Notes to Financial Statements
December 31, 2018 and 2017

1. Description of the Plan & Summary of Significant Accounting Policies

The following description of Rausch, Sturm, Israel, Enerson & Hornik, LLP 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan. The Plan is sponsored by Rausch, Sturm, Israel, Enerson & Hornik, LLP (Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Sponsor is the plan administrator. Alerus Financial N.A (Alerus) holds the Plan assets, makes distributions and is responsible for the Plan's recordkeeping.

Eligibility

Employees of the Sponsor are eligible to participate in the Plan when all of the following requirements are met:

- (a) Completed one hour of employment within the 60 day time period following the employee's employment commencement date
- (b) Attained the age of 21

Eligible employees may enter the Plan on the first day of each month following the above conditions.

Contributions

Participants may elect to defer up to 100% of their eligible compensation, as defined by the Plan, subject to the maximum contribution limits allowed by the Internal Revenue Code (IRC). After tax, Roth, contributions are also permitted. The Plan allows participants to roll over distributions from other retirement plans. Participants are automatically enrolled for 4% withholdings unless an optout form is completed.

The Sponsor may make discretionary matching and profit sharing contributions. Participants of the Plan receive a matching contribution equal to 25% on their deferral up to the first 4% of their contribution. Sponsor matching contributions in 2018 and 2017 were \$35,564 and \$27,760, respectively. There were no Sponsor profit sharing contributions in 2018 and 2017. Sponsor contributions are presented as Employer contributions on the statement of changes in net assets available for benefits.

Funding

Participant contributions and Sponsor- matching contributions are remitted to the Plan as soon as practical after the participant contributions have been withheld from the participant's wages. The Sponsor's discretionary profit sharing contributions, if any, are remitted to the Plan annually.

Investment Options

Participants direct how their own and Sponsor contributions are invested between several investment fund choices that cover a range of fund objectives, risks and returns. By designating these investment alternatives for participants, allowing frequent fund transfers and providing the necessary fund information to participants, it is intended that the Plan be treated as an ERISA 404(c) Participant-Directed Account Arrangement.

1. Description of the Plan & Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable

Participants may receive a note from their account balance not to exceed the lesser of \$50,000 or one-half of the participant's vested account balance. Interest rates and repayment schedules are determined by the Plan Sponsor and are 4.25%-6.00% at December 31, 2018. Principal and interest are paid through payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's matching and allocated profit sharing contributions, and allocations of Plan earnings thereon. Allocations of the Sponsor's discretionary profit sharing contributions are based on participant earnings, as defined in the Plan. The benefit to which a participant is entitled is the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions, Sponsor matching contributions, and actual earnings thereon. Vesting in the Sponsor's profit sharing contributions, plus actual earnings thereon, is based on the number of years of continuous service according to the following schedule:

Years of Service	Percent Vested
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeitures

Forfeitures are portions of participant account balances that participants surrender by terminating employment prior to becoming fully vested. Forfeitures of non-vested amounts are used to pay any administrative expenses and/or reduce Sponsor contributions. No amounts were used to reduce Sponsor matching contributions during 2018 and 2017. Unallocated forfeitures remaining were \$1,302 and \$3,304 at December 31, 2018 and 2017, respectively.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or a designated beneficiary may elect to receive either a lump-sum payment equal to the value of the participant's account, receive the benefits in installments, or purchase an annuity contract. For termination of services due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Upon reaching age 59 ½ participants qualify to receive an in-service distribution from their vested account balance.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 31, 2018.

1. Description of the Plan & Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Substantially all plan administrative expenses and professional fees are paid by the Sponsor. Fees for recordkeeping services are paid by the Plan.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks of loss such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

1. Description of the Plan & Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective trusts: Valued at the NAV of shares of a bank collective trust held by the Plan at year-end. The NAV is based on the fair value of the underlying investments held by the fund. Participant transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-managed brokerage accounts (SMBA): SMBA are valued using the closing prices for the underlying investments provided by AXA Equitable Financial Services, LLC.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Realized gains and losses and unrealized appreciation and depreciation of plan assets are reported in the statement of changes in net assets available for benefits as net appreciation in fair value of investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events for possible recognition or disclosure through October 15, 2019, the date the financial statements were available to be distributed. There were no subsequent events that required recognition or disclosure.

2. Information Certified by Third Party

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Plan's independent public accountants, Reilly, Penner & Benton LLP, did not perform any auditing procedures generally accepted in the United States of America with respect to the Plan's investments, income accruals, realized and unrealized gains and losses, or other investment income certified by Alerus Financial N.A.

3. Income Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2014 that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving this determination letter from the IRS. However, the Plan administrator and third party administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Investments

The following summarizes the classification of investments by classification and method of valuation in accordance with accounting principles generally accepted in the United States of America as of December 31, 2018 and 2017:

5. Termination of Plan

Although it has not expressed any intent to do so, the Sponsor has the right to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA at any time. In the event of Plan termination, participants would become 100% vested in their employer contributions, regardless of their years of service.

6. Party-in-Interest Transactions

Transactions involving Alerus, the sponsor, of plan participants are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of ERISA regulations.
