INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee
of BANTA MANAGEMENT SERVICES INC.
401(k) PROFIT SHARING PLAN & TRUST
Poughkeepsie, New York

Report on the Financial Statements

I was engaged to audit the financial statements of the Banta Management Services Inc. 401(k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2017, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer opinion paragraph, however, I am not able to obtain sufficient audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note G, which was certified by MidAtlantic Trust, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplementary schedules. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodians as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matters

The Plan administrator discovered certain violations discussed in Note H and determined that corrective measures are required to be implemented. The Plan administrator has not quantified the amount of, or change in, the Plan's net assets available for benefits as a result of such measures, as these amounts and their effect on the financial statements are not reasonably determinable. I do not express an opinion on these matters.

The supplemental schedules of Banta Management Services Inc. 401(k) Profit Sharing Plan & Trust as of or for the year ended December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - GENERAL DESCRIPTION OF THE PLAN

The following description of the Banta Management Services Inc. ("the company") 401(k) Profit Sharing Plan & Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established January 1, 1996, covering all full-time and part-time employees of the Company who are over the age of 21, who have completed three months of service, and who are not party to a collective bargaining agreement with the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA)

Contributions

Each year, participants may contribute up to the limits imposed by the IRS of pretax annual compensation as defined in the Plan, up to the maximum amount allowable under the Internal Revenue Code (IRC). Participants over the age of 50 may contribute additional amounts as allowed by Internal Revenue Service regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.
The Company may make discretionary matching and profit sharing contributions to the Plan on a participant's behalf. The Company elected not to make discretionary contributions during the year.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of plan earnings. Allocations of plan earnings are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts. In the event of the Plan's termination, all participants will become fully vested in their account balances.

Vesting

Participants are immediately vested in their contributions and earnings thereon, along with any employer profit sharing contributions made. With respect to Company contributions, a participant is 20% vested after two years of service increasing to 100% after six years.

Loan to Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant loan funds. As of December 31, 2016 employee loan balance was $1,006.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE A - GENERAL DESCRIPTION OF THE PLAN (continued)

Forfeitures

Plan Forfeitures are first used to reduce plan expenses, then used to reduce employer contributions.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Fair Value Measurements - Investment Valuation and Income Recognition (SFAS 157)

As defined in SFAS No. 157, fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. In determine fair value, the Company utilizes certain assumptions that market participants would be used in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable inputs and minimize the use of unobservable inputs. Based on the examination of the inputs used in the valuation techniques, the Company is required to prove the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Quoted market prices in active markets for identical assets or liabilities

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data

Level 3 - Includes significant inputs to the valuation methodology that are unobservable and may include assumptions about market participant assumptions.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.
The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

MUTUAL FUNDS
Mutual Funds are valued at the net asset value (NAV) of the shares held by the plan at year end and are classified as Level 1 of the fair value hierarchy.

These funds are considered open-end mutual funds, meaning that the fund is ready to redeem its shares at any time and offers its shares for sale to the public, either through retail outlets or through institutional investors continuously. For institutional funds, NAV's are received daily from fund managers, and the managers stand ready to transact at these quoted amounts.

The calculation of the NAV for funds composed of other funds (e.g., retirement target date funds) is essentially the same as the calculation of the NAV for any other fund: The total market value of assets across all underlying funds less any liabilities is divided by the outstanding shares. Again, this resulting NAV is published and/or the fund managers are ready to transact at the quoted prices.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (Continued)

PARTICIPANT LOANS

Participant loans are valued at their outstanding balance, which approximates fair value. Participant loans are level 2.

There is no market (quoted prices or observable inputs) for participant loans, and as such the valuation includes significant inputs based on assumptions about market participant assumptions.

