401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Tremcar USA, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have three months of service and are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Committee is responsible for oversight of the Plan.

On December 20, 2017, a resolution to terminate the plan, effective as of December 31, 2017, was adopted by the Board.

Contributions

Per a plan amendment with an effective date of August 14, 2015, the percentage participants may contribute each year was updated from 90% to any amount up to the maximum percentage of compensation and dollar amount permissible under Code Section 402(g) and 414(v) not to exceed the limits of Code Section 401(k), 404, and 415, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The August 14, 2015 amendment also included a provision which gives the Company the right to make a discretionary contribution on behalf of eligible participants in an amount equal to either a percentage of compensation or a dollar amount as it directly relates to elective deferrals made by eligible participants during the Plan year. During plan year 2017, the Company made a QNEC contribution. During plan year 2016, the Company had not contributed to the Plan. These contributions and any other additional amounts contributed are at the option of the Company's Board of Directors. Contributions are subject to certain limitations. The plan amendment with an effective date of August 14, 2015 also includes a provision that an automatic enrollment provision will be effective as of January 1, 2016.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of several investment funds. Participants may change their investment option allocations at any time.

Vesting

Participants are vested immediately in all employee contributions and earnings. As a result of the plan amendment with an effective date of August 14, 2015, vesting in the Company's matching contribution is based on years of service. A participant is 100 percent vested after six years of service.

Participant Accounts

Each participant's account is credited with the participant contributions and an allocation of a) the Company's contribution, and b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

TREMCAR USA, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

On termination of service for death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Prior to age 59 1/2, a participant may withdraw balances attributable to elective deferrals, rollover contributions plus their earnings, and non-elective contributions plus their earnings for reason of a hardship only.

Notes Receivable From Participants

As a result of the plan amendment with an effective date of August 14, 2015, participants may borrow from their vested account balance. The minimum loan is \$1,000 and the maximum is the lesser of one-half of the participant's vested account balance or \$50,000. Generally, loans are for a maximum term of five years unless the loan is for the purpose of purchasing a principal residence, in which case the Plan Administrator has the discretion to extend repayment terms. The loans are secured by the balances in the participant's account and bear interest at the current interest rate. Principal and interest are paid ratably through weekly payroll deductions.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$655 and \$540, respectively. These accounts will be used to offset plan expenses or to reduce future employer contributions. Forfeitures in the amount of \$540 and \$655 were utilized during 2017 and 2016, respectively.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

Due to the decision to terminate the Plan during 2017, management has determined that liquidation of the Plan is imminent and the financial statements for 2017 have been prepared using the liquidation basis of accounting. The 2016 financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the recorded amounts of assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

NOTE 2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All costs of administering the Plan are either paid by the Plan Sponsor and excluded from these financial statements or are paid from Plan assets, as permitted by the Plan document.

Subsequent Events

Subsequent events have been evaluated through June 14, 2019, which is the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED & CERTIFIED BY THE CUSTODIANS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Transamerica and Pacific Life (the custodians of the Plan).

NOTE 4: INVESTMENTS

During the Plan years ended December 31, 2017 and 2016, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

	<u>2017</u>	<u>2016</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: Valued at net asset value (NAV) per share based on quoted market prices of the underlying investments.

TREMCAR USA, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

Group annuity contract: Valued at contract value which approximates fair value. Contract value represents deposits made to the contract, plus earnings of the credited interest rates which are backed by income received from assets held in the general account, less withdrawal fees. See Note 6.

Annuities: Valued at unit value of the subaccount units in each variable investment option through the annuity provider's Separate Account at the close of the New York Stock Exchange on each business day. The calculation of the unit value for the subaccount includes a calculation using the unit value for the subaccount as of the end of the preceding business day multiplied by a net investment factor for that subaccount, where the net investment factor is calculated using net asset value per share held by the subaccount, including any adjustments, such as dividends, capital gains, charges, fees or deductions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2017

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

- (b) This category includes individual flexible premium deferred variable annuities issued by Pacific Life Insurance Company through Separate Account A of Pacific Life. Variable annuities, by their nature, are exposed to market risk and offer no guaranteed rate of return or preservation of principal. The variable investment options, or subaccounts, aim to provide high total return (including income and capital gains) consistent with preservation of capital over the long term. There are no unfunded commitments or redemption restrictions associated with these investments.

