NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Kastle Systems International LLC Retirement Plan (the Plan) provides only general information. Refer to Plan documents for a more complete description of Plan provisions.

General

The Plan was established June 1, 1977, as the Kastle Systems, LLC Retirement Plan to provide retirement benefits for eligible employees of Kastle Systems LLC, the participating employer. The Plan was amended and restated as the Kastle Systems International LLC Retirement Plan on August 1, 2001. The restated Plan continues to be for the benefit of employees of Kastle Systems LLC, and includes employees of Kastle Systems International LLC, Kastle Philadelphia Joint Venture, Kastle New York LLC, Kastle Chicago LLC, Kastle Systems of Texas LLC, and Kastle Systems of Los Angeles PSP, (collectively, the "Company"). The Plan is a defined contribution plan covering all employees who are eligible to participate, except members of a collective bargaining unit where retirement benefits have been the subject of good faith bargaining. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan's 401(k) Investment Committee (Investment Committee) is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services. Plan assets are held and managed by Principal as of December 31, 2018 and Voya as of December 2017, which invests contributions and Plan earnings, makes investment transactions as directed by the Investment Committee and provides certain recordkeeping services and annual ERISA compliance testing.

Effective July 1, 2018, the Plan adopted the Principal Life Insurance Company volume submitter plan.

Eligibility

Eligible employees may become a participant of the Plan when they have reached 30 days of service and are age eighteen or older. An eligible employee may enter the Plan on the first date of the month after all entry requirements have been met.

Contributions

Participants may contribute a percentage of their pretax annual compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans. Effective January 1, 2016, newly hired eligible employees are auto-enrolled to make contributions of 2% of eligible compensation which auto-escalates by 1% annually up to a maximum of 6% of eligible compensation, unless they elect otherwise. Also, effective January 1, 2016, participants who are contributing less than 2% to the Plan, will be automatically enrolled at a 2% pre-tax deferral rate.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

Effective July 1, 2018, newly hired eligible employees are auto-enrolled to make contributions of 4% of eligible compensation, unless they elect otherwise.

The Company may make a matching contribution and/or a profit sharing contribution to the Plan in addition to any salary reduction contributions. A profit sharing contribution of \$279,650 was made for the plan year ended December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, as well as allocations of the Company's profit sharing contribution, and Plan earnings. Participant accounts are charged with withdrawals, an allocation of administrative expenses and Plan's losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and rollover accounts plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, at 20% per year, beginning in the second year. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) participant's loan account. Loan term periods range up to five years and must be adequately secured. However, if the loan is for the purchase of the participant's residence, the loan repayment term may exceed five years. Each loan is secured by the balance in the participant's account and bear interest at a rate ranging from 4.25% to 5.75% per annum, which was determined by the plan administrator to be comparable to rates found at local lending institutions on the date the loan originated. Principal and interest are repaid in equal payments deducted from the employee's compensation payments.

Benefits Payment

Upon separation of service due to death, disability, or termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments. If the account balance is less than \$1,000, the distribution shall be paid in the form of a lump-sum payment. Benefits are recorded when paid.

NOTE 1: PLAN DESCRIPTION (Continued)

Forfeitures

At December 31, 2018 and 2017, forfeited, non-vested accounts totaled \$20,213 and \$4,736, respectively. Forfeitures can first be used to pay administrative expenses and then to reduce future employer contributions. Forfeitures not used to pay administrative expenses will be re-allocated among participants or reduce employer contributions in the plan year following the forfeiture. During 2018, forfeitures of \$2,230 were used to pay administrative expenses.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may only be withdrawn from the employee contribution portion of the participant's balance after all other withdrawals or loans available have been taken.

Recent Accounting Pronouncements

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement* (Topic 820): *Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. The guidance is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. The guidance modifies the disclosure requirements on fair value by removing some requirements, modifying others, adding changes in unrealized gains and losses included in other comprehensive income (loss) for recurring Level 3 fair value measurements, and providing the option to disclose certain other quantitative information with respect to significant unobservable inputs in lieu of a weighted average. The Plan management is currently evaluating the impact of the guidance on the Plan's financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 4 and 5 for further discussion of fair value measurements, contract value, and NAV.

The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Distributions to participants are recorded when paid.

