Note 1. Description of Plan

The following description of the NAV Elko-RLIC 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement, as amended, for more complete descriptions of Plan provisions.

General

The Plan, adopted October 1, 2006, and las amended January 2015, is a defined contribution 401(k) plan sponsored by NAV Elko-RLIC (the Company). The Plan includes employees of NAV Elko-RLIC, LLC, NAV ELKO-GCI, LLC, NAV Elko-HDI, LLC, Navengante Group, Inc. and Navegante Retail, Inc. The Plan allows for enrollment upon attainment of six months of eligible service and are at least 18 years of age. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participation in the Plan is voluntary. Participants may elect to contribute up to the maximum allowable under current Internal Revenue Service limits to the Plan each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Each year, participants may contribute from 1% to 50% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions, as rollover contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for the participants. The Company at the discretion of its Board of Directors may elect to make discretionary matching contributions based on a percentage of each participant's deferral contributions to be determined each year by the Company. The Company may also elect to make discretionary profit sharing contributions based on a pro rata allocation of each participant's compensation in relation to the compensation of all participants entitled to profit sharing contributions. These contributions, if any, are vested in accordance with the Plan's vesting schedule. The Company elected not to make any discretionary matching contributions or discretionary profit sharing contributions for the year ended December 31, 2018.

These contributions are subject to annual limitations by the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's discretionary matching contribution, it any, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of Plan, Continued

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Employer matching and profit sharing contributions plus actual earnings vest as follows:

Years of Service	Vested Percentage
Year 1	None
Year 2	20%
Year 3	40%
Year 4	60%
Year 5	80%
Year 6	100%

The Plan requires 1,000 hours of service to constitute a year of vesting service. Regardless of the vesting schedule, a participant becomes 100% vested in the participant's combined account balance when the participant (1) dies, (2) becomes disabled, or (3) qualifies for early retirement. A participant is eligible for early retirement on the later of the participant reaching the age of 55 or completion of 6 years of vesting service.

If a participant terminates prior to being 100% vested, the participant forfeits the balance of his/her combined account that is non-vested at the year-end after he/she received a cash-out distribution or deemed cash-out distribution.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rate 4.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid through monthly payroll deductions.

Payment of Benefits

On termination of service, or upon death, disability, or retirement, a participant with a vested interest of $1,000 or less will receive a lump-sum amount equal to the value of his or her account. A participant with a vested benefit of more than $1,000 may elect to take a lump sum payout or complete a rollover into another qualified retirement account. A terminated participant who is eligible for a rollover distribution and whose balance exceeds $1,000 but does not exceed $5,000 will be paid in a single lump sum payment as an Involuntary Cash Out.

Note 1. Description of Plan, Continued

Forfeitures

Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Any remaining amounts will be used to reduce employer contributions payable under the Plan. No forfeitures were used for the year ended December 31, 2018.

Note 2. Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value (see Note 4). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets, or liabilities.

Level 2: Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date.

Investments are stated at fair value. Shares of mutual funds are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted market price in an active market and is classified within Level 1 of the valuation hierarchy. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Note 2. Summary of Significant Accounting Policies, Continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Plan Expenses

All operating expenses of the Plan are paid by the Company and are therefore excluded from these financial statements. Audit fees were absorbed by the Plan sponsor.

Payment of Benefits

Benefits are recorded when paid.

Plan Termination

Although it has not expressed any intent to do so, and notwithstanding any other provision of the Plan to the contrary, upon the date of either full or partial termination of the Plan, or, if applicable, upon the date of complete discontinuance of profit sharing Plan contributions to the Plan, an affected participant's right to his accrued benefit shall be 100 percent vested.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant’s account and are included in administrative expenses when incurred. As of December 31, 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Date of Management’s Review

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 15, 2019, the date the financial statements were available to be issued.

Note 3. Party in Interest Transactions

Certain Plan investments are mutual funds managed by Ascensus. Ascensus is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the administrative services amounted to $630 for the year ended December 31, 2018.

The Plan employs Hinton Burdick, PLLC as independent auditors in the annual audit of the Plan's financial statements which qualifies Hinton Burdick, PLLC as a party-in-interest. As mentioned in Note 2, plan audit fees are paid by the Plan sponsor.

Note 4. Investments (Unaudited), Continued

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Ascensus, the record keeper of the Plan as agent for Ascensus Trust Company, the Trustee of the Plan as of December 31, 2018, respectively, except for comparing such information certified by the agent on behalf of the trustee to the related information included in the Plan's financial statements and supplementary schedule. The plan administrator has obtained a certification from the agent on behalf of the trustee, as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the agent for the trustee is complete and accurate. Investments representing 5% or more of net assets available for benefits consist of the following as of:

Note 6. Tax Status

The Trust, established under the Plan to hold the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the Trust's net investment income is exempt from income taxes. The Plan is a prototype 401(k), and although Ascensus has obtained an opinion letter from the Internal Revenue Service regarding the prototype, dated January 31, 2006, the Plan has not obtained a determination letter specific to its adoption. However, the Company and Plan Administrator believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Service Code. Therefore, no provision for income taxes has been included in the plan financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various mutual funds. Mutual funds are exposed to various risks such as interest rate, market volatility, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
