SUEZ Water Resources Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the SUEZ Water Resources Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions. During 2018, Suez Water Resources elected to change the trustee who administers this plan from Vanguard Fiduciary Trust Company (“VFTC”) or the “Trustee”, to Fidelity Management Trust Company (“FMTC”) or the “Trustee”. This transfer took place on November 1, 2018.

General

The Plan is a defined contribution plan that covers the eligible employees of SUEZ Water Resources Inc. and its subsidiaries and certain affiliates (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

All employees of the Company, except for those covered by a collective bargaining agreement and leased employees, automatically become eligible to participate in the Plan upon hire.

Contributions

The Plan permits participants to make pre-tax contributions of between 1% and 50% of their eligible compensation for the year, provided such contributions do not exceed the dollar limitation in effect under the Internal Revenue Code (the “Code”). The Plan also permits participants to make post-tax contributions between 1% and 50% of their eligible compensation for the year, provided such contributions do not exceed the allowable amount under the Code. The total of the participants’ pre-tax contributions and post-tax contributions may not exceed 50% of their compensation for the year and may not exceed the allowable amount under the Code. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans. The Company contributions are determined by the amounts indicated in the plan document.

The Company provides an enhanced 401(k) Company match and contribution for new hires and certain other employees not currently accruing benefits within a defined benefit plan. The enhancement increases the Company match to 50% of the first 8% of the participant’s contribution, with an additional employer contribution ranging from 1% to 4% of the employee’s base compensation, which increases during the employee’s career based on age. Employees do not have to contribute to the Plan in order to receive the age based contribution.

Participants are fully vested in their contributions and earnings thereon immediately, and become fully vested in the Company’s contributions and earnings thereon after one year of credited service. Full vesting also occurs upon attaining age 65, permanent disability or death, regardless of the participant’s length of service.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Investment Options

All of the Plan's investment options are participant-directed into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with his or her contribution, the Company's matching contribution, and Plan earnings or losses.

Forfeitures

Forfeitures of terminated, non-vested participants' accounts are first applied to restore any participant accounts of employees who are re-employed and any remaining amounts are used to reduce the Company's future matching contributions. Forfeitures from employees for the year ended December 31, 2018 and December 31, 2017 were \$38,287 and \$0, respectively. The available balance of forfeitures as of December 31, 2018 and 2017 were \$71,133 and \$15,055, respectively.

Payment of Benefits

Benefits may be paid upon death, disability, termination, normal retirement or attainment of age 59½ to the participants or their beneficiaries. These benefits are generally paid in lump-sum amounts equal to the value of the participant's vested interest in his or her account. The Plan also permits installment distributions not to exceed a ten-year period.

Notes Receivable from Participants

Participants may borrow from their accounts in amounts ranging from \$1,000 to \$50,000, provided the loan is not more than 50% of their vested account balances. The terms of the loans range from one to five years, with longer terms permitted for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed interest rate, which is determined when the loan is made by reference to market and non-market interest rates. Interest is fixed for the term of the loan. Principal and interest are paid through payroll deductions.

Administrative Expenses

Substantially all of the Plan's administrative expenses are paid for by the Company.

Transfers

Transfers in during 2018 and 2017 were \$402,592 and \$339,238, respectively, and represent assets transferred in from the SUEZ Water Resources Inc. Collectively Bargained 401(k) Plan as a result of a change in the status of participants from bargained employees to non-bargained employees of the Company. Transfers out during 2018 and 2017 were \$2,058 and \$41,833 as a result of a change in the status by participants from non-bargained employees to bargained employees of the Company. During 2017, a one time transfer out of \$101,295 was made for the former employees of Suez Water Indianapolis. The former

employees who had outstanding loan balances in the Suez Water Resources Inc. 401(k) Plan had their loan balances transferred out to their new employer's plan trustee.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The Plan's financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are stated at fair value generally by reference to published market prices valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Notes receivable from participants are valued at their outstanding principal balances, plus unpaid accrued interest, if any.

Purchases and sales of investments are recorded on a trade date basis (the day the order to buy or sell is executed). Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

The Plan holds an investment in the Vanguard Retirement Savings Trust, a common and commingled trust (the "Trust") that invests solely in the Vanguard Retirement Savings ("VRST") Master Trust. The Plan's investment in the Trust is valued at the unit value of the Trust. The Trust values its investments in the VRST Master Trust similarly. The underlying investments of the VRST Master Trust are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond trusts and bond mutual funds. The contracts are comprised of: (a) traditional investment contracts issued by insurance companies and banks which are not transferable but provide for benefit-responsive withdrawals by Plan participants at contract value, and (b) alternative investment contracts consisting of investments together with contracts under which a bank or other institution provides for benefit-responsive withdrawals by Plan participants at contract value. For fully benefit-responsive investment contracts included in the VRST, contract value is the relevant measurement

attribute because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined contribution plans.

The plan also holds an investment in the Prudential Core Plus Bond Fund. This Fund was established by the collective trust of Prudential Trust Company as a vehicle to invest in a diversified portfolio of debt securities. The Fund will be invested primarily in fixed income securities in the U.S. investment grade sectors, as well as U.S. fixed income securities rated below investment grade, the debt of developed international markets and the debt of emerging markets. The Fund may also invest in fixed income comingled vehicles. The fund is valued at unit value.

3. Fair Value Measurements

Accounting Standards Codification topic (“ASC”) 820, Fair Value Measurements and Disclosures, defines fair value, and establishes a framework for measuring fair value in US GAAP and disclosing fair value measurements. It also applies under other accounting pronouncements that require or permit fair value measurements.

The fair value hierarchy for disclosure of fair value measurements under ASC 820 is as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Quoted prices, other than quoted prices included in Level 1, that are observable for the assets or liabilities, either directly or indirectly.
- Level 3: Valuation inputs are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

The fair values of the Plan's investments were as follows at December 31, 2018 and 2017:

	Level 1	Level 2	Level 3	Total
At December 31, 2018:				
Mutual Funds	\$ 153,378,503	\$ -	\$ -	\$ 153,378,503
Self-Directed Brokerage Accounts	910,152	-	-	910,152
Total investments in the fair value hierarchy	<u>\$ 154,288,655</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 154,288,655</u>
Common Collective Trust Funds (a)				<u>9,546,138</u>
Total Investment at fair value				<u>\$ 163,834,793</u>
At December 31, 2017:				
Mutual Funds	<u>\$ 174,932,007</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 174,932,007
Total investments in the fair value hierarchy				174,932,007
Common Collective Trust Fund (a)				<u>9,107,277</u>
Total Investment at fair value				<u>\$ 184,039,284</u>

(a) Certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. Related Party Transactions

The Plan invests in shares of mutual funds managed by an affiliate of VFTC and by FMTC. VFTC and FMTC act as trustees for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

Total administrative expense paid by the Plan to parties-in-interest amounted to \$15,037 and \$7,260 for the years ended December 31, 2018 and 2017, respectively.

5. Investments

The plan administrator has elected the method of compliance permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to all investment information presented and disclosed in the accompanying financial statements certified as complete and accurate by the Trustees.

All investment information disclosed in the accompanying financial statements including investments held and notes receivable from participants at December 31, 2018 and 2017, and net appreciation in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustees.

SUEZ Water Resources Inc. 401(k) Plan

Notes to Financial Statements (continued)

6. Income Tax Status

The Plan received a determination letter from the Internal Revenue Service dated February 8, 2018, maintaining that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator and the Plan's counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that would not meet the more likely than not standard and be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

The Plan has evaluated subsequent events through October 15, 2019, which is the date these financial statements were available for issuance.
