT Trust. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefit payments to participants are recorded as a reduction of net assets available for benefits when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2018.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent events

The Plan has evaluated subsequent events through October 15, 2019, the date the financial statements were available to be issued. No subsequent events have occurred that would require financial statement disclosure.

3. FAIR VALUE MEASUREMENTS

The Plan's assets are stated at fair value. Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- *Level 1* - quoted prices in active markets for identical assets or liabilities;
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- *Level 3* - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported on the active market on which these securities are traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 1,088,844	$ -	$ -	$ 1,088,844

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 257,191	$ -	$ -	$ 257,191

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, LT Trust certified information regarding the cost and fair value of all investments held at December 31, 2018, and investment transactions entered into during the year ended December 31, 2018, which were used in the preparation of the accompanying financial statements and supplemental schedules. Accordingly, the Plan administrator has instructed the plan's independent auditors not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by LT Trust as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedules.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by LT Trust or one of their affiliates. As the Plan trustee, these transactions qualify as exempt party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, the full value of each participant's account shall become fully vested and non-forfeitable.

7. INCOME TAX STATUS

Effective January 1, 2015, the Plan adopted the CCH Incorporated, dba ftwilliams.com Basic Plan Document #P-02 Volume Submitter 401(k)/Profit Sharing Plan. The Internal Revenue Service ("IRS") has informed CCH Incorporated, dba ftwilliams.com by a letter dated March 31, 2014, that its Volume Submitter Plan is designed in accordance with applicable sections of the IRS, and any employer adopting this form of the Volume Submitter Plan will be considered to have a plan qualified under applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. PROHIBITED TRANSACTIONS

The Company failed to remit to LT Trust certain employee contributions totaling $58,771 within a timely manner for the year ended December 31, 2018. Lost earnings are being calculated as of the date of this report. Delays in remitting contributions to the Plan's trustee were due to administrative errors.
