Note 1 – Description of plan

The following description of the Alcoa Electrical Contractor Inc 401k Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and was established as of January 1, 2013 and was restated effective March 1, 2018. The Plan Sponsor is Alcoa Electrical Contractor, Inc. ADP Retirement Services (ADPRS) has been contracted to serve as the Custodian of the Plan and Reliance Trust Company has been contracted to serve as the Trustee of the Plan. The Plan was established by the Plan Sponsor to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Investment options

Participants may direct employee contributions to any of the investment options available under the Plan. The investment options include registered investment companies (mutual funds).

Eligibility and participation

Until March 1, 2018, all employees who were employed twelve months and had attained the age of 21 were eligible to participate in the Plan, except non-resident aliens who received no U.S. earned income and employees who were included in a unit of collective bargaining. Effective March 1, 2018, all employees who have attained the age of 21 are eligible to participate immediately in the Plan.

Contributions

The Plan is a contributory plan whereby participants may contribute pre-tax annual compensation and/or Roth 401(k) contributions from 1% to 90% of their salary, not to exceed $18,500 and $18,000 for the years ended December 31, 2018 and 2017, respectively. Participants age 50 or older may elect to defer up to an additional $6,000 of "catch up" contributions to the Plan for 2018 and 2017. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant accounts

Each participant's account is credited with the participant's deferrals and an allocation of Plan investment earnings. Each participant's account is decreased by investment losses and depreciation in the value of investments, as well as withdrawals and distributions from their account. Participants may choose to have their account balance deposited in various investment programs. Allocation of Plan investment earnings are based on participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

Note 1 – Description of plan (continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 year to a maximum of 5 years (a maximum of 30 years if used to purchase the participant's principal residence). The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Sponsor. Interest rates on participant loans ranged from 4.25% to 7.00% as of December 31, 2018. Principal and interest is paid ratably through payroll deductions or participant payments.

Payments of benefits

Upon retirement, death, disability, or termination of service, a participant is entitled to receive, as benefits, a lump sum amount equal to the value of his/her account, distributed in accordance with the Plan. Benefits provided under this plan are neither insured nor guaranteed by the Plan Sponsor, by the Pension Benefit Guarantee Corporation, a federal governmental agency, nor under any state or federal law.

Note 2 – Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting as required by generally accepted accounting principles.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosures. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains and losses. Realized gains and losses are measured as the difference between the historical cost of investments sold or redeemed during the year and the proceeds received from their sale or redemption. Unrealized gains and losses are measured as the difference between cost and fair value at the beginning of the period and at the end of the period. Investment transactions are accounted for on a trade date basis.

Note 2 – Summary of significant accounting policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Participants are allowed to have one loan outstanding at any time.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Fees paid by the Plan amounted to $23,103 for the year ended December 31, 2018. There were no administrative fees paid by the Plan Sponsor for the year ended December 31, 2018.

Subsequent events

Subsequent events have been evaluated by the Sponsor's management through October 15, 2019, the date these financial statements were available to be issued. No material subsequent events have occurred since December 31, 2018 that required recognition or additional disclosure in the current period financial statements.

Note 3 – Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note 3 – Fair value measurements (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2018 and 2017. The valuation methodology used for the assets measured at fair value is as follows:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018		
	Level 1	Level 2	Level 3
Registered investment companies	$ 1,110,831	-	-
Total investments	$ 1,110,831	$ -	$ -

	Assets at Fair Value as of December 31, 2017(compiled)		
	Level 1	Level 2	Level 3
Registered investment companies	$ 773,587	$ -	$ -
Total investments	$ 773,587	$ -	$ -

Note 4 – Information certified by the trustee

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the Act). Under this provision of the Act, certain information certified need not be subject to independent audit.

The Plan Sponsor has obtained certification from the trustee that the following information included in the Plan's financial statements is complete and accurate, as of and for the year ended December 31, 2018:

Statement of net assets available for benefits	
Investments in registered investment companies	$ 1,110,831
Notes receivable from participants	94,883
Statement of changes in net assets available for benefits	
Interest income on notes receivable from participants	3,163
Interest, dividends, and other income	41,530
Net appreciation (depreciation) in fair value of investments	(119,851)

Note 5 – Parties-in-interest transactions

Certain Plan investments are managed by ADP Retirement Services, the custodian of the Plan. These transactions qualify as party-in-interest transactions. The Plan also holds notes receivable representing participant loans. Therefore, these transactions qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 6 – Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Tax status

The IRS has determined and informed the plan sponsor by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been restated since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken.

The Plan is subject to potential audits on open years by any jurisdiction in which it operates. The statute of limitations for federal purposes is generally three years.

Note 8 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant accounts' balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Reconciliation of financial statements to the Form 5500