NOTE 6: GROUP ANNUITY CONTRACT

In 2015, the Plan entered into a fully benefit-responsive investment contract, the Stable Value Core Option, with Transamerica totaling \$9,507 for 2017 and \$6,852 for 2016. This group annuity contract is backed by the insurance company general account.

Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Stable Value Option offered by Transamerica is not considered a guaranteed investment contract and there is no stated minimum or maximum interest that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a semi-annual basis of resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily withdraw assets from the Stable Value Option without restrictions; however, Transamerica may impose a hold period at the contract level in the event of a full contract discontinuance or a partial contract discontinuance.

The Stable Value Option has a portfolio investment rate design in which all deposits are credited with the same interest rate on a daily basis and with no set maturity. The effective guaranteed credit interest rate is set on a semi-annual basis and is announced at least 45 days in advance. The guaranteed rate of interest shall not change during the six month period for which it is effective. The crediting interest rate for the contract was .70% and .75% as of December 31, 2017 and December 31, 2016, respectively.

	<u>2017</u>	<u>2016</u>
Traditional Investment Contracts	\$ 9,507	\$ 6,852

NOTE 7: RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Transamerica, and annuities held by Pacific Life. Transamerica and Pacific Life are custodians and therefore, these transactions qualify as party-in-interest.

NOTE 8: PLAN TERMINATION

On December 20, 2017, a resolution to terminate the plan, effective as of December 31, 2017, was adopted by the Board. As a result of this resolution, the Company has discontinued its contributions and plans to terminate the Plan subject to the provisions of ERISA. As a result of the termination of the Plan, the participants will become fully vested in their accounts.

NOTE 9: TAX STATUS

The Plan has adopted a prototype standardized profit sharing plan sponsored by The Huntington National Bank. The volume submitter profit sharing plan obtained an opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The volume submitter opinion letter has been relied upon by this Plan because the plan sponsor has not changed any of the approved language of the volume submitter document. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt. As such, no provision for income taxes has been included with the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the Plan's financial statements.

NOTE 10: VARIOUS RISKS AND UNCERTAINTIES

The Plan holds various investments. Investment securities are exposed to various risks such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

As of December 31, 2017 and 2016, the Plan held \$623,831 and \$1,093,148, respectively, of Pacific Life Annuities, which were approximately 54% and 74%, respectively, of total investments. Therefore, net assets available for benefits are particularly sensitive to changes related to these investments.

NOTE 11: DEPARTMENT OF LABOR AUDIT

During 2017, the U.S. Department of Labor (the DOL) notified the Company that the Plan had been selected for audit. The DOL audit included an examination of selected Plan records for the period of January 1, 2015 through December 31, 2015, interviews with the Plan Administrators, and a review of the Company's activities as they affected the Plan. The Company fully cooperated with all requests from the DOL. The Company has resolved this matter and the audit is now closed.

NOTE 12: RESTATEMENT

The 2016 financial statements are presented as restated on {DATE} for deemed loans that were originally recorded as distributions to participants and also to include disclosures related to nonexempt transactions. The restated financial statements properly reflect the deemed loans in the notes receivable from participants balance on the Statement of Net Assets Available for Benefits and is not included in the benefits paid to participants on the Statement of Changes in Net Assets Available For Benefits. The restated financial statements also include certain updated classifications and disclosures related to plan investments.

NOTE 13: NONEXEMPT TRANSACTIONS

During 2014, the Plan Sponsor inadvertently failed to deposit \$9,578 of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL) regulations. During 2015, the Plan Sponsor inadvertently failed to deposit \$27,384 of participant deferrals and \$6,974 of participant loan repayments within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Plan Sponsor intends to reimburse the plan for lost interest. Any excise tax payments will be made from the Plan Sponsor's assets and not from assets of the Plan.
