New York Yankees Employee Investment Plan

Notes to Financial Statements

December 31, 2018 and 2017

1. Description of Plan

General

The following description of the New York Yankees Employee Investment Plan (the “Plan”) is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. Effective January 1, 1998, the New York Yankees Partnership (the “Partnership”) adopted the Plan. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Fidelity Management Trust Company (“Fidelity”) serves as trustee and custodian.

Eligibility

The Plan covers employees of the New York Yankees Partnership (the “Plan administrator” or the “Partnership”), Trans-Marine Management Corporation (an affiliated entity) and employees within a specific union of River Operating Company (a subsidiary of the Partnership) who, during 2018 and 2017, have completed twelve months of service, have worked 1,000 hours, and are age 21 or older. Participation in the Plan is voluntary. The Plan does not cover minor league baseball players, event staff employees, interns, collectively bargained employees except for members of a specific union, employees of River Operating Company except for members of the specific union noted above, and nonresident aliens who do not receive earned income from the United States of America.

Contributions

Participants may contribute to the Plan up to a maximum of 60% of eligible compensation for any contribution period, subject to an Internal Revenue Service (“IRS”) maximum contribution of \$18,500 in 2018. The IRS permits participants age 50 and over to contribute an additional \$6,000 for 2018 as a catch-up contribution. A participant may also make transfer (“rollover”) contributions from qualified retirement plans.

The Partnership makes a matching employer contribution in an amount equal to 25% of each participant’s eligible contribution, subject to a maximum of 6% of their eligible compensation contributed to the Plan.

Participant Accounts

Participant accounts are credited by investment fund for participant contributions. Unit values are calculated daily to reflect the gains or losses of the underlying investments and expenses. Each participant’s account is credited with the participant’s contribution, employer’s contribution and allocations of Plan earnings. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their voluntary contributions and employer nonelective contributions plus actual earnings thereon. The Plan provides for vesting in employer matching contributions and actual earnings thereon included in participant accounts based on years of service. A participant becomes 20% vested after one year of service, 40% vested after two years of service, 60% vested after three years of service, 80% vested after four years of service and 100% vested after five years of service. A participant who terminates employment as a result of retirement, disability or death shall be fully vested and entitled to receive the value of their entire account.

Notes to Financial Statements

Investment Options

The Plan provides participants with various options, including mutual funds and one common collective trust fund.

Forfeited Accounts

Forfeitures of non-vested account balances are included in the Plan's investments and are available to reduce future employer contributions or to pay administrative expenses. At December 31, 2018 and 2017, forfeited, non-vested funds totaled \$1,267 and \$27,329, respectively. During 2018, \$44,444 of forfeitures were used to pay administrative fees.

Notes Receivable from Participants

The Plan allows participants to apply for one loan each calendar year with a limit of two loans outstanding at any given time. The minimum loan is \$1,000 and the maximum amount is the lesser of one-half of the present value of the participant's vested account balance or \$50,000 reduced by the highest outstanding loan balance in the participants account during the prior twelve month period. The loan interest rate is set at one percent above the prime rate. Interest rates ranged from 4.25% to 6.5% at December 31, 2018. Such loans are collateralized by each respective participant's vested account with interest and principal payments being credited to the participant's account according to their current investment elections. Principal and interest is paid ratably through payroll deductions. Repayment terms may not exceed five years unless it is for the purchase of a participant's primary residence in which case the loan repayment period may extend up to ten years. A participant's vested interest in his or her account is reduced by the value of any loans outstanding upon termination.

Benefits Paid to Participants

Upon termination of service, disability or the attainment of normal retirement (age 65) or early retirement (age 55) a participant may elect to receive a lump-sum amount equal to the value of their account, a direct rollover to an eligible retirement plan, or installment payments. If the vested account balance payable to a participant is less than or equal to \$1,000 the entire amount shall be paid to the participant in a single lump-sum. As more fully described in the Plan document, early withdrawals are generally limited to cases involving financial hardship or in service withdrawals upon attainment of age 59 ½.

2. Summary of Accounting Policies

Basis of Presentation

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP"), and reflect management's estimates and assumptions, such as those regarding fair value, that affect the recorded amounts.

Investment Valuation and Income Recognition

The Plan invests in mutual funds and a common collective trust fund managed by Fidelity for the years ended December 31, 2018 and 2017. Investments are stated at fair value.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net depreciation in the fair value of investments, which consists of the realized gains or losses on the sale of investments during the year and the unrealized appreciation or depreciation on the investments held at the end of the year.

