Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Veritas Management Group 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note 1 – Description of the Plan

The Veritas Management Group 401(k) Plan (the "Plan") was established March 1, 2016. The following is a brief general description of the Plan. Participants and all others should refer to the Plan document for a complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established by Vertias Management Group, LLC (the "Company," "Employer" or "Plan Sponsor") under the provisions of 401(a) of the Internal Revenue Code ("IRC"). The Plan is generally available to all the employees of the Company and Adopting Employers (collectively, the "Employer"). The Plan's Adopting Employers are The Center at Centennial, LLC; The Center at Cordera, LLC; The Center at Lincoln, LLC; The Center at Arrowhead, LLC; The Center at Northridge, LLC; The Center at Lowery, LLC; The Center at Val Vista, LLC; The Center at Foresight, LLC; The Center at Park West, LLC; The Center at Grande, LLC; The Center at Eden Hill, LLC; and The Center at Tucson, LLC. In order to be eligible to participate in the Plan an employee must be age 21 years or older and complete 240 hours of service in the first two month period or 1,000 hours of service in an eligibility computation period thereafter. Employees may enter the Plan the first of the month coincident with or after meeting the Plan's eligibility requirements. The Plan excludes employees acquired in a 410(b)(6)(C) transaction until the transition period is over for all Plan purposes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Plan Amendment and Restatement. The Plan was amended and restated on March 1, 2018, to add The Center at Eden Hill, LLC and The Center at Tucson, LLC as Adopting Employers of the Plan. The Plan was amended and restated on July 1, 2018, to remove The Center at Parkview, LLC as an Adopting Employer of the Plan.

Contributions. The following types of contributions are allowable under the Plan:

- Salary Deferral Contributions – Participants may contribute a percentage of their pre-tax compensation, as defined in the Plan document, subject to limitations. Additionally, participants may contribute a percentage of their after-tax compensation and designate it as a Roth deferral contribution. A participant's total salary deferral contribution cannot exceed $18,500 ($24,500 if age 50 or older) in 2018.

- Employer Matching Contributions – The Employer makes matching contributions each payroll period to eligible participants equal to 100% of salary deferral contributions up to the first 3% of compensation, plus 50% of salary deferral contributions up to the next 2% of compensation.

- Rollover Contributions - Amounts distributed to participants from other qualified employee benefit plans may be rolled into the Plan.

All contributions are allocated to the Plan's investment funds at the direction of the participants.

The total annual additions to a participant's account may not exceed the lesser of $55,000 in calendar year 2018, or 100% of the participant's compensation, as defined.

Note 1 – Description of the Plan (continued)

Participant Accounts. Each participant's account is credited with the participant's contributions (salary deferral and rollovers, if any) and an allocation of (a) the Employer's matching contribution, (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting. Participants are vested immediately in their salary deferral contributions, rollover contributions, and related earnings thereon. Vesting in Employer matching contributions occurs according to the following schedule:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year but less than 2 years	20%
2 years but less than 3 years	40%
3 years but less than 4 years	60%
4 years but less than 5 years	80%
5 or more years	100%

Furthermore, employed participants become 100% vested in their Employer contribution portion of their accounts upon the following events:

- Participant attains normal retirement age; or
- Termination or partial termination of the Plan.

Forfeitures. When certain terminations of participation in the Plan occur, the non-vested portion represents a forfeiture. Forfeitures are used to reinstate participant's accounts, used to pay administrative expenses of the Plan, or used to reduce Employer matching contributions. During 2018, forfeitures of $46,116 were used to pay administrative expenses of the Plan. Unutilized forfeited non-vested accounts at December 31, 2018 and 2017 totaled $24,982 and $13,147, respectively.

Investments. Participants may direct their investments into various registered investment companies and a money market fund.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000. The maximum loan is the lesser of (i) $50,000 minus the highest loan balance in the previous 12-month period, or (ii) 50% of their vested account balance. Loan terms range from 1 month up to a maximum of 5 years (a longer term, up to 30 years, is available if used for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear interest based on the Prime Rate plus 2% at the date the loan is granted. Principal and interest payments are paid ratably through payroll deductions.

