AMERICAN BROADBAND 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the American Broadband (“Company”) 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multi-employer defined contribution plan covering all employees of the following companies: Cameron Communications, LLC, LBH, LLC, American Broadband Communications, LLC, American Broadband Holding Company, Inc., RBJ Corp, LLC, and Huntel, LLC. All full-time employees who have one month of service and are 18 or older are eligible. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Investing

The Employee Retirement Income Security Act of 1974 (ERISA) imposes certain duties on the parties who are responsible for the operation of the Plan. These parties, called fiduciaries, have a duty to invest Plan assets in a prudent manner. However, an exception exists for plans that comply with ERISA Section 404(c) and permit a participant to exercise control over the assets in his/her account and choose from a broad range of investment alternatives. This Plan is intended to be a Section 404(c) plan. To the extent that a participant has directed the investment of assets in their account under the Plan, the participant is responsible for the investment decisions made relating to those assets and the Plan fiduciaries are not responsible for any losses resulting from the participant's investment instructions.

Contributions and Funding Policy

Each year, participants may contribute up to the lesser of 50% of pretax annual compensation or \$18,000 for 2017 and 2016, as defined in the Plan. Participants who have attained age 50 or older before the end of the Plan year are eligible to make catch-up contributions up to \$6,000 for 2017 and 2016. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans but will not become a participant in the Plan until the eligibility and entry date requirements are met. Participants direct the investment of their contributions into various investment options offered by the Plan. The employer may make matching contributions if the employee meets the eligibility requirements of the Plan by being at least 18 years old and meeting the service requirement of one month. Additionally, the employer may make discretionary nonelective contributions in an amount to be determined by the Board of Directors for each Plan year. The participant must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year to be eligible to receive any nonelective contributions that may be made for that Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Inactive Participants

An active participant shall become an inactive participant on the earlier of (1) the date the participant ceases to be an eligible employee, or (2) the effective date of the complete termination of the Plan.

NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF THE PLAN - (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus earnings and market fluctuations thereon. Vesting in the employer's contribution portion of their accounts is based on continuous service. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	50%
3	100%

Participants that merged from the American Broadband Communications, LLC 401(k) Plan who did not work an hour of service on or after December 1, 2016 will be subject to the vesting schedule below:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their own salary deferral savings account once each year. The minimum loan is \$1,000 and the maximum amount is the lesser of one-half of the vested account balance or \$50,000 reduced by the highest outstanding loan balance in the account during the prior twelve-month period. Participants may only have one loan outstanding at any given time. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances.

Principal and interest is paid ratably through monthly payroll deductions. The Plan Administrator shall consider a loan in default if any scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a loan is initially considered past due. For the purpose of Code Section 72(p), the participant shall then be treated as having a deemed distribution regardless of whether or not a distribution event has occurred.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawal of any portion of his or her vested balance, or installments in equal amounts over a period of time.

Distributions must commence no later than April 1 of the calendar year following the calendar the participant turns 70½ or terminates their employment, whichever is later.

NOTE 1 - DESCRIPTION OF THE PLAN - (Continued)

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$19,822 and \$12,462, respectively. These accounts are to be used to reduce future employer contributions and defray administrative expenses of the Plan which consist of attorney fees, audit fees and record keeping costs. Forfeitures balances increased by \$7,359 and \$7,541 in 2017 and 2016, respectively. In 2017 and 2016, employer contributions were reduced by \$-0- and \$193, respectively, from forfeited nonvested accounts. Upon termination of employment, plan participants have five years in which to withdraw or transfer their accounts. After five years, any nonvested employer matching contributions are forfeited.