New York Yankees Employee Investment Plan

Notes to Financial Statements

December 31, 2018 and 2017

Common Collective Trust Fund

The fair value of the common collective trust fund is measured at net asset values ("NAV") as a practical expedient, which represents fair values of the underlying securities held in the fund. This investment is not available in an exchange or active market. Distributions from the net investment income are declared daily and reinvested monthly. The trustee confirmed there were no unfunded commitments related to the common collective trust fund as of December 31, 2018 and 2017. Redemption frequency for participant withdrawals take place daily whereas plan level liquidations require notice to Fidelity and could result in the plan's investment in the Managed Income Portfolio being placed into an investment only account for up to twelve months.

Notes Receivable from Participants

Notes receivable from participants are recorded at outstanding principal balance plus accrued interest. Interest income is recorded on the accrual basis.

Contributions

Participant and employer contributions are recorded in the period during which payroll deductions are made from the participants' earnings. Rollover contributions are recorded in the period during which received by the Plan.

Benefits

Benefits to participants are recorded when paid.

Administrative Expenses

The Partnership pays certain administrative expenses of the Plan including the audit, legal and Form 5500 fees. The Plan pays expenses related to custodian, record-keeper and advisory services. Fees related to notes receivable from participants are charged directly to the respective participant accounts. The Partnership personnel perform various administrative services for the Plan, including limited assistance with the maintenance of participant records. Such costs associated with these services are not included in the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of additions and deductions during the reporting period. The Plan's management believes that these estimates are adequate. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in professionally managed mutual funds and a common collective trust that purchase common shares, debt, and other equity type securities of publicly traded companies. Such investments are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in value in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

New York Yankees Employee Investment Plan

Notes to Financial Statements

December 31, 2018 and 2017

Recent Accounting Pronouncements

The Plan has evaluated all recent accounting pronouncements through the issuance date of these financial statements. In the Plan's opinion, there are no recent accounting pronouncements not yet adopted that would have a material impact on the Plan's financial statements.

3. Fair Value Measurements

ASC 820 defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

ASC 820 also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 establishes three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities;

Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 Unobservable inputs that are supported by no market activity and that are significant to the fair value of the assets or liabilities.

Mutual Funds

Mutual funds are considered Level 1 investments as quoted prices in active markets are utilized to measure their fair value.

New York Yankees Employee Investment Plan

Notes to Financial Statements

December 31, 2018 and 2017

Investments Measured at Fair Value on a Recurring Basis

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2018 and 2017 (Level 1, 2 and 3 inputs are defined above):

Fair Value of Investments as of December 31, 2018					
	Net Asset Value (a)	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ 34,604,926	\$ -	\$ -	\$ 34,604,926
Common collective trust fund	2,056,891				2,056,891
Total investments at fair value	\$ 2,056,891	\$ 34,604,926	\$ -	\$ -	\$ 36,661,817

Fair Value of Investments as of December 31, 2017					
	Net Asset Value (a)	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ 36,583,612	\$ -	\$ -	\$ 36,583,612
Common collective trust fund	1,752,908				1,752,908
Total investments at fair value	\$ 1,752,908	\$ 36,583,612	\$ -	\$ -	\$ 38,336,520

- (a) Certain investments that are measured at fair value using net asset value per share as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The Plan recognizes transfers between levels of the valuation hierarchy when they occur. There were no transfers between levels of the valuation hierarchy for the years ended December 31, 2018 and 2017.

4. Financial Information Certified by the Trustee

The following is a summary of the Plan's investment balances and related investment information included in the Plan's financial statements and supplemental schedule which was certified by Fidelity as of December 31, 2018 and 2017, and for the year ended December 31, 2018 as complete and accurate, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Party-in-Interest Transactions

The Trustee managed the Plan's investment in mutual funds and a common collective trust for the years ended December 31, 2018 and 2017, therefore, these transactions qualify as party-in-interest transactions. Total assets held by parties-in-interest at December 31, 2018 and 2017 were \$30,708,742 and \$32,687,842, respectively. Included in these assets were notes receivable from participants of \$656,900 and \$555,083 at December 31, 2018 and 2017, respectively. Fees paid for services rendered by parties-in-interest of \$46,687 for the year ended December 31, 2018 were based on customary rates for such services and were paid by the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon a complete or partial termination of the Plan, the account of each affected participant will fully vest.

7. Income Tax

The Plan adopted the Fidelity volume submitter defined contribution plan that received an advisory letter from the IRS dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401 of the Internal Revenue Code ("IRC"), and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Partnership most recently adopted the volume submitter plan on January 1, 2015 and has adopted the required amendments. The Partnership believes the Plan, as amended, is being operated and administered in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt at December 31, 2018 and 2017.

Plan Management must evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions of the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. These positions are not expected to change in the next 12 months. The Plan is subject to routine audits by taxing jurisdictions and accordingly, the effect of such review, if any, would be reflected in the period of review. There is currently an audit for the period January through December 31, 2015 in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

8. Subsequent Events

The Plan has evaluated subsequent events through October 15, 2019, which is the date that the financial statements are available for issuance and determined that no subsequent events have occurred requiring adjustments as of December 31, 2018.
