NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 DESCRIPTION OF PLAN

The following brief description of Aromair Fine Fragrance Company 401(K) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan originally effective January 1, 2003. The Plan had been amended throughout the years to comply with tax legislation and was most recently amended effective May 23, 2017. The Plan covered substantially all employees of Aromair Fine Fragrance Company (the Company or Plan Sponsor). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The KDC USA Retirement Plan Committee was responsible for the oversight of the Plan. The KDC USA Retirement Plan Committee determined the appropriateness of the Plan's investment offerings, monitors investment performance, and reported to the Board of Directors.

Effective November 12, 2018, the Company merged the Plan into an existing plan, KDC USA 401(K) Plan. All eligible employees who were employees of the Company and participated in the Plan immediately prior to the merger and who have met the age and service requirements of the merged-in plan were allowed to enter the KDC USA 401(K) Plan. All Plan assets were transferred into the KDC USA 401(K) Plan on December 20, 2018.

Eligibility

Employees who were over the age of 21 were eligible to participate in the salary reduction arrangement in the Plan. Employees who were over the age of 21 were eligible to participate in the Company match. Employees who were over the age of 21 and had completed 500 hours were eligible to participate in the Company profit sharing contribution. The employee entered the Plan on the first day of every month following the completion of the eligibility requirement.

Contributions

The Plan included a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants were permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions.

The Plan provided both Company matching and discretionary profit sharing contributions. The Company matching contribution for employees hired prior to merger was 100% of the employee deferral contributions less than or equal to 4%. The Company's total matching contribution was \$70,822 for the year ended December 31, 2018. The total employer profit sharing contribution was \$-0- for the year ended December 31, 2018.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Participants also contributed amounts representing distributions from other qualified defined benefit or contribution plans or conduit IRAs.

Participants directed the investment of contributions into various investment options offered by the Plan. Contributions were subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings or losses, and (c) forfeitures of terminated participants' nonvested accounts, if applicable. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions and the Company's matching and discretionary profit sharing contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants borrowed from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Principal and interest was paid ratably through payroll deductions. The notes were secured by the balance in the participant's account and bore interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator.

Payment of Benefits

Upon termination of service, death, disability, or retirement, the participant would have received the value of the vested interest in his or her account in the form of a lump sum distribution, partial distribution, installment or annuity. The Plan allowed for in-service distributions if a participant reached age 59½. If a participant terminated employment and the participant's account balance did not exceed \$5,000, the plan administrator would authorize the benefit payment in lump sum without the participant's consent, unless a rollover election had been made by the participant.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's KDC USA Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by investment advisors and management trust company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net depreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2019, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Mid Atlantic Trust Company, the custodian of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017 and the statement of changes in net assets available for benefits for the year ended December 31, 2018.

As a result of the Plan merger effective November 12, 2018 as described in Note 1, all investments and notes receivable from participant were transferred to another plan on December 20, 2018.

NOTE 4 FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2018 and 2017:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market accounts held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

		2018			
		Level 1	Level 2	Level 3	Total
Mutual Funds		\$ -	\$ -	\$ -	\$ -
Total Investments					
at Fair Value		<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
		2017			
		Level 1	Level 2	Level 3	Total
Mutual Funds		\$ 510,163	\$ -	\$ -	\$ 510,163
Total Investments					
at Fair Value		<u>\$ 510,163</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 510,163</u>

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

AROMAIR FINE FRAGRANCE COMPANY 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 6 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated April 10, 2014 received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is, therefore, not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Mid Atlantic Trust Company. Mid Atlantic Trust Company is the custodian of the Plan and Paychex is the recordkeeper of the Plan, therefore, these transactions and fees earned by them, qualify as party-in-interest transactions. The Plan maintains notes receivable from participants, which are exempt from prohibited transaction rules. The Company also provides certain accounting, recordkeeping and administrative services to the Plan for which it is not compensated.

NOTE 8 PLAN MERGER

Effective November 12, 2018, the Company authorized the merger of the Plan into the KDC USA 401(K) Plan. On December 20, 2018, assets in the amount of \$622,500 were transferred out of the Plan. Effective November 12, 2018, certain eligible employees of the Company became eligible to participate in the KDC USA 401(K) Plan.
