Communication with Those Charged with Governance

October 11, 2016

To Those Charged with Governance of
Next Day Blinds 401(k) Plan

We have completed a Department of Labor (“DOL”) limited-scope audit of the financial statements of Next Day Blinds 401(k) Plan (the “Plan”) as of and for the year ended December 31, 2015 and have issued our report thereon dated October 11, 2016. As permitted by regulation 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

Professional standards require that we provide you with information about our responsibilities in accordance with auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated May 4, 2016.

Professional standards also require that we communicate to you the following information related to our audit:

Qualitative Aspects of Accounting Practices

Plan management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. The Plan adopted the following accounting policies during the year ended December 31, 2015.

In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent). The ASU removes certain disclosures and the requirement to categorize within the fair value hierarchy investments for which fair value is measured using the net asset value (“NAV”) per share practical expedient provided by ASC 820, Fair Value Measurement. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The ASU should be applied retrospectively to all periods presented. Management has elected to adopt this guidance for the year ended December 31, 2015.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I and III are not applicable to

the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies disclosures of the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks for disclosure purposes. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively to all periods presented. Management has elected to adopt Part II for the year ended December 31, 2015.

The statement of net assets available for benefits as of December 31, 2014 has been adjusted to reflect retrospective application of the new accounting guidance. There was no effect to total net assets available for benefits as previously reported.

No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from management's current judgments. Certain financial disclosures are particularly sensitive because of their significance to financial statement users. There were no particularly sensitive accounting estimates or financial disclosures to report.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter which is included in Appendix A.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of the audit.

Management Consultation with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditors’ opinion that may be expressed on those financial statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors. These discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Documentation for Waiver of Participation

During our testing, there were certain employees for which we were unable to determine if they had voluntarily elected not to participate in the Plan. As a result, we were unable to determine if they were properly excluded from participation in the Plan. We recommend that Plan management establish procedures such that upon initial eligibility for participation, those employees that elect not to enroll in the Plan complete a negative enrollment form. This would assist in protecting the Plan from accusations that eligible employees were not given the chance to participate and any financial consequences that may result from such accusations.

Remittance of 401(k) Withholding

The Department of Labor requires 401(k) withholding to be remitted to the Plan as soon as it can reasonable segregated and deposited. The DOL issued regulation that define the maximum number of days (7 business days) for small plan to deposit 401(k) withholding but has not issued a bright-line standard for large plans. The presumption is large plans should be able to deposit withholding a shorter period than the standard for small plans. The Company’s 401(k) deposits ranged from 2 to 12 days following the payroll date during 2015, although most were 4 to 6 days. We recommend that the Company review its procedures for deposit of 401(k) withholding to improve timeliness of remittance throughout the year.

Missing Personnel Files

We noted during the audit of Next Day Blinds 401(k) Plan that proof for financial hardship for the hardship distribution could not be located. We recommend the Company enhance its existing processes to maintain and retain employee personnel files for each employee. The files should be retained in a secure location and filed centrally, if necessary. Additionally, we suggest that throughout the year management conduct audits of employee personnel files to ensure they can be located and are filed in the proper location.

This information is intended solely for the use of Those Charged with Governance and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Dixon Hughes Goodman LLP

Communication of Internal Control-Related Matters

October 11, 2016

To Those Charged With Governance of
Next Day Blinds 401(k) Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Next Day Blinds 401(k) Plan (the "Plan") as of and for the year ended December 31, 2015, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a Department of Labor ("DOL") limited-scope audit of those financial statements as permitted by regulation 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore material weaknesses or significant deficiencies may exist that were not identified.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

Significant Deficiencies

Delinquent Contributions

Department of Labor (DOL) regulations state that amounts withheld be remitted to the Plan "as soon as can segregated" from Company assets. During 2015 audit, we noted that for one payroll cycle, the corresponding remittances did not meet this guideline.

Untimely remittance of participant contributions constitutes a prohibited transaction regardless of materiality and should be report on Schedule H line 4a of Form 5500 and on the supplemental schedule of delinquent contributions included in the audited financial statements. Furthermore, the employer is required to make up the lost earnings to the Plan and pay an excise tax on the amount of the lost earnings filing a Form 5330.

We recommend that 401(k) deferrals be deposited immediately after each payroll to segregate the withholdings as soon as possible. Internal control procedures should also be developed to ensure that the deposit is made according to DOL regulations. Plan management should work with their third party administrator to take the necessary corrective action.

**Loan Payments**

During the audit, we noted that repayments on one participant's loan were stopped prior to the loan being paid off resulting in the loan being past due. This could result in a deemed distribution for the participant in which the participant would have a taxable distribution. To prevent this from happening, we recommend that loan balances were checked with Principal prior to stopping payments on any participant loans.

Employer Matching Contributions on Catch-Up Contributions

During our testing, we noted that no employer matching contributions were made on participant's catch-up contribution. Per the Plan document, all elective contributions shall be matched, which include catch-up contributions.

We recommend that the Company consult with the Plan's service providers and if considered necessary, ERISA counsel to determine corrective actions and to put in place procedures to ensure that matching contributions are properly calculated going forward.

This information is intended solely for the use of Those Charged with Governance and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Dixon Hughes Goodman LLP

As permitted by Regulation 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), we have instructed you not to perform any auditing procedures with respect to information prepared and certified to by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedules as a whole. We understand that the form and content of the information in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.