Plan Merger

Effective December 1, 2016, the Board of Directors of American Broadband Communications, LLC, the parent company of Cameron Communications, LLC, approved the merger of American Broadband Communications, LLC 401(k) ("old Midwest Plan"), which is the previous profit sharing plan for Huntel, LLC and RBJ Corp., LLC, with the Cameron Communications, LLC Cash or Deferred Profit Sharing Plan ("old Cameron Plan"). As a result of the merger, all investments were transferred from the old Midwest Plan into the old Cameron Plan on that date. At the time of the merger, the name was then changed to American Broadband 401(k) Plan.

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A brief summary of the significant accounting and reporting policies followed by the Plan in the preparation of its financial statements is presented below.

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

AMERICAN BROADBAND 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2017 and 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Basis of Accounting – (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's management determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Operating Expenses

Certain operating expenses of maintaining the Plan are paid by the Sponsor and therefore excluded from these financial statements. Investment related expenses are included in administration expenses. Fees for the administration of notes receivable from participants are paid and charged directly to the participant.

Excess Contribution Payable

Amounts payable to participants totaling \$-0- and \$2,951 for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are included in the statement of net assets available for benefits as excess contributions, with a corresponding deduction on the statement of changes in net assets available for benefit in 2017 and 2016, respectively. The plan distributed the 2016 excess contributions in 2017. There were no excess contributions for the year ended December 31, 2017.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Recently Adopted Accounting Standards

In July 2015, the FASB issued ASU 2015-12 (Part I), *Plan Accounting: Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Fully Benefit-Responsive Investment Contracts*. Part I of the ASU designates contract value as the only required measure for fully benefit-responsive investment contracts. After the adoption of ASU 2015-12 (Part I), fully benefit-responsive investment contracts should be measured, presented, and disclosed *only* at contract value. ASU 2015-12 (Part I) is effective for fiscal years beginning after December 15, 2015, with early application permitted. The ASU should be applied retrospectively to all periods presented.

ASU 2015-12 (Part II), *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Plan Investment Disclosures*, eliminates the requirement for plans to identify individual investments that represent five percent or more of net assets available for benefits. The ASU is effective for fiscal years beginning after December 15, 2015, with early application permitted. The ASU should be applied retrospectively to all periods presented.

The adoption of these standards did not have a material impact on the financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are based primarily on quoted prices for similar assets or liabilities in active or inactive markets and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds are held by the Plan are considered to be actively traded.

NOTE 3 - FAIR VALUE MEASUREMENTS- (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

		Fair Value Measurements at the End of the Reporting Period Using:
	Fair Value	Quoted Prices In Active Markets for Identical Assets or Liabilities (Level 1)
<u>December 31, 2017</u>		
Mutual funds	\$ 20,283,179	\$ 20,283,179
Total assets at fair value	<u>\$ 20,283,179</u>	<u>\$ 20,283,179</u>
 <u>December 31, 2016</u>		
Mutual funds	\$ 16,508,951	\$ 16,508,951
Total assets at fair value	<u>\$ 16,508,951</u>	<u>\$ 16,508,951</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2017 and 2016, are reported in net appreciation in fair value of investment securities.

The Plan's policy is to recognize transfers between Level 1 and Level 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2017 and 2016, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 4 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$850 and \$792 for the years ended December 31, 2017 and 2016, respectively. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company by an advisory letter on March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for a period beyond three years from the filings of those returns.

NOTE 7 - INACTIVE PARTICIPANTS

At December 31, 2017, accounts totaling \$73,898 belong to two separated participants who at the date of the financial statements have not directed disbursement of their accounts.

NOTE 8 - INFORMATION CERTIFIED BY THE CUSTODIAN OF THE PLAN

Fidelity, as custodian of the Plan, holds all of the Plan's investment assets and executes transactions therein. Financial information relating to the assets is included in the accompanying financial statements and is based on information provided by the custodian. The Plan administrator has instructed us not to examine the information certified as complete and accurate by the custodian. The custodian's certificate applies to substantially all Plan assets and transactions for the dates presented, as well as the Schedule of Assets Held for Investment Purposes on page 16.

The following information was included in the accompanying financial statements and supplemental schedules and was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

NOTE 9 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

AMERICAN BROADBAND 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the American Broadband (“Company”) 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multi-employer defined contribution plan covering all employees of the following companies: Cameron Communications, LLC, LBH, LLC, American Broadband Communications, LLC, American Broadband Holding Company, Inc., RBJ Corp, LLC, and Huntel, LLC. All full-time employees who have one month of service and are 18 or older are eligible. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Investing

The Employee Retirement Income Security Act of 1974 (ERISA) imposes certain duties on the parties who are responsible for the operation of the Plan. These parties, called fiduciaries, have a duty to invest Plan assets in a prudent manner. However, an exception exists for plans that comply with ERISA Section 404(c) and permit a participant to exercise control over the assets in his/her account and choose from a broad range of investment alternatives. This Plan is intended to be a Section 404(c) plan. To the extent that a participant has directed the investment of assets in their account under the Plan, the participant is responsible for the investment decisions made relating to those assets and the Plan fiduciaries are not responsible for any losses resulting from the participant's investment instructions.

Contributions and Funding Policy

Each year, participants may contribute up to the lesser of 50% of pretax annual compensation or \$18,000 for 2017 and 2016, as defined in the Plan. Participants who have attained age 50 or older before the end of the Plan year are eligible to make catch-up contributions up to \$6,000 for 2017 and 2016. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans but will not become a participant in the Plan until the eligibility and entry date requirements are met. Participants direct the investment of their contributions into various investment options offered by the Plan. The employer may make matching contributions if the employee meets the eligibility requirements of the Plan by being at least 18 years old and meeting the service requirement of one month. Additionally, the employer may make discretionary nonelective contributions in an amount to be determined by the Board of Directors for each Plan year. The participant must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year to be eligible to receive any nonelective contributions that may be made for that Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Inactive Participants

An active participant shall become an inactive participant on the earlier of (1) the date the participant ceases to be an eligible employee, or (2) the effective date of the complete termination of the Plan.

NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF THE PLAN - (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus earnings and market fluctuations thereon. Vesting in the employer's contribution portion of their accounts is based on continuous service. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	50%
3	100%

Participants that merged from the American Broadband Communications, LLC 401(k) Plan who did not work an hour of service on or after December 1, 2016 will be subject to the vesting schedule below:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their own salary deferral savings account once each year. The minimum loan is \$1,000 and the maximum amount is the lesser of one-half of the vested account balance or \$50,000 reduced by the highest outstanding loan balance in the account during the prior twelve-month period. Participants may only have one loan outstanding at any given time. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances.

Principal and interest is paid ratably through monthly payroll deductions. The Plan Administrator shall consider a loan in default if any scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a loan is initially considered past due. For the purpose of Code Section 72(p), the participant shall then be treated as having a deemed distribution regardless of whether or not a distribution event has occurred.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawal of any portion of his or her vested balance, or installments in equal amounts over a period of time.

Distributions must commence no later than April 1 of the calendar year following the calendar the participant turns 70½ or terminates their employment, whichever is later.

NOTE 1 - DESCRIPTION OF THE PLAN - (Continued)

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$19,822 and \$12,462, respectively. These accounts are to be used to reduce future employer contributions and defray administrative expenses of the Plan which consist of attorney fees, audit fees and record keeping costs. Forfeitures balances increased by \$7,359 and \$7,541 in 2017 and 2016, respectively. In 2017 and 2016, employer contributions were reduced by \$-0- and \$193, respectively, from forfeited nonvested accounts. Upon termination of employment, plan participants have five years in which to withdraw or transfer their accounts. After five years, any nonvested employer matching contributions are forfeited.

Plan Merger

Effective December 1, 2016, the Board of Directors of American Broadband Communications, LLC, the parent company of Cameron Communications, LLC, approved the merger of American Broadband Communications, LLC 401(k) ("old Midwest Plan"), which is the previous profit sharing plan for Huntel, LLC and RBJ Corp., LLC, with the Cameron Communications, LLC Cash or Deferred Profit Sharing Plan ("old Cameron Plan"). As a result of the merger, all investments were transferred from the old Midwest Plan into the old Cameron Plan on that date. At the time of the merger, the name was then changed to American Broadband 401(k) Plan.

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A brief summary of the significant accounting and reporting policies followed by the Plan in the preparation of its financial statements is presented below.

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Basis of Accounting – (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's management determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Operating Expenses

Certain operating expenses of maintaining the Plan are paid by the Sponsor and therefore excluded from these financial statements. Investment related expenses are included in administration expenses. Fees for the administration of notes receivable from participants are paid and charged directly to the participant.

Excess Contribution Payable

Amounts payable to participants totaling \$-0- and \$2,951 for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are included in the statement of net assets available for benefits as excess contributions, with a corresponding deduction on the statement of changes in net assets available for benefit in 2017 and 2016, respectively. The plan distributed the 2016 excess contributions in 2017. There were no excess contributions for the year ended December 31, 2017.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Recently Adopted Accounting Standards

In July 2015, the FASB issued ASU 2015-12 (Part I), *Plan Accounting: Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Fully Benefit-Responsive Investment Contracts*. Part I of the ASU designates contract value as the only required measure for fully benefit-responsive investment contracts. After the adoption of ASU 2015-12 (Part I), fully benefit-responsive investment contracts should be measured, presented, and disclosed *only* at contract value. ASU 2015-12 (Part I) is effective for fiscal years beginning after December 15, 2015, with early application permitted. The ASU should be applied retrospectively to all periods presented.

ASU 2015-12 (Part II), *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Plan Investment Disclosures*, eliminates the requirement for plans to identify individual investments that represent five percent or more of net assets available for benefits. The ASU is effective for fiscal years beginning after December 15, 2015, with early application permitted. The ASU should be applied retrospectively to all periods presented.

The adoption of these standards did not have a material impact on the financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are based primarily on quoted prices for similar assets or liabilities in active or inactive markets and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds are held by the Plan are considered to be actively traded.

NOTE 3 - FAIR VALUE MEASUREMENTS- (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

		Fair Value Measurements at the End of the Reporting Period Using:
	Fair Value	Quoted Prices In Active Markets for Identical Assets or Liabilities (Level 1)
<u>December 31, 2017</u>		
Mutual funds	\$ 20,283,179	\$ 20,283,179
Total assets at fair value	<u>\$ 20,283,179</u>	<u>\$ 20,283,179</u>
 <u>December 31, 2016</u>		
Mutual funds	\$ 16,508,951	\$ 16,508,951
Total assets at fair value	<u>\$ 16,508,951</u>	<u>\$ 16,508,951</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2017 and 2016, are reported in net appreciation in fair value of investment securities.

The Plan's policy is to recognize transfers between Level 1 and Level 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2017 and 2016, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 4 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$850 and \$792 for the years ended December 31, 2017 and 2016, respectively. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company by an advisory letter on March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for a period beyond three years from the filings of those returns.

NOTE 7 - INACTIVE PARTICIPANTS

At December 31, 2017, accounts totaling \$73,898 belong to two separated participants who at the date of the financial statements have not directed disbursement of their accounts.

NOTE 8 - INFORMATION CERTIFIED BY THE CUSTODIAN OF THE PLAN

Fidelity, as custodian of the Plan, holds all of the Plan's investment assets and executes transactions therein. Financial information relating to the assets is included in the accompanying financial statements and is based on information provided by the custodian. The Plan administrator has instructed us not to examine the information certified as complete and accurate by the custodian. The custodian's certificate applies to substantially all Plan assets and transactions for the dates presented, as well as the Schedule of Assets Held for Investment Purposes on page 16.

The following information was included in the accompanying financial statements and supplemental schedules and was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

NOTE 9 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
