To the Administrative Committee and Participants of
Yamibuy 401K Plan

Report on the Financial Statements

We were engaged to audit the financial statements and supplemental schedule of Yamibuy 401K Plan (the "Plan") at and for the year ended December 31, 2018, as listed in the accompanying index.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the December 31, 2018 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Transamerica Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules.

We have been informed by the plan administrator that Transamerica Life Insurance Company held the Plan's investment assets and executed investment transactions from January 1, 2018 to December 31, 2018. The plan administrator has obtained certification from the trustee as of and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the December 31, 2018 financial statements as a whole. The supplemental schedule of assets (held at end of year), which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Prior Period Financial Statements

We have also compiled the accompanying statement of net assets available for benefits of the Plan as of December 31, 2017. We have not audited or reviewed the accompanying 2017 net assets available for benefits of the Plan and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

YAMIBUY 401K PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE 1: PLAN DESCRIPTION

The following description of the Yamibuy 401K Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan was adopted by Transocean Resources Management Inc. (the "Company") as of September 1, 2016. The Plan is a defined contribution plan covering substantially all employees of the Company who have completed six months of continuous service and attained age 21.

Plan Administration

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is administered by the 401(k) Plan Administrative Committee (the Administrative Committee") of the Company. Plan assets were held, under the direction of the Administrative Committee, by Transamerica Life Insurance Company.

Contributions

Participants may elect to contribute up to 100% of his or her eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. However, the contribution may not exceed the maximum deferral as defined under Section 402(g) of the Internal Revenue Code (the "IRC").

The Company matches 100 percent of the participant's deferral, up to the first four percent of elective contribution. There were no discretionary contributions for the year ended December 31, 2018. Contributions are made by the Company for their respective participants.

Participant Accounts

Each participant's account is credited with: (a) the participant's contribution, (b) the Company's matching contribution and (c) an allocation of Plan earnings, net of certain administrative expenses. Allocations are based on participant account balances, as defined.

NOTE 1: PLAN DESCRIPTION (Continued)

Vesting

Participant and company contributions and related earnings are fully vested immediately. Benefits attributable to each participant will become fully vested in the event of death, total disability, and normal retirement at age 65 or upon partial or total Plan termination.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Terms of the loans range from one to five years and bear interest at 2% over the prime rate. A loan may be repaid over a period of thirty years if it is for the purchase of a principal residence.

Payment of Benefits

On termination of service or otherwise becoming eligible to receive benefits, a participant may elect to receive a lump-sum payment or periodic installment payments or transfer the balance in his or her account to another qualified plan. Vested accounts of $5,000 or less will be automatically paid in a lump-sum amount.

A participant may make withdrawals from his or her account (except as provided in the Plan agreement) upon reaching age 59 ½. Withdrawals may also be made for financial hardship, which is determined pursuant to the provisions of the IRC.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as Administrative Expenses. Total Administrative Expenses for the year ended December 31, 2018 was $5,398.

NOTE 1: PLAN DESCRIPTION (Continued)

Forfeitures

A participant's non-vested account balance is forfeited at the time of termination of employment. These forfeitures will be used first to offset Plan administrative expenses. Any remaining forfeitures will be used to reduce Employer Contributions under the Plan. Finally, any remaining forfeitures will be allocated to Participants.

Plan Termination

The Company anticipates and believes the Plan will continue without interruption but reserve the right to terminate the Plan, in part or in whole, at any time. In the event that such discontinuance results in termination of the Plan, participants become 100% vested in their entire account balance and the Plan's net assets will be allocated among the participants in accordance with the terms of the Plan and ERISA.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect in reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts in the statement of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments in Pooled separate accounts are presented at fair market value upon the net asset value (NAV) of shares held by the plan at year end. Participant loans are valued at the outstanding principal balance which approximates fair value.

Investment income is recorded as earned and is retained by Transamerica Life Insurance Company for reinvestment on behalf of the Plan. Dividend income is recorded on the ex-dividend date.

The Plan presents in the statement of changes in net available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefits to participants are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 3: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are describes as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

NOTE 3: FAIR VALUE MEASUREMENTS (Continued)

Pooled Separate Accounts: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2018 and 2017.

Assets at Fair Value as of December 31, 2018 (*audited*)

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$636,201	$ -	$636,201
Total Assets at Fair Value	$ -	$636,201	$ -	$636,201

Assets at Fair Value as of December 31, 2017 (*unaudited*)

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$347,312	$ -	$347,312
Total Assets at Fair Value	$ -	$347,312	$ -	$347,312

NOTE 4: GUARANTEED INVESTMENT CONTRACTS

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Transamerica Life Insurance Company totaling $69,164 and $3,569 for 2018 and 2017, respectively. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As of December 31, 2018 and 2017 the contract values of the Guaranteed Investments Contracts were equal to their fair value.

NOTE 4: GUARANTEED INVESTMENT CONTRACTS (Continued)

The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5: FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined the Plan qualifies under Section 401 (a) of the IRC and is therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC and Plan provisions to maintain its qualification. The Administrative Committee believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position, based on technical merits, is more likely than not to be sustained upon examination by the IRS. The Plan administrator concluded that the Plan has maintained its tax-exempt status and that no uncertain tax positions have been taken or are expected to be taken that require adjustment to the financial statements for the year ended December 31, 2018. The Plan has recognized no liability for income taxes, or any interest and penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes that the Plan is no longer subject to examinations by the IRS that could result in the imposition of income taxes for years prior to 2016.

NOTE 6: INFORMATION CERTIFIED BY THE PLAN TRUSTEE

Transamerica Life Insurance Company acted as trustee at December 31, 2017 and from January 1, 2018 through December 31, 2018. The trustee has custody and control of Plan assets, records transactions and pays withdrawals. The trustee has certified as complete and accurate all financial data of the Plan with respect to the period January 1, 2018 through December 31, 2018 in which it acted as trustee.

Amounts included in these financial statements and supplemental schedule relating to investments (including fair values and investment transaction information), and net appreciation/depreciation in fair value of the Plan's investments were derived from financial data certified by the trustee.

NOTE 7: SUBSEQUENT EVENT

Management has evaluated subsequent events through October 2, 2019, (the date of which the financial statements were available to be issued). No events have occurred subsequent to December 31, 2018 which would have a material effect on the financial condition of the Company.
