INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
VRX, Inc. Retirement Trust
Plano, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of VRX, Inc. Retirement Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the year ended December 31, 2018, in accordance with accounting principles generally accepted in the United States of America.

Other Matter - Supplemental Schedules

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules listed in the table of contents as of and for the year ended December 31, 2018, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1. Description of the Plan

The following description of the VRX, Inc. Retirement Trust (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan whereby eligible employees of VRX, Inc. (the Company) are permitted to make pretax contributions that are tax-deferred under Section 401(k) of the Internal Revenue Code (IRC). The Plan became effective July 1, 2008. The Plan is intended to satisfy the requirements for a qualified retirement plan under the appropriate provisions of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Plan covers all employees of the Company. Employees over age 21 become eligible after one month of service. Eligible plan participants may enter the Plan on the first day of the month coinciding with or next following the date on which eligibility requirements are met.

Contributions

Participants may contribute a percentage of pretax annual compensation, as defined in the plan document. The Plan also permits participant rollovers from the qualified plans of former employers. Participants may authorize the Company to make payroll deductions under the Plan of their eligible compensation, as defined in the Plan document, not to exceed $18,500 in 2018 in accordance with Internal Revenue Service (IRS) regulations. In addition, those participants, who are over age 50 or turning age 50 on or before December 31, 2018, are eligible for an additional catch-up contribution of $6,000 in 2018.

The Plan allows for discretionary employer matching contribution. The Company's matching contributions during 2018 were $230,821. The Company may make a profit sharing contribution at their sole discretion. In 2018, there was no profit sharing contribution to the Plan.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses, if not paid by the Company. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their contributions, rollover contributions, if applicable, and the Company's discretionary matching and profit sharing contributions, if any, into various investment options offered by the Plan. The Plan currently offers investments in registered investment companies as investment options for participants.

Note 1. Description of the Plan, continued

Vesting

Participants are immediately vested in their contributions and rollover contributions, if applicable, plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions is based on years of service. Participants are fully vested after three years of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Interest rates on notes receivable are Prime Rate at the time of the loan plus 2%. Note receivable terms cannot exceed five years. Principal and interest are paid through payroll deductions. A participant may only have one loan outstanding at any given time.

Benefits paid to participants

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments over a period not to exceed the life expectancy of the participant or designated beneficiary.

The Company, at its discretion, may elect to cash out a terminated participant's entire account balance of $5,000 or less. In-service distributions are permitted for participants that attain age 59 ½, or in situations of hardship or disability.

Forfeitures

Forfeited, nonvested accounts are retained in the Plan and may be used to reduce future employer contributions to the Plan or to pay administrative expenses of the Plan. At December 31, 2018 and 2017, unallocated forfeitures amounted to $13,975 and $11,367, respectively. During the year ended December 31, 2018, amounts forfeited were $1,318.

Note 2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of significant accounting policies, continued

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation, or depreciation, includes the Plan's gains and losses on investments purchased and sold as well as those held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Administrative expenses

Certain of the Plan's administrative expenses are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses paid to investment advisors, transfer agents, and others described in each fund prospectus or other published documents are deducted by the investment funds or accounts prior to the allocation of the Plans' investment earnings activity and are therefore included in net appreciation or depreciation of fair value of investments.

Payment of benefits

Benefit payments to participants are recorded when paid.

Subsequent events

The Plan Administrator has evaluated subsequent events through October 15, 2019, the date the financial statements were available to be issued.

Note 3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Accounting Standards Codification 820 (ASC 820) are described below:

> Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Note 3. Fair value measurements, continued

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Money market fund and mutual funds: Valued at the daily closing price as reported by the fund. The money market fund and mutual funds are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market fund and mutual funds held by the Plan are deemed to be actively traded. Mutual funds are valued at the daily closing price as reported by the fund.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 1,128,440	$ -	$ -	$ 1,128,440
Mutual funds	1,292,481	-	-	1,292,481
Total investments at fair value	$ 2,420,921	$ -	$ -	$ 2,420,921

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 831,272	$ -	$ -	$ 831,272
Mutual funds	1,498,635	-	-	1,498,635
Total investments at fair value	$ 2,329,907	$ -	$ -	$ 2,329,907

Note 4. Related-party transactions and party-in-interest transactions

Plan assets are held and managed by the trustee. The trustee invests cash received and interest and dividend income as directed by the participants of the Plan. The trustee also makes distributions to participants.

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company and the trustee qualify as party-in-interest transactions.

Certain administrative functions are performed by employees of the Company. However, no such employees receive compensation from the Plan. The Company and the Plan share in administrative expenses for the Plan.

Note 5. Tax status

Effective January 1, 2017, the Plan adopted a standardized form of a prototype plan sponsored by Decimal, Inc., DBA Ubiquity. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100 percent vested in their employer contributions.

Note 7. Risks and uncertainties

The Plan may invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Reconciliation of financial statements to form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017 to Form 5500:
