NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the FCS Employee Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan was established on January 1, 2012 and restated April 1, 2016. The Plan is a defined contribution plan covering all employees of First Coast Security Services, Inc. (the "Employer"), excluding government contracted employees, who have three months of service and are age eighteen or older, and any affiliate who has adopted the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Participants may elect to make salary deferral contributions to the Plan in an amount up to 75% of their pre-tax compensation with a total amount not to exceed $18,500 and $18,000 in the years ended December 31, 2018 and 2017, respectively. Participants who have attained age 50 before the end of the Plan year are eligible defer an additional amount up to $6,000 in the years ended December 31, 2018 and 2017, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may also contribute amounts on after-tax basis.

Those participants with no salary deferral election hired on or after October 1, 2012 will be deemed to have made an elective deferral election in the amount of 3% of their compensation. The automatic elections will be designated as pre-tax elective deferrals.

The Employer may make a discretionary employer matching contribution equal to the participants' salary deferrals during the plan year. The Employer may also, in its sole discretion, elect to make a profit sharing contribution to the plan, but is under no obligation to do so. There were no employer matching or profit sharing contributions made for the years ended December 31, 2018 and 2017.

Participants Accounts:

Each participant's account is credited with the participant's elective contribution, allocations of the employer's contributions (if any), Plan earnings (losses), distributions, and allocations of administrative expenses. The Plan's earnings (losses) and administrative expense are allocated based on participant account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. (Continued)

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. A participant is 100% vested after six years of service. Vesting in the employer's contributions portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Non-forfeitable Percentage
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 reduced by the excess (if any) of the highest outstanding balance of loans during the year or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at market rates on the date the loans were initiated. Participants may only have three loans outstanding at any one time. Principal and interest is paid through payroll deduction over a period not exceeding five years.

Payment of Benefits:

On termination of services for any reason other then due to death, a participant (or beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount, or if the benefits qualify as eligible rollovers, all or a portion of the benefits may be rolled over to another qualified plan or IRA. Distribution on account of death allows an election to be made by the participants beneficiary to receive the distributions in either a lump-sum amount or in the form of an annuity made over a certain period of time. In-service distributions, as provided by the Plan, may be made upon demonstration of financial hardship or after participants reach the age of 59-1/2 years.

Forfeitures:

Forfeitures of non-vested employer contributions may be used by the Plan as payment of Plan expenses. Any remaining forfeitures will be added to any employer discretionary matching contributions. Plan expenses were reduced by $20 and $305 for December 31, 2018 and 2017.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies

Administrative Expenses:

The Plan pays custodian and asset management fees; legal, accounting and other services may be paid by the Employer or the Plan.

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued by unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits:

Benefits are recorded upon distribution.

Subsequent Events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 23, 2019, the date the financial statements were available to be issued.

Note 3. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with Transamerica Life Insurance Company (Transamerica). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value as of December 31, 2018 and 2017.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2018 and 2017 was $20,297 and $3,145, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, and does not have a minimum or maximum rate. Such interest rates are set on a semi-annual basis.

The Transamerica Stable Value Option investment choices are backed by the general account of TLIC or TFLIC. While TLIC or TFLIC declare rates periodically and back the principal and interest of these investment choices, any guarantees are subject to the claims paying ability of the insurance company. This investment choice is not guaranteed by the FDIC or any other government agency. Although plan participants generally may withdraw assets from the Stable Value Option investment choice without restrictions, TLIC or TFLIC may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Note 4. Fair Value Measurements

The Plan applies generally accepted accounting principles for fair value measurements of financial assets and liabilities. These accounting principles define fair value and establish a hierarchy that prioritizes fair value measurements based on the types of inputs used for the various valuation techniques. The three levels of inputs used to measure fair value are as follows:

Note 4. (Continued)

Level 1 - Values measured using quoted prices in active markets for identical investments.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018, and 2017.

Pooled separate accounts: Valued, as a practical expedient, at the net asset value of units held by the Plan at year end. The net asset value of these accounts is based on the market value of the underlying investments. The net asset value is not a publically-quoted price in an active market.

The following is a summary of the levels within the fair value hierarchy for the Plan's assets and liabilities measured at fair value on a recurring basis as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Assets:				
Investments:				
Investments measured at net asset value*				710,880
Investments at fair value	0	0	0	710,880

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Assets:				
Investments:				
Investments measured at net asset value*				485,297
Investments at fair value	0	0	0	485,297

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Note 5. Fair Value of Investments in Entities that Use NAV Practical Expedient

Investments	Fair Value as of December 31, 2018	2017	Redemption frequency (if currently available)	Redemption notice period
Transamerica Pooled Separate Accounts	710,880	485,297	Daily	Daily

Note 6. Investments

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year, appreciated (depreciated) in value by ($58,103) and $56,460, in 2018 and 2017, respectively.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Tax Status

The Plan is an adoption of a prototype plan sponsored by Coastal Pension Consultants, Inc. The prototype plan received a favorable determination letter dated March 31, 2014 in which the IRS stated that the prototype plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 9. Information Prepared and Certified by Custodian

At December 31, 2018 and 2017, the Plan’s investments were held by Transamerica Life Insurance Company (the "Custodian"). The following is a summary of the Plan’s financial information that is included in the financial statements and supplemental schedules based on information verified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Departments of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 9. (Continued)

	2018	2017

Investments at contract value	20,297	3,145
Investments at fair value	710,880	485,297
Total investments	731,177	488,442
Notes receivable from participants	17,797	4,362
Investment income (loss)	(58,103)	56,460

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Note 11. Party-in-Interest Transactions

Certain investments of the Plan are shares of funds managed by Transamerica Life Insurance Company ("Transamerica"). Transamerica is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid $10,875 and $9,014 in administrative expenses to Transamerica for the years ended December 31, 2018 and 2017, respectively.

Note 12. Reconciliation of Financial Statements to Form 5500
