Continental Building Products Operating Company, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2018

1. Description of Plan

The following description of the Continental Building Products Operating Company, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that was originally established on September 12, 2013, as part of the creation of Continental Building Products Company, LLC (subsequently named “Continental Building Products Operating Company, LLC”, and referred to hereinafter as the “Company”). The Plan covers all union and non-union employees of the Company, other than students, interns, leased employees, and nonresident aliens with no US source income. Eligibility for elective salary deferral contributions begins on the hire date. Eligibility for Company matching contributions begins after completing six consecutive months of service and attaining the age of 21. Effective January 1, 2019, the Plan was amended to remove the service eligibility requirement. Eligibility for Company profit-sharing contributions begins after attaining the age of 21. Effective April 1, 2018, the Plan was amended to change the age eligibility requirement for the Company matching and profit-sharing contributions from 21 years old to 18 years old.

The Continental Building Products Operating Company, LLC Employee Benefits Committee (the “Committee”) is responsible for the general administration of the Plan. Frontier Trust Company serves as the trustee (the “Trustee”), and Ascensus, Inc. (“Ascensus”) serves as agent for Frontier Trust Company and recordkeeper for the Plan. Effective March 11, 2014, the name of the Trustee was changed to Ascensus Trust Company. Effective January 1, 2019, Fidelity Management Trust Company replaced Ascensus Trust Company as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may elect to contribute a percentage of their annual compensation, as defined by the Plan, on a pre-tax or after-tax (Roth) basis. Employees hired on or after January 15, 2016, automatically have three percent of their eligible compensation withheld and contributed as a pre-tax elective deferral, until changed by the employees. Effective April 1, 2018, the Plan was amended to increase the automatic deferral percentage from 3% to 4% for eligible new employees. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Also, participants may make in-plan Roth rollovers. Participants direct the investment of their contributions into

various investment options offered by the Plan and can change their investment options on a daily basis. The Company may provide matching contributions, in its discretion, with the amount of matching contributions varying among locations and classes of employees. In February 2018, the Committee approved a resolution authorizing the increase in the Company's matching contribution for eligible employees with the exception of the employees who are members of the unions at the Buchanan plant. In April 2018, the Company's matching contribution was enhanced as agreed in the collective bargaining agreements.

Additional profit-sharing amounts also may be contributed at the discretion of the Company. Eligible employees have to be employed by the Company on the last day of the Plan year to receive the profit-sharing amounts. All contributions are invested in the same portfolio of investment options as directed by the participants. For 2018 and 2017, the Company made profit-sharing contributions of \$2,166,567 and \$1,943,512, respectively, to the Plan. All Contributions are subject to Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contributions is based on years of continuous service and will vary among locations or classes of employees. Non-union employees are 100% vested in the Company's matching and profit sharing contributions after 2 years of credited service. Union employees are 100% vested in the Company's matching contributions after 5 years of credited service. Union employees hired before August 31, 2013, are immediately vested in the Company's profit sharing contributions; union employees hired on or after August 31, 2013, are 100% vested in the Company's profit sharing contributions after 5 years of credited service.

Participant Loans

Loans are not allowed under the Plan.

Payment of Benefits

Upon termination of employment, a participant may elect to receive a lump sum amount or a partial payment equal to the value of the participant's vested interest in his or her account. A participant whose vested account balance is \$1,000 or less will automatically receive an immediate lump-sum distribution. Effective April 1, 2018, the cashout level for a terminated participant increased from \$1,000 to \$5,000. In-service withdrawals are available in certain limited circumstances, as defined

by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are used to pay for Plan administrative expenses, restore participant accounts, and reduce Company contributions. Unallocated forfeited balance was \$42,092 of December 31, 2018. There was no unallocated forfeiture balance as of December 31, 2017. The Company used approximately \$4,000 during 2018.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note 3 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gains are included in net depreciation in fair value of investments.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the processing of benefits directly to the participant are charged directly

to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation of fair value of investments.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participants' contributions.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash equivalents: The cash equivalents held by the Plan consist of a money market fund which is valued at the daily published NAV and an account that earns interest

The following tables set forth by fair value hierarchy level the Plan's assets carried at fair value:

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 30,536,793	\$ —	\$ —	\$ 30,536,793
Cash equivalents	791,151	—	—	791,151
	<u>\$ 31,327,944</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 31,327,944</u>

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,471,148	\$ —	\$ —	\$ 28,471,148
Cash equivalents	368,646	—	—	368,646
	<u>\$ 28,839,794</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 28,839,794</u>

4. Rollover Contributions

An aggregate of \$425,985 was rolled into the Plan during the year ended December 31, 2018, and is included in rollovers on the statement of changes in net assets available for benefits.

5. Related-Party and Party-in-Interest Transactions

The Plan holds a cash equivalent as managed by the Trustee. The Plan also allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

7. Investments

All investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest, and dividends, for the year ended December 31, 2018, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Ascensus, as agent for the Trustee.

8. Tax Status

The underlying volume submitter plan has received an advisory letter from the IRS dated March 31, 2014, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code) and therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to, and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31	
	2018	2017
Net assets available for benefits per the financial statements	\$ 33,495,839	\$ 30,853,751

Net income per the Form 5500	<u>\$ 2,701,628</u>

11. Subsequent Events
