Solenis LLC Employee Savings Plan

Notes to Financial Statements

1. **Description of the Plan** The following description of the Solenis LLC Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Solenis LLC (the "Company"), except for employees covered by a collective bargaining agreement, leased employees and any employee designated by the Company as not included in a designated eligible payroll classification. Employees may enter the Plan on the first day in which the employee becomes a member subsequent to satisfying the eligibility requirements. The Plan was amended on August 18, 2017. No significant Plan provisions were affected by the amendment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was established following a corporate transaction where the Company agreed to purchase Ashland Inc.'s water technologies division effective as of July 31, 2014. The effective date of the Plan is August 1, 2014. Any employees that were employed by Ashland Inc. became eligible participants as of the effective date of the Plan ("Ashland Employee"). These participants were allowed to roll funds from the Ashland Savings Plan, including any outstanding loan balance, to the Plan.

Solenis LLC Employee Savings Plan

Notes to Financial Statements

Contributions: Each year, participants may contribute from one percent up to 65 percent of pretax annual compensation, as defined in the Plan. Participants may contribute more than 65 percent of pretax annual compensation to contribute catch-up contributions. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provides for automatic enrollment. Any newly eligible, non Ashland Employee, who has not affirmatively elected to contribute to the Plan or has not affirmatively declined to participate in the Plan, will be automatically enrolled in the Plan with a four percent withholding of pretax annual compensation. The Company contributes a safe harbor matching contribution of 100 percent of the first four percent of eligible compensation that a participant contributes to the Plan. The Company also contributes basic retirement contributions based on a participant's division, compensation, years of service, and age, as outlined in the Plan document. The divisions are as follows: Heritage Ashland Members; Heritage Hercules Members; and Non-Heritage Ashland Members. The Plan also allows for discretionary performance retirement contributions as determined by the Company. The Company did not contribute a performance retirement contribution for the year ended December 31, 2017. Operational defects were discovered that required corrective contributions for the 2014 Plan period from inception and Plan years 2015, 2016 and 2017. These amounts are reflected on the financial statements as other employer contributions. During 2017 and 2018, the Company remitted approximately \$261,000 and \$525,000, respectively, plus lost earnings related to these corrections. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions, the Company's basic retirement contributions, the Company's discretionary performance retirement contributions, if any, and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits: Benefits are payable upon retirement at age 65, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum and installment payments.

Solenis LLC Employee Savings Plan

Notes to Financial Statements

Vesting: Participants are vested immediately in all contributions plus actual earnings thereon.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their account balance not to exceed the participants account balance held outside any self-directed brokerage accounts. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at prime interest rate plus one percent. Principal and interest are paid through payroll deductions.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company. The Plan pays recordkeeping, audit and investment advisory fees, from the Plan expense account (See Note 9). Transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account and are included in administrative expenses.

2. Significant accounting policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Solenis LLC Employee Savings Plan

Notes to Financial Statements

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions.

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through May 1, 2019, which is the date the financial statements were available to be issued.

4. Fair value measurements

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

The fair value of the shares of mutual funds owned by the Plan is based on quoted net asset values on the last business day of the Plan year.

The fair value of equity securities in the self-directed brokerage accounts are based on quoted market prices.

Notes to Financial Statements

The fair value of common collective trust funds is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the trust funds. The NAV of the common collective trust is used as a practical expedient to estimate fair value and is determined by Fidelity Management Trust Company based on the fair value of underlying assets in the trust, less its liabilities.

The money market fund is reported at cost, which approximates fair value.

The fair value of assets is as follows:

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 91,670,663	\$ -	\$ -	\$ 91,670,663

Self-directed brokerage accounts	2,158,404	-	-	2,158,404

Self-directed brokerage accounts	2,112,975	-	-	2,112,975

Investments measured at net asset value ^(a)				59,308,263
Total assets at fair value				\$ 134,887,037

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2017 and 2016 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments in all common collective trust funds can be redeemed immediately at the current net asset value based on the fair value of the underlying assets. There are no withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2017 and 2016.