Note 1 – Description of the Plan (continued)

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. Participants may also elect to rollover their account balance into another qualified retirement plan or Individual Retirement Account. Additionally, participants may request in-service withdrawals upon attainment of age 59½, and in the event of a financial hardship, as defined in the Plan document, if certain criteria are met.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Administrative expenses paid by the Plan also include fees paid for contract administrator, recordkeeping, consulting, investment advisory, investment management, distribution, and other fees. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Benefit Payments. Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies (continued)

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code (“IRC”) and amounts returned to the Plan Sponsor as a "mistake in fact," as defined by the Plan document, are recorded as a liability and corresponding expense. The Plan distributes the excess contributions to applicable participants and the Plan Sponsor after the Plan’s year end.

Reclassifications. Certain amounts in the 2017 financial statements have been reclassified in order to conform with the current year presentation.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures* , provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2018 and 2017. The following is a description of the valuation methodologies used for assets measured at fair value:

- Registered investment companies ("RICs") and money market funds ("MMFs") are valued at the quoted net asset value (“NAV”) of shares/units held by the Plan at year end.

Note 3 – Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Fair Value Measurements at December 31, 2018			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
RICs	**$ 5,795,706**	**$ -**	**$ -**	**$ 5,795,706**
MMFs	**144,240**	**-**	**-**	**144,240**
Total Assets at Fair Value	**$ 5,939,946**	**$ -**	**$ -**	**$ 5,939,946**

	Fair Value Measurements at December 31, 2017			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
RICs	$ 4,891,794	$ -	$ -	$ 4,891,794
MMFs	119,021	-	-	119,021
Total Assets at Fair Value	$ 5,010,815	$ -	$ -	$ 5,010,815

Changes in Fair Value Levels. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Note 3 – Fair Value Measurements (continued)

The Company evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no significant transfers in or out of levels 1, 2 or 3.

Note 4 – Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments , as shown in the Statement of Net Assets Available for Benefits as of December 31, 2018;
- Notes receivable from participants, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2018;
- Investment amounts within the fair value tables as of December 31, 2018, as shown in Note 3;
- Investment income (loss), as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018; and
- The information presented in the Schedule of Assets (Held at End of Year) as of December 31, 2018, as shown in the supplemental schedules.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 6 – Tax Status

The Plan sponsor has adopted a Professional Capital Services, LLC Volume Submitter Profit Sharing Plan Document ("volume submitter plan"). The volume submitter plan received a favorable opinion letter from the IRS on November 30, 2014, which stated that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the volume submitter plan and the Plan have been amended since receiving the IRS opinion letter, the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan sponsor believes that the Plan is qualified under Section 401(a) of the IRC and the related Trust is tax exempt as of December 31, 2018 and 2017. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6 – Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

The Plan's trustee, AdvisorTrust, Inc.; the Plan's third-party administrator and recordkeeper; the Plan's investment advisor; the Plan's auditors; the Plan's external legal counsel; the Company; and Plan participants are all parties-in-interest to the Plan. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 8 – Nonexempt Prohibited Transactions

During 2016, 2017, and 2018, the Company had nonexempt prohibited transaction related to participant contributions and loan repayments not remitted to the trust in a timely manner as listed in the aggregate on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The principal amount of the late contributions and loan repayments have been remitted to the Plan's trust. Approximately $826,000 of the late contributions were correced in June 2019 when the Plan Sponsor remitted lost earnings into the Plan's trust. The Plan Sponsor intends to correct the remaining late contributions of approximately $5,000 by remitting lost earnings into the Plan's trust as soon as administratively feasible.

Note 9 – Risks and Uncertainties

The Plan currently provides for various investment options in registered investment companies and a money market fund. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits.

Note 9 – Risks and Uncertainties (continued)

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 10 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2019, which is the date the financial statements were available to be issued.

Effective May 1, 2019, the Plan document was amended and restated to add The Center at Waterfront and The Center at Centerplace as Adopting Employers of the Plan.

In August 2019, the Plan document's definition of compensation was retroactively amended to include bonus compensation effective March 1, 2016.