The following table presents the financial instruments carried at fair value as of December 31, 2017, by the TOPIC ASC 820 valuation hierarchy,

	Level 1	Level 2
Pooled separate accounts- Mutual Funds	299,031	
Participant loans	-	593
Total assets at fair value	$ 299,031	$ 593

	Pooled Separate Mutual Funds	Participant Loans
Balance, beginning of year	$ 231,660	$ 1,006
Contributions/(repayments)	29,228	
Transfers in/(out) - net	443	(443)
Investment income	-	30
Administrative fees	(938)	
Gains(losses)	39,938	
Benefit payments and Loan Issues	(1,300)	-
Balance, end of year	$ 299,031	$ 593

Investment Income

Interest and Dividend income is recorded as earned.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs, principally accounting and administrative fees, are paid directly by the Company. Other administrative expenses are paid by the Plan.

Concentration

The Plan has one investment that accounts for 53% of investments as of December 31, 2017. The investment is American Funds 2025 Target Date Retirement Fund Class R-4.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES Continued)

Participant Loans

Participant loans are recorded on the accrual basis, inclusive of accrued interest. Interest income from participant loans is recorded when accrued. As of December 31, 2017, participant loan balances were $593.

Risks and Uncertainties

The Plan provides for various investment options in any combination of a variety of mutual funds. Investments in mutual funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain mutual funds and the level of uncertainty related to changes in the value of mutual funds, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statements of changes in net assets available for benefits.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE C - INVESTMENTS

Plan assets are held in registered investment companies, through Paychex Retirement Services, the Plan's current custodian.

The fair market value of individual assets that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2017
American Funds 2040 Target Date Retirement	$ 35,512
American Funds 2050 Target Date Retirement	$ 17,040
American Funds 2020 Target Date Retirement	$ 39,832
American Funds 2025 Target Date Retirement	$ 157,192

During 2017 and 2016 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) increased(decreased) in value by $66,958 and ($261,819), respectively.

A participant may direct contributions to any investment available through Paychex Retirement Services. All investments are self directed in registered investment companies.

NOTE D - INCOME TAX STATUS

The Internal Revenue Service has determined and informed Paychex Inc. by letter dated April 10, 2014, that the Plan prototype is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Company may rely on this determination letter or request a separate determination letter. Management has elected to comply with the prototype Plan and rely on the Paychex, Inc. IRS acceptance.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee
of BANTA MANAGEMENT SERVICES INC.
401(k) PROFIT SHARING PLAN & TRUST
Poughkeepsie, New York

Report on the Financial Statements

I was engaged to audit the financial statements of the Banta Management Services Inc. 401(k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2017, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer opinion paragraph, however, I am not able to obtain sufficient audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note G, which was certified by MidAtlantic Trust, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplementary schedules. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodians as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matters

The Plan administrator discovered certain violations discussed in Note H and determined that corrective measures are required to be implemented. The Plan administrator has not quantified the amount of, or change in, the Plan's net assets available for benefits as a result of such measures, as these amounts and their effect on the financial statements are not reasonably determinable. I do not express an opinion on these matters.

The supplemental schedules of Banta Management Services Inc. 401(k) Profit Sharing Plan & Trust as of or for the year ended December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - GENERAL DESCRIPTION OF THE PLAN

The following description of the Banta Management Services Inc. ("the company") 401(k) Profit Sharing Plan & Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established January 1, 1996, covering all full-time and part-time employees of the Company who are over the age of 21, who have completed three months of service, and who are not party to a collective bargaining agreement with the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA)

Contributions

Each year, participants may contribute up to the limits imposed by the IRS of pretax annual compensation as defined in the Plan, up to the maximum amount allowable under the Internal Revenue Code (IRC). Participants over the age of 50 may contribute additional amounts as allowed by Internal Revenue Service regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.
The Company may make discretionary matching and profit sharing contributions to the Plan on a participant's behalf. The Company elected not to make discretionary contributions during the year.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of plan earnings. Allocations of plan earnings are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts. In the event of the Plan's termination, all participants will become fully vested in their account balances.

Vesting

Participants are immediately vested in their contributions and earnings thereon, along with any employer profit sharing contributions made. With respect to Company contributions, a participant is 20% vested after two years of service increasing to 100% after six years.