Expenses

Expenses attributable to the general Plan administration were paid by the Plan and allocated among the accounts of all participants, in proportion to their account balances, unless paid by the Employer.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

NOTE 3: INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Trustees under such regulation:

- a) Total investments, at fair value and contract value, included in the statements of net assets available for benefits at December 31, 2018 and 2017.
- b) Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2018.
- c) All amounts included in Note 4, Fair Value Measurements (Unaudited).
- d) All amounts included in Note 5, Investments Reported at Contract Value (Unaudited).
- e) All investment information included in the supplemental schedule of assets (held at end of year) as of December 31, 2018.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

The Plan applies ASC 820, *Fair Value Measurements and Disclosures*, which establishes a framework for measuring fair value and expands disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Kastle Systems International LLC Retirement Plan Notes to Financial Statements

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds and registered investment funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts (CITs): The Plan's CITs invest in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair value of all these investments are used in determining the NAV of the CITs. The Plan has the ability to redeem its investments at the NAV which is published daily and deemed to be the readily determinable fair value. There are no significant restrictions, redemption terms or holding periods that would limit the ability of the Plan or the participants to transact at the NAV.

Pooled separate accounts (under the group annuity contract) (PSAs): Within the PSAs, the Plan invests in stocks and mutual funds. The majority of the underlying securities have observable level 1 quoted pricing inputs. The NAV is the basis for current transactions and the PSA can be redeemed at NAV as of the measurement date. These investments are deemed to have readily determinable fair values as the NAVs per unit are determined and published daily and are the basis for current transactions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Kastle Systems International LLC Retirement Plan Notes to Financial Statements

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2018				
Mutual funds	\$ 3,481,137	\$ -	\$ -	\$ 3,481,137
Pooled separate accounts	1,209,697	-	-	1,209,697
Collective investment trusts	15,418,955	-	-	15,418,955
Total investments at fair value	\$ 20,109,789	\$ -	\$ -	\$ 20,109,789

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2017				
Registered investment companies	\$ 17,615,350	\$ -	\$ -	\$ 17,615,350
Total investments at fair value	\$ 17,615,350	\$ -	\$ -	\$ 17,615,350

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no significant transfers in or out of Levels 1, 2 or 3.

Kastle Systems International LLC Retirement Plan

Notes to Financial Statements

NOTE 5: INVESTMENTS REPORTED AT CONTRACT VALUE (UNAUDITED)

In 2018, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Principal totaling \$979,506 for 2018. In 2017, the Plan entered into a fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (VRIAC) totaling \$4,397,727 for 2017. Principal and VRIAC maintain the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 2.65% for the Principal contract in 2018 and 3.00% for the VRIAC contract in 2017. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal and Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Kastle Systems International LLC Retirement Plan Notes to Financial Statements

NOTE 6: TAX STATUS

Effective July 1, 2018, the Plan adopted the Principal Life Insurance Company volume submitter plan which received an opinion letter dated August 8, 2014. Prior to this, effective January 1, 2016, the Plan adopted a Prototype Non-Standardized Profit Sharing Plan which received an opinion letter dated September 1, 2014. The letters indicate that the Plan and related trust are designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). Any employer adopting these plans will be considered to have a plan qualified under the IRC. Although the plan documents have been amended since receiving the opinion letter; the Plan administrator believes that they are currently designed and being operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by trustee Voya until July 1, 2018. Principal was the Plan's trustee after July 1, 2018. During the year the Plan held investments managed by both Voya and Principal and therefore, these transactions qualify as party-in-interest transactions. During 2018, fees of \$66,733 were paid to the trustees.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9: DELINQUENT PARTICIPANT CONTRIBUTIONS

The Company determined that certain participant contributions had not been remitted to the Plan in a timely manner, according to Department of Labor regulations.

The amounts reported for the year ended December 31, 2018 were \$151,261. Although these remittances were made in 2018, they fell outside the normal processing time the Company allows. During 2019, the Company calculated lost earnings and deposited these funds into the Plan. The lost earnings are immaterial and thus not included in the accompanying financial statements.

The amounts reported for the year ended December 31, 2017 were \$3,867. Although these remittances were made, they fell outside the normal processing time the Company allows. During 2018, the Company calculated lost earnings and deposited these funds into the Plan.

NOTE 10: SUBSEQUENT EVENTS

Management of the Plan evaluated all events or transactions that occurred after December 31, 2018 through October 15, 2019, the date the Plan's financial statements were available to be issued.
