FINANCIAL STATEMENTS AND SUPPLEMENTAL SCHEDULES

DECEMBER 31, 2018 and 2017

(With Independent Auditor's Report)

CERTIFIED PUBLIC ACCOUNTANTS

October 15, 2019

To the Trustee and Plan Administrator of Ro Health 401(k) Plan

Independent Auditor's Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ro Health 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Ascensus Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's assets and executes transactions. The plan administrator has obtained certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule of Assets (Held at End of Year) as of December 31, 2018, and Schedule of Delinquent Participant Contributions for the year ended December 31, 2018, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RO HEALTH 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Ro Health 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Ro Health 401(k) Plan (the Plan) was created effective January 1, 2015. The Plan is a contributory, defined contribution plan covering eligible employees of Ro Health, Inc. (the Company or Plan sponsor). Employees are eligible to participate in the Plan upon reaching at least 21 years of age. In addition, employees must have completed at least one year of service in order to be eligible for participation in matching (safe harbor or discretionary) and profit sharing contributions. Eligible participants may enter the Plan on the first day of the calendar month following completion of the eligibility criteria.

(b) Contributions

Participants may contribute to their deferred contribution account on a pre-tax basis up to the statutory limits prescribed by the Internal Revenue Code, including catch-up contributions for those participants who have reached age 50. The Company will make a safe harbor matching contribution on deferrals, including catch-up deferrals, of 100% of deferrals that are less than or equal to 3% and 50% of deferrals that are greater than 3%, but less than or equal to 5%. The Company may also make discretionary qualified matching or profit sharing contributions to eligible employees. The employee deferrals are funded with each pay period. The safe-harbor match and profit sharing contribution, if any, are funded annually.

(c) Participants' Accounts

Each participant's account is credited with the participant's contribution, employer contributions, and an allocation of earnings of the Plan. Allocations of Plan earnings are based on participants' account balances, as defined by the Plan. Allocations of the profit-sharing contributions, if any, are based upon eligible participants' compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participants' account.

Each participant directs the investment of their account by selecting from alternative investment funds offered by the trustee.

Note 1 - continued

(d) Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions, plus earnings thereon. Participants are vested in the discretionary profit sharing contributions at a rate of 10% after one year of service with full vesting after six years of service. All employer contributions vest upon death, attainment of normal retirement age (65), or total and permanent disability.

(e) Payment of Plan Benefits and Other Distributions

Participants are eligible for distributions upon termination of service, retirement, death or disability. Upon termination, if the participant's account balance is less than \$5,000, the amount will be distributed from the Plan, either in cash, or by rollover to an IRA or another employer qualified plan. Account balances in excess of \$5,000 may stay in the Plan until the participant requests a distribution, or becomes subject to minimum distributions at age 70-1/2.

Upon attainment of age 59-1/2 or normal retirement age (age 65), a participant may receive an inservice distribution of vested balances.

Active employees may also request loans from the Plan. Loans are limited to \$50,000 or 50% of the vested account balance in the Plan. Payments on the loans are made with each pay period, and upon termination of employment, the loan becomes payable in full.

(f) Plan Expenses

Participants are assessed direct fees for processing specific transactions. Otherwise, the Company bears the cost of administering the Plan to the extent such expenses are not offset by revenue sharing arrangements.

(g) Forfeitures

The non-vested portion of a terminated participant's account balance, if any, will be forfeited and generally used to reduce the employer's contribution. At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$0 and \$58, respectively. During 2018, the employer match was reduced by \$58 of forfeitures applied.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Note 2 - continued

(b) Investments

The Plan's assets consist primarily of mutual funds, and are stated at fair value as determined by quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The change in market value and realized gains and losses during the year are recognized as net appreciation (depreciation) in fair value of investments in the accompanying statement of changes in net assets available for plan benefits. Purchases and sales of securities are reflected on a trade date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date basis.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Interest is based on the prime rate in effect at the date of the loan's inception plus 1%. Principal and interest are paid with each pay period. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(c) Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from these estimates.

NOTE 3 - INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Plan administrator has obtained certification from Ascensus Trust Company that the following information is complete and accurate.

- 1. Amounts included as investments in the statement of net assets available for benefits at December 31, 2018 and 2017, in Note 4, and on the supplemental schedule of Assets (Held at End of Year).
- 2. Note receivable from participant at December 31, 2018;
- 3. Investment income included in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

NOTE 4 - INVESTMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability; and

Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified within level 1 of the valuation hierarchy. There has been no change in valuation methodologies used for fair value in 2017 and 2018.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - TAX STATUS

Effective January 1, 2015, the Plan trustees adopted a prototype plan. It is the intent of the prototype plan to be exempt from federal income taxes. A determination letter, dated March 31, 2014, from the Internal Revenue Service has been obtained by the prototype plan sponsor, that states that the form of the prototype plan is acceptable under section 401 of the Internal Revenue Code. The Plan Administrator and Trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirement of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has concluded that, as of December 31, 2018, the Plan has not taken any uncertain positions that would require recognition or disclosure. The Plan is subject to routine audits by taxing jurisdiction, generally for three years after filing; however, there are currently no audits in progress, and management believes that years prior to 2015 are no longer open for audit.

NOTE 6 - PLAN TERMINATION

Although it has not expressed an intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE 8 - LATE REMITTANCES TO PLAN

In 2018 and 2017, certain employee deferrals withheld were determined to be late in being remitted to the Plan. The Company is reporting these late remittances to the DOL, and will restore lost earnings.

NOTE 9 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 15, 2019, the date on which the financial statements were available for issue.