5. **Guaranteed investment contract**

The Plan participates in a benefit responsive investment contract with Prudential Retirement Insurance and Annuity Company ("Prudential") via an investment in a Guaranteed Investment Contract ("GIC"). Prudential commingles the assets of the GIC with other assets in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Prudential is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value.

Solenis LLC Employee Savings Plan

Notes to Financial Statements

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract has no maturity date and there is no market value adjustment upon discontinuance. There are no events that would limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe termination of the contract is probable.

- 6. Risks and uncertainties**

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.
- 7. Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
- 8. Tax status**

Prior to July 6, 2017, the Plan had not yet obtained a determination letter; however, the Plan administrator believed that the Plan was designed, and was operated, in compliance with the applicable requirements of the Internal Revenue Code ("IRC") and, therefore, believed that the Plan was qualified, and the related trust was tax-exempt. Effective July 6, 2017, the Internal Revenue Service ("IRS") has determined and informed the Plan administrator by letter dated July 6, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party-in-interest transactions

Certain Plan investments are managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and recordkeeper as defined by the Plan. Other fees paid to the Plan's investment advisor, auditor and recordkeeper amounted to \$122,139 for the year ended December 31, 2017. These transactions qualify as exempt party-in-interest transactions.

The Plan is party to a plan expense agreement with Fidelity Management Trust Company, the recordkeeper, that provides for a "Revenue Credit Program" for the Plan effective January 1, 2015. Under the agreement, any eligible revenue earned by Fidelity Management Trust Company on the investments in the Plan is deposited into the Revenue Credit Program Account. The amounts in the Revenue Credit Program Account can be used to pay administrative expenses of the Plan or allocated to participant accounts. In 2017, \$149,336 of other income was earned by the Plan related to this agreement. Approximately \$49,100 and \$29,200 related to this agreement is reflected as other receivables at December 31, 2017 and 2016, respectively. During 2017, the Plan paid \$146,421 of expenses from the Revenue Credit Program Account. Approximately \$5,000 and \$21,000 of expense have been accrued at December 31, 2017 and 2016, respectively, related to these expenses. No amounts were allocated to participant accounts. The balances in the Revenue Credit Program Account at December 31, 2017 and 2016 are \$158,547 and \$172,891, respectively. These amounts are reported with investments on the Statements of Net Assets Available for Benefits at December 31, 2017 and 2016 as the funds are invested in the Plan's default investment fund. These funds are eligible to pay Plan expenses or to be reallocated to participant accounts. These transactions qualify as exempt party-in-interest transactions.

During 2016, the Company paid investment advisor expenses on behalf of the Plan that were intended to be paid from the Revenue Credit Program Account. It was intended for the Plan to reimburse the Company a total of \$42,500, which was accrued as due to Plan sponsor at December 31, 2016. The Plan sponsor has not been reimbursed as of December 31, 2017. Due to the length of time that has passed, the Plan management has decided to retain these funds in the Plan and not reimburse the Plan sponsor. As a result, the due to Plan sponsor was reversed during the Plan year ended December 31, 2017. These transactions qualify as exempt party-in-interest transactions.

Solenis LLC Employee Savings Plan

Notes to Financial Statements

The Company failed to remit to the trustee certain employee contributions and loan repayments during 2017, 2016 and 2015, totaling \$1,425,351, \$6,777,408, and \$404,544, respectively, within the period prescribed by Department of Labor regulations. During 2018, the Company deposited lost earnings required, if any, to correct the delinquent remittances for Plan years 2015 and 2016. Additionally, in 2018, the Company filed under the Department of Labor's Voluntary Fiduciary Correction Program in order to fully correct the 2015 and 2016 late remittances. The Company is currently in the process of determining the lost earnings to correct the 2017 late remittances. These delinquent remittances are considered nonexempt party-in-interest transactions.
