AVALON APPAREL, LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2018

1. Plan Description

The following description of the Avalon Apparel, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was originally established on January 1, 2011 and is sponsored by Avalon Apparel, LLC, (the "Company" or "Plan Administrator".) The Plan Sponsor is responsible for the day-to-day operations and administration of the Plan. MassMutual Life Insurance Company ("MassMutual") was the asset custodian of the Plan's investment assets until May 1, 2018, after which Ameritas Life Insurance Corporation ("Ameritas") became the asset custodian, collectively, they are referred to as the ("Asset Custodians"). Hicks Pension Services provides third party administration services for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Transfer In From Other Plan

Prior to May 1, 2018, certain employees of the Company participated in a separate plan. Following the Plan's change of asset custodian to Ameritas in May 2018, assets aggregating $1,013,811 were transferred to the Plan from this other plan. This transfer is presented in the accompanying statement of changes in net assets available for Plan benefits for the year ended December 31, 2018.

Eligibility

Employees of the Company who have reached 18 years of age and have completed one year of service are eligible to participate in the Plan.

Contributions

Participants may contribute up to the annual elective deferral limits ($18,500 in 2018) imposed by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions ($6,000 in 2018).

1. Plan Description (continued)

Contributions (continued)

The Company may also decide to make additional, discretionary, qualified non-elective and matching contributions to the Plan, although is not required to do so. The qualified non-elective and discretionary matching contributions will be allocated to all employees eligible to participate in the Plan at the end of each Plan year based on eligible earnings within the computation period. All employer contributions are invested in the same manner that the participant directs his or her investments. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain other IRS limitations and as defined in the Plan document.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, qualified rollovers, the Company's qualified non-elective and matching contributions and allocations of the participant's investment earnings. Allocations of earnings are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year.

Vesting

Participants are immediately vested in their salary deferral contributions plus actual earnings thereon.

The portion of the participant's account attributable to the Company's qualified non-elective and matching contributions plus actual earnings, becomes 20% vested following two years of service as defined, and continues to vest at the rate of 20% for each successive year of service until 100% vested after six years of service, attaining normal retirement age, death, or disability.

1. Plan Description (continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2 percent above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Benefit Payments

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or substantially equal installments over a stipulated period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or elect to rollover the balance in another qualified benefit plan.

Forfeitures

Forfeitures are the portion of the employer's qualified non-elective and matching contributions that are lost by a participant who terminate employment prior to becoming fully vested under the Plan's vesting schedule. Forfeited amounts are held by the Plan and are used to offset future employer contribution requirements or Plan expenses.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan are prepared under the accrual method of accounting, in conformity with accounting principles generally accepted in the United States of America ("GAAP").

2. Summary of Significant Accounting Policies (continued)

Contributions and Withdrawals

Contributions by the participants are recognized in the period the participants' contribution withholdings are remitted by the Company, and withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participant, except for cases where refunds are due to the participants in order for the Plan to conform to Internal Revenue Code ("IRC") provisions.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, the reported amounts of additions and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments are governed by a trust agreement with Ameritas. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Investment income (loss) consists of realized and unrealized gains or losses in the fair value of investments, less investment expenses. Purchases and sales of securities are reflected on the settlement date.

Management fees and operating expenses charged to the Plan for its investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for applicable investments.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. As of December 31, 2018, there were no benefits payable to participants who elected to withdraw from the Plan.

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

Administrative expenses of the Plan may be paid from Plan assets derived from forfeitures; however, the Company pays for expenses such as administration fees and periodic financial reporting.

3. Investment Information Certified by the Asset Custodians

The Plan's investment information as of and for the year ended December 31, 2018 included throughout the Plan's financial statements, was prepared by or derived from information provided by the Asset Custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Asset Custodians that information provided to the Plan Administrator by the Asset Custodians related to the Plan's investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the Asset Custodians of the Plan, except for comparing such information certified by the Asset Custodians to information included in the Plan's financial statements. The Asset Custodians have also certified the completeness and accuracy of loan activity, including additions and dispositions of loans and loan interest, and net depreciation in the Plan's investments, including gains and losses on investments bought and sold and dividend income during the year ended December 31, 2018.

4. Investments

Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification Topic No. 820, Fair Value Measurements and Disclosures ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

4. Investments (continued)

Fair Value Measurements (continued)

Level 1: Valuation for assets and liabilities traded in active exchange markets. Valuations are obtained from readily available pricing sources for the market transactions involving identical assets or liabilities.

Level 2: Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or comparable assets or liabilities.

Level 3: Valuations for assets and liabilities that are derived from other valuations methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchanged, dealer or broker traded transactions. These valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques selected need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodology used for assets measured at fair value:

Money Market Account – The money market account is a public investment vehicle valued using $1 for the net asset value ("NAV").

Registered Investment Companies (Mutual Funds) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's assets at fair value as of December 31, 2018 and 2017 consisted of investments categorized as Level 1 in the fair value hierarchy.

5. Accounting for Uncertainty in Income Taxes

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-In-Interest Transactions

During the year ended December 31, 2018, certain administrative functions were performed by officers or employees of the Company and the Plan did not compensate such individuals for their services. Also, as discussed in Note 1, the Company pays certain costs of administering the Plan. The Plan issues notes receivables to participants, which are secured by the balances in the participants' accounts. These transactions qualify as exempt party-in-interest transactions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

8. Tax Status

The Plan was created from a plan instrument drafted by a service provider effective January 1, 2011. The IRS has determined and informed this service provider by a letter dated March 31, 2014, that the Plan instrument, as originally written by the service provider, was subjected to IRS review and has been designed in accordance with applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan and the Plan has been amended since receiving the determination letter; however, the Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC and is therefore exempt from income taxes.

9. Plan Termination

Although it has not expressed any intent to do so, the Company, by action of its Plan Administrator, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's account balance in the Plan.

10. Prohibited Transactions and Contingencies

For the year ended December 31, 2018, the Company transferred employee contributions of $141,423 into the Plan after what was considered a reasonable period of time. The estimated lost earnings was $164 for the year ended December 31, 2018. These delinquent contributions are considered non-exempt prohibited transactions under the regulations of the DOL. The Plan Administrator is currently in the process of resolving these matters, as well as taking the necessary actions to remediate this issue. The accompanying financial statements do not include any accruals or provisions related to the outcome of this uncertainty for penalties or interest.

11. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