Loan to Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant loan funds. As of December 31, 2016 employee loan balance was $1,006.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE A - GENERAL DESCRIPTION OF THE PLAN (continued)

Forfeitures

Plan Forfeitures are first used to reduce plan expenses, then used to reduce employer contributions.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Fair Value Measurements - Investment Valuation and Income Recognition (SFAS 157)

As defined in SFAS No. 157, fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. In determine fair value, the Company utilizes certain assumptions that market participants would be used in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable inputs and minimize the use of unobservable inputs. Based on the examination of the inputs used in the valuation techniques, the Company is required to prove the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Quoted market prices in active markets for identical assets or liabilities

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data

Level 3 - Includes significant inputs to the valuation methodology that are unobservable and may include assumptions about market participant assumptions.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.
The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

MUTUAL FUNDS
Mutual Funds are valued at the net asset value (NAV) of the shares held by the plan at year end and are classified as Level 1 of the fair value hierarchy.

These funds are considered open-end mutual funds, meaning that the fund is ready to redeem its shares at any time and offers its shares for sale to the public, either through retail outlets or through institutional investors continuously. For institutional funds, NAV's are received daily from fund managers, and the managers stand ready to transact at these quoted amounts.

The calculation of the NAV for funds composed of other funds (e.g., retirement target date funds) is essentially the same as the calculation of the NAV for any other fund: The total market value of assets across all underlying funds less any liabilities is divided by the outstanding shares. Again, this resulting NAV is published and/or the fund managers are ready to transact at the quoted prices.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (Continued)

PARTICIPANT LOANS

Participant loans are valued at their outstanding balance, which approximates fair value. Participant loans are level 2.

There is no market (quoted prices or observable inputs) for participant loans, and as such the valuation includes significant inputs based on assumptions about market participant assumptions.

The following table presents the financial instruments carried at fair value as of December 31, 2017, by the TOPIC ASC 820 valuation hierarchy,

	Level 1	Level 2
Pooled separate accounts- Mutual Funds	299,031	
Participant loans	-	593
Total assets at fair value	$ 299,031	$ 593

	Pooled Separate Mutual Funds	Participant Loans
Balance, beginning of year	$ 231,660	$ 1,006
Contributions/(repayments)	29,228	
Transfers in/(out) - net	443	(443)
Investment income	-	30
Administrative fees	(938)	
Gains(losses)	39,938	
Benefit payments and Loan Issues	(1,300)	-
Balance, end of year	$ 299,031	$ 593

Investment Income

Interest and Dividend income is recorded as earned.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs, principally accounting and administrative fees, are paid directly by the Company. Other administrative expenses are paid by the Plan.

Concentration

The Plan has one investment that accounts for 53% of investments as of December 31, 2017. The investment is American Funds 2025 Target Date Retirement Fund Class R-4.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES Continued)

Participant Loans

Participant loans are recorded on the accrual basis, inclusive of accrued interest. Interest income from participant loans is recorded when accrued. As of December 31, 2017, participant loan balances were $593.

Risks and Uncertainties

The Plan provides for various investment options in any combination of a variety of mutual funds. Investments in mutual funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain mutual funds and the level of uncertainty related to changes in the value of mutual funds, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statements of changes in net assets available for benefits.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE C - INVESTMENTS

Plan assets are held in registered investment companies, through Paychex Retirement Services, the Plan's current custodian.

The fair market value of individual assets that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2017
American Funds 2040 Target Date Retirement	$ 35,512
American Funds 2050 Target Date Retirement	$ 17,040
American Funds 2020 Target Date Retirement	$ 39,832
American Funds 2025 Target Date Retirement	$ 157,192

During 2017 and 2016 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) increased(decreased) in value by $66,958 and ($261,819), respectively.

A participant may direct contributions to any investment available through Paychex Retirement Services. All investments are self directed in registered investment companies.

NOTE D - INCOME TAX STATUS

The Internal Revenue Service has determined and informed Paychex Inc. by letter dated April 10, 2014, that the Plan prototype is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Company may rely on this determination letter or request a separate determination letter. Management has elected to comply with the prototype Plan and rely on the Paychex, Inc. IRS acceptance.
